The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:-

I am enclosing an application received from Miss Mary B. Connors for the Kingsclear Indian Day School.

This girl has had 4 years experience and the Trustees at Newmarket speak very highly of her.

Reverend Father Harris recommends Miss Connors, and said that Inspector Anderson considers her an excellent teacher.

This is the only application that has been received to date and as teachers are very scarce and in great demand, I am forwarding this application for your early consideration.

Your obedient Servant,

Edward J. Whalen

Memorandum:

DEPUTY MINISTER

Re: Kingsclear Indian Day School,
New Brunswick West Indian Agency,
Electoral District of York-Sunbury.

I desire to refer you to my memorandum of November 13, 1941, and Mr. Pratt's reply of December 1, 1941, approving the temporary appointment of Mrs. Lloyd Edwards as teacher of the above school for the balance of the academic year which ends on June 30, 1942.

We have a letter from Indian Agent Whalen recommending the appointment of Miss Mary B. Connors of Harvey Station, N.B., for the academic year 1942-43. Miss Connors has had four years' experience and the local School Inspector reports very favourably on her work. Rev. Father Harris, the local Parish Priest, also recommends her appointment.

Present prospects are that teachers will be difficult to secure for the coming academic year and I should appreciate it if you would advise me as soon as possible if Miss Connors' appointment can be approved.

GENERAL INSTRUCTIONS AS TO THE USE OF FORM N.D.T. 1

To be accorded married, householder, widow or widower status, or to be allowed any tax credit in respect of dependents, an employee must complete and file Form N.D.T.1 in duplicate with his employer.

Subsequent to receiving such forms from an employee, the employer is to forward one copy thereof to the Inspector of Income Tax for his district at the time of making his first remittance for National Defence Tax. The other copy of Form N.D.T.1 is to be retained on file by the employer where it will be available at any time for inspection by officers of this Division.

In cases where Form N.D.T.1 is not completed and filed, the employee is to be regarded for tax purposes as a single person without dependents and will accordingly be apparent that it is unnecessary for single persons without dependents to complete and file Form N.D.T.1.

Where an employee claiming married, householder, widow or widower status or a tax credit in respect of dependents, is engaged by an employer during the year it will be necessary for such employee to complete and file Form N.D.T.1 in duplicate with each employer.

Moreover, if during the year any change occurs in the status of an employee, the employee must complete and file with his employer one copy of Form N.D.T.1 in duplicate.

Local banks, post offices, etc., are not to be used for the purpose of filing Form N.D.T.1.

SECTION 91 OF THE INCOME WAR TAX ACT

(Being Section 26, 4 G
Amended by Se

Ch. 34, 1940 (Second Session) as
Chap. 18, 1941.)

NOTE—Section 91, as
Parliament to have come in
applicable to all payments
the rate of National Defe
taxpayer for the calendar y
and 5% wherever 7% is ment

To Whom

"91. (1) In addition to any other tax imposed by this Act, there shall be levied and paid upon the income of every person described in paragraphs (a) to (e), both inclusive, of subsection one of section nine of this Act a tax to be known as the National Defence Tax at the rate:

Tax Rates

- in the case of a married person whose spouse is resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$1,200 per year; and in the case of a husband and wife having each a separate income, of five per centum if the income of each is in excess of \$660 per year;
- in the case of a single person, or a married person whose spouse is not resident in Canada, or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$660 per year and does not exceed \$1,200 per year; or of seven per centum if the income exceeds \$1,200 per year;
- in the case of a widow or widower with a son or daughter resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, and under twenty-one years of age who is wholly dependent upon such parent for support, or with a son or daughter similarly resident and twenty-one years of age or over likewise so dependent on account of mental or physical infirmity, of five per centum if the income exceeds \$1,200 per year;
- in the case of an individual who maintains a self-contained domestic establishment and who actually supports therein a person wholly dependent upon him and connected with him by blood relationship, marriage or adoption, of five per centum if the income exceeds \$1,200 per year;
- in the case of a minister or clergyman in charge of a diocese, congregation or parish, whose duties require him to maintain, at his own and sole expense, a self-contained domestic establishment, and who employs therein on full time a housekeeper or servant, of five per centum if the income exceeds \$1,200 per year;
- in the case of income taxable as provided by subsections two and four of section eleven of this Act, of seven per centum;

Proviso

vided that there shall be allowed a tax credit of four dollars for the 1940, fourteen dollars for the year 1941 and twenty dollars for the year 1942 and each year thereafter for each of the following persons resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada and wholly dependent upon the taxpayer:

- a child, grandchild, brother or sister of the taxpayer under twenty-one years of age, or if twenty-one years of age or over wholly dependent on account of mental or physical infirmity;
- a parent or grandparent of a taxpayer wholly dependent on account of mental or physical infirmity;
- a child maintained by the taxpayer in Canada under a co-operative scheme sponsored by the Governments of the United Kingdom and of Canada or any of the provinces of Canada for children brought from the United Kingdom under a Government plan,

except one such dependent on whose account the taxpayer is entitled to have the tax calculated as provided in paragraphs (c) or (d) of this subsection.

Tax Not to Reduce Basic Income

(2) If the tax exigible under the provisions of this section shall cause the income of a single person or a husband or wife to be reduced below the amount of \$660, or in the case of those persons referred to in paragraphs (a), (c), (d) and (e) of subsection one of this section (except a husband or wife where each have an income in excess of \$660) below \$1,200, then to the extent that it would so reduce the income of the taxpayer such tax shall not be payable.

Extra Tax

(3) Taxes imposed by this section, which have not been deducted at the source, shall be increased by the following amounts, which shall be imposed and collected with the tax:

If the tax is \$25.00 but not more than \$100.00, by \$1.00.

If the tax is more than \$100.00, by three per centum of the tax payable.

Persons Not Liable

Income of the following persons shall not be liable to tax under this

- incorporated companies;
- persons and institutions mentioned in paragraphs (a) to (i), both inclusive, and in paragraphs (p) and (q) of section four of this Act;
- municipalities or municipal or public bodies which in the opinion of the Minister perform a function of Government;
- the service pay and allowances of:—
 - warrant officers, non-commissioned officers and men of the Canadian Naval, Military and Air Forces while in the Canadian active service forces, and
 - commissioned officers of the said forces while on active service beyond Canada, or on active service in Canada whose duties are of such a character as are required normally to be performed afloat or in aircraft.

Deduction by Employer

Every employer at the time of payment of earnings to an employee shall deduct and collect the tax imposed on the employee under this section out of the earnings of the employee paid on or after the first day of the month next following that in which the earnings were due, pay to the Receiver General of Canada the full amount of the taxes so deducted, the first remittance to be made on the sixteenth day of September, 1940.

Remittance by Employer

(6) Every employer shall, on or before the fifteenth day of the month next following that in which the earnings were due, pay to the Receiver General of Canada the full amount of the taxes so deducted, the first remittance to be made on the sixteenth day of September, 1940.

Deduction From Interest and Dividends

(7) Any person paying interest on bonds, debentures or other like obligations or dividends in respect of shares of stock, irrespective of the amount, to persons registered as the holders of bonds, debentures or like obligations or shares shall deduct and collect an amount of five per centum from each and every such payment made to residents of Canada on or after the first day of July, one thousand nine hundred and forty-one.

Remittance by Corporation

(8) Each incorporated company referred to in subsection seven hereof shall remit the amounts collected to the Receiver General of Canada, on or before the fifteenth day of the month immediately following the date of payment of the interest or dividends, the first remittance to be made on the sixteenth day of September, 1940.

Returns

(9) Every person required to make deductions under this section shall make a return at such time and in such form as the Minister may prescribe showing all deductions made.

Persons Deemed Trustees

(10) Every person deducting any amount under this Act shall be deemed to hold the same in trust for the Receiver General of Canada.

Legal Immunity

(11) No one shall have any right of action against an employer or incorporated company in respect of any moneys deducted as a tax and paid over to the Receiver General of Canada in compliance with or intended compliance with this section.

Forms and Returns Required

(12) Every employee who comes within one of the classes described in paragraphs (a), (c) and (d) of subsection one of this section shall be required to complete such form as the Minister may prescribe as to personal status and dependents and shall file the form with his employer;

Provided that a like form shall be so filed in each case where the facts as given in the form last filed are changed by altered status or by a change in the number of dependents.

Tax Not Fully Paid by Deduction

(13) Every person liable to taxation under this section whose tax hereunder has not been fully paid by deduction at the source, shall, on or before the thirty-first day of March in each year, without any notice or demand, deliver to the Minister a return, in such form as the Minister may prescribe, of his total income during the last preceding year and shall pay any tax due at such times and in such manner as in this Act provided.

Offences and Penalties

(14) Every person failing to deduct or remit or to deduct and remit the tax due pursuant to the provisions of this section at the time prescribed therefor shall be liable to a penalty equal to the amount of tax which should have been deducted and remitted, but the penalty shall not exceed five hundred dollars.

Failure to File Form

(15) Every employee failing to file the prescribed form with his employer pursuant to the provisions of subsection twelve hereof shall have the tax deducted at the source at the rates applicable to an unmarried person, and without regard to the tax credits to which he would otherwise have been entitled in respect of persons dependent upon him for support.

"Employee"

(16) "Employee" shall for the purposes of this section include any person who receives as income any salary, wage, remuneration, compensation, hire, emolument, stipend, perquisite, or any similar payment or any indemnity, pension or director's fee, howsoever paid for any services, functions or duties rendered or performed in Canada.

"Employer"

(17) "Employer" shall for the purposes of this section include any person who makes any payment of the descriptions referred to in subsection sixteen of this section.

Records to be Kept

(18) Every person required to deduct the tax hereby imposed from any payment made by him, shall keep an accurate record of all persons to whom any such payments are made, showing their names, residential addresses, the dates and the amounts of such payments and such other information as the Minister may require.

Refunds

(19) The Minister may make a refund to the taxpayer of any amount collected under this section which was not exigible or which the Minister is reasonably satisfied was not exigible under this section, provided the taxpayer applies in writing for such refund within twelve months from the close of the calendar year in which the amount was collected.

Deductions

(20) Income (except salary or other fixed payments referred to in subsection sixteen hereof) shall for the purposes of this section be subject to the deductions provided by paragraphs (a), (b), (f), (g), (h) and (i) of subsection one of section five and to the provisions of section six of this Act.

Exemptions

(21) Save as provided in subsection twenty of this section, income shall be taxed under this section without exemptions, deductions, allowances or credits, and without deductions of contributions by civil servants referred to in section thirteen of the *Civil Service Superannuation Act*, chapter twenty-four of the Revised Statutes of Canada.

On checking the March quarter return of the Kingsclear Indian Day School, it is noted that only four pupils were registered during that quarter. The same condition applied to the December quarter, but we were under the impression at that time that possibly owing to sickness and bad weather the attendance had been reduced. However, as there are still only four children registered at the school, it would appear that these are the only pupils available. In view of the great shortage of teachers at the present time, the Department does not feel that we are justified in operating a school for four pupils. However, it is not our intention to close the school immediately, but, unless you can give definite assurance that there will be a much larger attendance for the coming academic year, the Department will have no alternative than to close the school at the end of June. Please let me know why the attendance at this school has become so low and also what are the prospects of an increased attendance.

Indian Affairs Branch, Dep't. of Mines & Resources, Ottawa.

I wish to refer to your letter of April 22, 1944 regarding the small number of pupils at the Kingsclear Indian Day School.

Since Ernest Polchies was sent to the School for the Blind at Halifax, there has been only four pupils.

The number of children in this reserve has been lessened some by Indian families moving away when the father obtained a good job at some kind of war work. This condition will last as long as the war lasts.

There is however a new side to this problem now. Henry Solomon, an Indian from Kingsclear reserve, who has been employed in Maine for some time, disappeared Christmas eve last year. Last week his body was found in the river near Presque Isle, Maine.

This man left five children and two of these have been given a home by relatives in Kingsclear Indian Reserve. Henry Barney Solomon, Age 12 taken by Benjamin Tomah. Reginald Solomon, Age 13, taken by Gabriel Solomon.

I did not know that these boys were coming to Kingsclear to live until after they arrived, but the relations had talked of taking the children when they heard of Mr Solomon's disappearance, if he did not show up. His wife, who turned out to be a bad woman, left the family some time before his disappearance. The Indians say she is now serving a term in a house of correction at Skowhegan, Maine.

This increases the number of children at school by two, or fifty per cent. Mrs Frank Sappier another woman of the Kingsclear reserve has been talking of adopting a child. If she does and it is of school age this will increase the number to seven pupils.

When the Indians were aware of the fact that the school might be closed on account of the small number of pupils, they began to ask for children to adopt. I did not know if this would meet with your approval or not, and so I did not say much about it.

Of course the ones who adopted the Solomon children had said when he was reported missing that if Mr Solomon did not return to the family they were going to adopt some of the children, therefore their action had nothing to do with the school problem.

The Indians of the Kingsclear reserve do not look kindly on the idea of closing their school and feel that they are being discriminated against as they say the war conditions have caused their men to go away and the children as well.

There are, as stated above, two more pupils to go to school now and if the school would be kept open by one more pupil being adopted by a family and kept at school I feel that we would have no trouble in placing one in a good home with Mr and Mrs Sappier, who have no children of their own.

Your further comments please.

Four schools, one on each reserve, are being conducted for the education of the children. Two of these schools, the Woodstock and the Saint Mary's are looked after by two teachers, each, Sisters of Charity, and in addition to the regular work sewing, knitting, repairing of old clothing, cooking and weaving are being taught. Mr. Edward J. Whalen, Indian Agent,
Fredericton, N. B.

I have reviewed recently the returns from the Indian day schools in New Brunswick. I find that there were no children in attendance at the Kingsclear School during the month of September. Of course, I realize that this was due to the fact that the families were absent in Maine.

In the June quarter there were only six pupils enrolled and I understood from the report recently submitted by one of our officials, when he visited the school in October, that there were only four children present.

FM
Am I to understand that this is the total number of children of school age available on this reserve, or is there any prospect of additional children attending the school? Please let me have a complete report regarding the situation at Kingsclear.

At the present time, the total number of children of school age is only four.

Gregory Francis, an Indian of this reserve is in the Canadian Armed Forces, overseas, but is expected home at any time. His wife is a girl from the Woodstock Indian Reserve and during his absence, she moved to Woodstock with her people. There are at the present time six children in attendance at this school.

There are three others, who have passed their fifth birthday and although they are too young to start at the beginning of the school year, they will be in attendance during the second term.

The matter of closing the school came up about a year ago and at that time the Indians of the Kingsclear Reserve, felt they were being deprived of a great deal, which other reserves had.

I would recommend, if at all possible, that this school be kept open, as I expect an increase in the number of pupils yearly.

Re: Teachers Salaries.

I have for acknowledgement your letter of December 16, regarding application for employment of Indian Day School Teachers, to be filled in, regarding the teachers of the Woodstock, St. Mary's and Oromocto Indian Schools.

These forms were forwarded to the teachers to be filled in, but several had to be returned for completion and one apparently was mislaid, as it just reached our office yesterday.

The Sisters of the St. Mary's Indian School are receiving much less for their services per month, than the other teachers, and as they are doing splendid work, I would recommend that their salaries be made equal to the others, even after a raise is given.

Mr. Edward J. Whalen, Indian Agent,

We are in receipt of a report from School Inspector Titus with reference to his inspection of Kingsclear School on February 17th. He states that there are seven children enrolled but only two of them were present on the day of the inspection. He further advises that there are five pupils in Grade I and of these, four are only five years of age.

The Inspector feels that these children are too young to attend school and he expressed the opinion that the teacher is very handicapped by the fact that they do not understand English.

From the information contained in your letter of June 17th, 1946, the Department was hopeful that the attendance would increase. However, it appears to be decreasing. Certainly, neither the enrolment or the attendance is such as to justify the continued operation of this school.

As you were informed in official letter of June 21st, 1946, we are prepared to allow the school to remain open for the current academic year but as things stand at the present time, there appears to be very little hope of reopening it next year. Is there any white school in the immediate neighbourhood of the Kingsclear Reserve that the Indian children of school age could attend?

Kingsclear Indian School.

With the proposed enlargement of the Kingsclear Indian Reserve, and the desire to have all the Indians of the Oromocto Reserve moved there during the coming season, it will be necessary to make plans for the school during the fall term, as it is expected that between 30 and 40 pupils will be there to attend school during 1947 and 1948.

As the Sisters have had such marked success in the Indian schools of the maritime provinces, and especially in the Domestic Science and welfare work, I would recommend, that, if at all possible, Sisters be employed to take charge of this school during the coming year.

They could be housed for the present time, in the house on the C. C. Murray property, recently purchased.

I have not approached the Mother Superior in St. John, regarding the Sisters to take over this work, as I wished to hear from you regarding same before approaching her. But, I feel, as there is a resident Priest and a Church at Kingsclear, we would be able to get the Sisters.

Mrs. Hurley, at present teaching the Kingsclear School, has informed me, it is her intention to resign at the end of the present term, and Miss Delaney, who is now employed as teacher, at the Oromocto Indian School could, in all probability, be placed elsewhere to good advantage.

May I hear from you regarding the employment of two Sisters at the Kingsclear Indian School.

Edward J. Whalen

Dear Sir:-

We have received your application form for employment as a teacher in an Indian day school. We have vacancies for Roman Catholic teachers in the Province of British Columbia. In fact, we have one school to which you could report as a teacher on July 1st, 1947. Our beginning salary for teachers with first class certificates and no teaching experience is \$126.00 a teaching month.

At the Okanagan Indian day school to which I referred in the opening paragraph of my letter, you will find good living quarters and furniture. The school has been closed for the past year and we are anxious to get a Catholic teacher as soon as possible. The school is situated seventeen miles from Vernon, B.C., and it will be necessary for you to do your own housekeeping.

There will be other vacancies occurring in the summer in Ontario and there may possibly be a vacancy in Nova Scotia.

Could you please inform me of what part of Canada you particularly want to be employed in.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

Ottawa, April 28th, 1947.

Mr. Edward J. Whalen, Indian Agent,
Fredericton, N.B.

Kingsclear Indian Day School

Reference your Letter of April 19th.

We wish to advise that we do not employ two teachers at a school unless there is an average annual attendance of at least 30 to 35 during the academic year. You will agree that we could scarcely employ an additional teacher on the "expectation" indicated in your letter.

We understand from Mr. Morris that he has other plans for the house on the Murray property.

We have received an application for employment in Indian Schools from Mr. A.E. Hawley who holds a first class teaching license, physical education diploma and a Bachelor of Arts degree. Mr. Hawley is at present attending Saint Francis Xavier University at Antigonish.

On our new salary scale we can offer him a starting salary of \$126. a teaching month.

From the above it should not be inferred that we do not wish to employ Sisters as teachers at this school. However, we are not prepared to employ two teachers at the present time.

We have now received a letter from
Mrs. Kehoe teacher of the above school regarding
her continued employment.

If you will refer to my letter to her
of April 23rd, of which a copy was sent to you, you
will note that she is passed the age of sixty-five.

I have also written to Mr. Whalen
concerning Miss Delaney of the Kingsclear Indian

I have asked Mr. Whalen to contact you with regard to
the possibility of exchanging these two teachers.

I would advise that this transfer is but
a suggestion and that we will expect to hear from both
of you with regard to its feasibility.

Dear Sir:

I received in today's mail the attached Form Letter regarding Mrs. Stella Kehoe, Red Bank Indian Day School, Red Bank, N. B.

As this is in your agency I am forwarding it for your attention.

Yours truly,

E. J. Whalen, Sup't.,
N. B. West Indian Agency.

Attention: B. F. Neary,
Sup't. Indian Education,
Ottawa.

As the Red Bank Indian Day School is in Superintendent Blakey's Agency, I am forwarding this on to him.

Mrs. Stella Kehoe was mentioned for a probable teacher at the Kingsclear Indian Day School but she would not accept and therefore, is not employed in this agency.

TENDERS.

Sealed tenders addressed to the undersigned, and marked on the envelope "Tender for school building, Kingsclear Reserve," will be received up to noon of June 6, 1913, for the erection of a school-house on the Kingsclear Indian Reserve, New Brunswick.

Plans and specifications may be seen at the offices of N. J. Smith, Indian Agent, Fredericton, and D. H. Waterbury, Architect, Public Works Department, St. John.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

Dear Sir:-

We have been recently advised in regard to your preparation of plans for the erection of a school house on Kingsclear, Indian Reserve and request the privilege of bringing to your attention MAPLE LEAF PAINTS AND VARNISHES for the painting and finishing of this property.

MAPLE LEAF PAINTS and VARNISHES are high grade finishes made of materials designed to give the best of service, not only in the way of covering, but in preserving property and conserving its value for the maximum length of time.

There is in your finishing and painting a real saving in time, labor, and the value of your property, if you use good high grade paints and varnishes - materials of quality such as the MAPLE LEAF BRAND- a quality that gives satisfactory service.

If you are not directly interested would you kindly place us in touch with your architect, contractor or painter to whom we might go in regard to this matter?

For your convenience we are enclosing a post card and would be glad to take this question up with you at your request, or with any other person to whom you have entrusted this work.

We are,

Yours respectfully,

labor in a workmanlike manner , for the sum of Three Thousand Nine
Hundred and Forty Two Dollars .(\$3942.00) .

As there is no stone in that locality suitable for wall
above grade line as shown in plan the above estimate is to cover wall a-
bove grade line with one inch thick of sand and cement being out in blocks .

TENDERS.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tender for school building, Kingsclear Reserve," will be received up to noon of June 6, 1913, for the erection of a school-house on the Kingsclear Indian Reserve, New Brunswick.

Plans and specifications may be seen at the offices of N. J. Smith, Indian Agent, Fredericton, and D. H. Waterbury, Architect, Public Works Department, St. John.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

MEMORANDUM.

Mr. Pedley,-

The Department called for tenders for the erection of a school-house on the Kingsclear Indian Reserve, which were receivable at noon yesterday. Two tenders were received, one from Mr. Fred Jeffrey of Fredericton for the sum of \$3590.00, accompanied by his cheque for 10 per cent of that amount not marked accepted by the Bank of Nova Scotia on which it is drawn; the other from Mr. Judson Barker of Fredericton for the sum of \$3942.00. Mr. Barker has sent in an accepted cheque on the Bank of Nova Scotia for the required amount. Mr. Jeffrey's tender is the lower by \$352.00 and if his cheque is marked good I would recommend the acceptance of his offer.

A building on the same plan was put up at St. Mary's last year at a cost of \$3287.00, but Kingsclear is not so advantageously situated for getting in material.

If the Department considers Mr. Jeffrey's tender I would suggest that he be wired to have his cheque accepted.

MEMORANDUM.

Mr. Pedley, -

Referring to my memorandum of the 7th instant in regard to the tenders received for the erection of a school-house on the Kingsclear Indian Reserve I beg to say that the tender of Mr. Fred Jeffrey of Fredericton for the sum of \$3590.00 was lower by \$352.00 than any other of the offers received and the only reason for my not then recommending the acceptance of his tender was that the cheque for 10 per cent of the amount was not marked accepted. The Bank of Nova Scotia on which the cheque was drawn has now marked his cheque good. I would, therefore, ^{recommend} that a memorandum to Council be prepared accepting Mr. Jeffrey's tender. My previous memorandum is turned out hereunder.

Tenders for construction of Indian school-house on Kingslear Reserve, N. B.

The old schoolhouse has arrived at such a state of disrepair that it is proposed to put up a new one; besides which it is desirable to place it in another part of the Reserve, there being no room for a play-ground for the children on the present site, so that they stray away among the surrounding houses during recess and it is difficult to get them back.

RPB
The Department's advertisement required that with each tender an accepted cheque covering 10 per cent of the amount of the tender should be submitted. Mr. Jeffry's cheque was not marked good, but the Bank of Nova Scotia on which it was drawn has now marked it good.

Money is available from the Vote for Indian Education.

Dear Mr. Pedley:-

As I understand that the Contractor is to begin work on the construction of the new school-house on the Kingsclear Indian Reserve and an Inspector will be required, I beg to nominate Benjamin Goodine of Central Kingsclear, and would ask you to give him the necessary instructions as soon as possible.

I presume the allowance will be the same as in the case of the St. Mary's Reserve School last year, namely, \$75.00.

Yours faithfully,

With reference to the appointment of an inspector for the proposed new school on the Kingsclear Reserve I beg to say that Mr. Crocket, M.P., who has nominated Mr. Benjamin Goodine of Central Kingsclear, is correct in his statement that the Department allowed the inspector of the St. Mary's School last year a lump sum of \$75.00. The two buildings are similar and I see no reason why Mr. Goodine should not be paid in the same way, as a weekly inspection at \$5.00 with expenses would come to practically the same amount. It will take fully three months to complete the building. I would suggest that Mr. Crocket's letter be placed on file.

thereof, whether specified or shown in the drawings or specifications or not, by the
Thirty First . day of **October** A.D. **1913**

AND in consideration of the above agreement on the part of the Contractor, the
Superintendent General hereby agrees to pay the said Contractor the sum of **Three**
Thousand Five hundred and Ninety dollars, provided always
that the Superintendent General may at any time during the progress or after the completion
or alleged completion of the work, appoint an Architect, Engineer or other officer, in which
case the certificate of such Architect, Engineer or other officer, that the work is duly
completed and of the amount, if any due, to the Contractor, after making such allowances
for penalties and for defective or incomplete work, or for extras and deviations as the
Architect, Engineer or other officer shall think fair, shall be a condition precedent to any
claim by the Contractor under this contract.

AND the Contractor for himself, his executors, administrators and assigns, further
covenants and agrees :—

1. That the wages to be paid in the execution of this contract shall be those generally
accepted as current in each trade for competent workmen in the district where the work is
carried on. If this condition is violated, the Superintendent General may cancel the
contract and refuse to accept any work done thereunder.

2. That if the Contractor fails at any time to pay any account for any goods or
materials supplied, or money advanced by anyone to the said Contractor for the purposes
of this agreement, or to pay the account of any sub-contractor for any work or materials
done or supplied for the said works to be constructed under this agreement, and such

TO DATE OF THIS LETTER.

I beg leave to say I visited the new Indian School which is being built on the Kingsclear Reserve on the 3rd of September and my attention was called to the fact that there is no provision in the contract for draining the cellar.

Mr Jeffery the contractor Mr Goodine the Inspector and myself are of the opinion that it would be safer to have a drain from the cellar, although the Building is on high ground there is a thick layer of clay about 18 in from surface, which prevents the water from soaking away and we are of the opinion it will soak through the wall, and with a concrete bottom the water can not get out without a drain.

I have asked Mr Jeffery for an estimate of a 4 in terra-cotta drain pipe 200 ft long.

Enclosed please find estimate for the consideration of the Department

Sir,-

I have to acknowledge the receipt of a progress certificate for the Kingsclear School.

You show labour and material to the value of \$1,000.00 and ask for a payment of \$1,000.00. The Department, as you were informed, can only pay up to 90 per cent of the value of material on the ground and labour performed and you will be good enough to keep this in mind when making your future certificates. A cheque for the sum of \$900.00 will now be sent the contractor. You were also requested to make these certificates in duplicate, which you have not done. You should also fill in the amount of the contract, which is \$3,590.00.

Sir,-

I have to acknowledge the receipt of your letter of the 9th instant in reference to the drainage of the basement of the new school being erected on the Kingsclear Reserve.

In reply I beg to say that, in view of the conditions, the Department agrees with you that it would be well to drain the cellar. It is noted that it will require two hundred feet of drainage and you may accept Mr. Jeffrey's offer to do this work including the excavation and filling, using four inch terra cotta pipe, and laying the same to the satisfaction of yourself and Mr. Goodine for the sum of \$150.00. Be good enough to show Mr. Goodine this letter.

In reply to your letter of Sep the 20 would say. I am sorry the certificates were not made out right. I enclose one in this letter which I hope will be correct. It includes all work and material up to date.

Mr Jeffery has the bulding up and shingled clab-boarded also the window frames in.

He has practiclly everything he needs to finish the bulding on the grounds.

Kindly inform me if the furnace is included in Mr Jeffery's contract. He seems to think it comes under the head of plumbing.

Sir,-

I have to acknowledge the receipt of your letter of the 23rd ultimo enclosing progress certificate for the Kingsclear School.

In reply I beg to say that the Department is pleased to learn from your letter that satisfactory progress is being made.

The installation of the furnace is included in Mr. Jeffrey's contract as provided for in the plans and specifications, as the furnace is not part of the drainage, water and plumbing system eliminated from the plan.

Your progress certificate is not made out yet in proper form, nevertheless the Department is making a payment of \$900.00. I am enclosing herewith a progress certificate, in duplicate, providing for the second payment of \$900.00 to Mr. Jeffrey. You will be good enough to look at it carefully and note how it is made out. On your second certificate a payment of \$900.00 could not be made unless there was \$1,000.00 worth of labour and material additional in the building at the time the second certificate was made. Am sorry that I have given so much trouble about those certificates.

In regard to plastering the school house Mr Jeffery wants to put on lime in place cemenite is something new and it might be possible it would not be properly put on.

And I thought that lime well put on would be as good as the cemenite poorly put on.

I thought I had better notify you and get your opinion on the subject.

I judge it would be pretty hard to get a masons to do the work properly I think the lime would be all right with a plaster Paris finish. As there is no water-closets in connection with the building you will have to provide for two and a little house at the end of the drain Kindly notify me in regard to those matters as soon as possible

Sir:

In reply to your letter dated Oct. 8th, asking that lime plastering be used instead of celenite or hard wall as called for by the specification, ~~I regret to say~~ ^{can} that the Department ~~will~~ not allow this change to be made, being convinced that plastering made of celenite or similar preparations have proved to be much better than the ordinary lime plastering.

A circular giving the directions for the mixing and laying of celenite is attached in each bag and I feel confident that you will find this kind of work requires less care than the ordinary lime plastering.

The Department would like you to submit prices for the erection of the closets as per plans enclosed.

I beg to confirm the following telegram sent today:-

"Payment of all Jaffrey's accounts to
" date forwarded October thirtieth."

I regret that there was some delay in the payment of Mr. Jaffrey's accounts in connection with the Kingsclear school, due in the first place to the fact that the progress certificates were not made out in such a form as to admit of payment. On September 30th. he was paid \$900.00 the amount of the first certificate. On October 11th. and 18th. the second and third certificates respectively were received, and these as well as payment for a drain amounting to \$150.00 was made on October 30th. I trust that Mr. Jaffrey received the cheques in time to meet his obligations.

O. S. Crocket, Esq., M.P.,

Yours sincerely,

Duncan

OF CANADA

Form 2.

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

Dear Mr. Mitchell:-

Mr. Jaffrey, the Contractor for the new Indian school-house at Kingsclear, informs me that he has received no payment for some months on account of his contract, and that the two last progress estimates which have been sent have apparently escaped attention in the Indian Department.

The delay in these payments is embarrassing Mr. Jaffrey and he has asked me to write you urging that a cheque be sent to him as soon as possible. He has some obligations to meet on Tuesday next for which he will require the money, and I would be obliged if you would interest yourself in seeing that a cheque is sent to him before that date for whatever amount he is entitled to on these estimates.

Dear Sirs,

I am writing today to know whether or not we have to pass the remainder of this winter in the old school, where we have suffered with cold all the month of January. The school has not even been banked for the Agent told the man not to bother about it, and consequently the floor has been like ice and it was so hard to get it warm some days that we could not even open a window, so have been using cold storage air, which was not at all sanitary.

Now, the new building which has been ready since December, is, in the estimation of everyone whom I have heard speaking of it, almost perfect, of course with the exception of Mr Smith, who I believe does not think it good enough for the Indian.

But I do think that it must be almost ruined by now by the frost.

Hoping to hear that we may soon have a move to where we can work & live comfortably I remain Yours truly Rena A. Donahoe

Sir: In submitting my report of the Kingsclear School, I would respectfully call your attention to the fact that while the new school at that Reserve seems ready for occupancy, the children are still going to the old school house.

As stated in my report the old building has not been vaulted this winter, as has been customary, and as the weather has been very cold the building in question has been most uncomfortable, and trying on both teacher and pupils. I have been to this Reserve a few times during the fall and winter and expected, from day to day to see a change made to the new building. As this has not been done to date, I feel it is necessary to call your attention to the matter in the interests of the children.

I am, Sir, Your obedient servant

The Great North Western Telegraph Co.

OF CANADA

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Corrections in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for the purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to accept to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be obtained, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Sir,-

In reply to your letter of February 18th 1914
No 118349/5

In reference to the Kingsclear Indian School.
I went to Kingsclear to day with Mr.
Fred Jeffrey and took over the new school,
and arrangements to have the Desks
removed to the new school. The new
school will be opened on Monday next.

In my letter of December 18th I recommended
Mr William Polchies as caretaker of that school
at the salary of \$50.00 per annum. The
Department has not yet approved of my
recommendation. I have asked Mr Polchies
to take charge and heat the building
so that the frost will be all out before
the children moves in on Monday.

The Department will kindly excuse
the delay as Mr Jeffrey was out of the
city when I received your letter.

Enclosed please find Certificate signed
by Mr Benjamin Goodin Inspector and
Mr Fred Jeffrey Contractor.

Dear Sir:-

RE KINGSCLEAR SCHOOL.

I have received all payments, as per agreement, on this school to date. Might say, however, that I made absolutely nothing out of this building, as I had a long haul and hard luck. Mr. N.J. Smith, your Agent here, is well aware of this fact. I thought perhaps you would find it possible to let me have \$200.00 or \$300.00 more on this school to help me out.

Trusting you will be able to comply with my request,

I remain,
Very truly yours,

FJ/MCM.

Dec. 2nd. 1930.

Sir, -

I beg to acknowledge your letter of Nov. 24th, File 56-2-5, referring to Jas. S. Neill & Sons bill which was enclosed. These bills are for one can of paint and one brush. When the Rev. Father Ryan, Inspector of Indian Schools, visited the schools in my Agency, he objected to the color of the trays in the sand tables. He asked the teacher to have them painted a light blue. I authorized the purchase of a small can of blue paint and a small brush. The teacher or janitor did the painting. The enclosed bills are for separate schools. I hope the Department will approve of my action, and I would recommend this bill be paid.

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Kingsclear Indian Day School, recommends that the floor be scrubbed and given a coat of hot oil. He also recommends that the out houses be placed in a good, sanitary condition and the steps to the school repaired.

Please arrange to have the above work carried out during the present summer holidays, keeping the cost for the purpose as low as possible, and forward an account, in duplicate, properly certified, covering the expenditure incurred.

Ottawa, October 5, 1931.

Sir:

I have your letter of the 1st instant, informing the Department of the price that would be charged per quart for supplying the milk required for use by the pupils in the four Indian day schools in your Agency.

In reply I have to say that you may arrange for the supplying of the following quantities of milk during each school day beginning November 2nd, next:

Woodstock Indian Day School	-	8	Qts.	per	school	day.
Kingsclear	"	"	-	6	"	"
St. Mary's	"	"	-	8	"	"
Oromocto	"	"	-	6	"	"

The cost of the milk, delivered, should not exceed the price mentioned in your letter, viz., 10 cents per quart.

The teacher should keep an accurate list of the milk supplied each day, and this list should be handed to you at the end of each month, when you should prepare a voucher, in duplicate, for the amount due and forward same to the Department, together with the list showing the quantity of milk delivered at each school. A separate account should be forwarded covering the cost of the milk supplied each school.

It is expected that the teachers will see that this milk is received in clean containers and that it is kept in a sanitary condition, also that the full quantity received is used by the pupils each day, without waste.

Our funds this year are limited, and it is considered that if this milk is supplied from the beginning of November, next, and continued until the end of April, next, the pupils would be provided with milk during the fall, winter and early spring months, and that there would not be the need of continuing the milk after the end of April, next. Please bear this in mind, and arrange that the milk be served the pupils between the period above mentioned - November 1st to April 30th, next.

Your obedient servant,

B. J. Griffiths, Esq.,

Dear Sir:-

In our December acct of Dec 31/31 we received one cheq of Goods for Indian School for \$17.36. Our books show these items consisted of amount $16.00 + 2.96 = 18.96$ which leaves a balance of \$1.60 that we cannot account for. Please look into the matter and see if we are correct.

Yours very truly

Ottawa, 12th April, 1932.

Dear Sir,-

In reply to your enquiry of the 29th ultimo, re a reduction of \$1.60 in your account amounting to \$18.96, I beg to say that on the 18th December, 1931, you were forwarded Departmental cheque No 5126 for \$1.60. Items covering this amount were charged again in the above mentioned account, and apparently were struck out at Mr. B.J. Griffith's office at Fredericton. I find that the payment of \$17.36 made you by Departmental cheque No. 5789 is correct, that is in accordance with the accounts received here.

Yours truly.

Immediate

Fredericton.

July 19th. 1932.

Sir, -

I beg to inform the Department, the school at Kingsclear Indian reserve is in a wretched condition, that is, the ceiling and the walls. I have a man working up there washing the ceilings and side walls. He is using washing soda and anything that will remove dirt, but this does not make a decent job, there are dark spots which cannot be washed off.

I would recommend the ceilings and walls be given one coat of paint. This would cost approximately seventy-five dollars, including work and material. This would give the interior of the school a bright and clean appearance, which would correspond with the other schools in my Agency. I hope the Department will approve of this work, as it would be money well spent.

An immediate reply would be appreciated.

Your obedient servant.

Sir:

I have your letter of the 15th instant, and, in reply, have to inform you that you may arrange for the supplying of milk for each of the four Indian day schools in your Agency as follows:

Oromocto	-	6	Qts.	per	school	day,
St. Marys	-	8	"	"	"	"
Kingsclear	-	6	"	"	"	"
Woodstock	-	8	"	"	"	"

This milk may be supplied from the period beginning November 1st, next, until April 1st, following.

The cost of the milk delivered should be, if possible, eight cents per quart, and must not exceed ten cents per quart.

The teacher should keep an accurate account of the quantity of milk supplied each day. This list should be handed to you at the end of each month, and you should prepare a voucher, in triplicate, for the amount due and forward same to the Department, with the list attached showing the quantity of milk delivered at each school. A separate account should be forwarded covering the cost of the milk supplied each school.

The teacher should see that the milk is received in clean containers and that it is kept in a sanitary condition, also that the full quantity received is used by the pupils each day, without waste.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

EXTRACT FROM REPORT OF REV. F. C. RYAN, on his
inspection of the KINSSCLEAR INDIAN DAY SCHOOL,
on May 29, 1933.

R

Original on 56-2-6.

The interior of this school should, if possible, be painted. However, if funds are too low, the next best thing would be to have a proper person to wash walls and ceiling and woodwork with a proper chemical wash, that will remove the blackened condition of the interior.

The floor must be washed, well dried and covered with hot oil, the out-houses white-washed, cleaned and repaired and a little minor repairs about school steps and fence, etc.

Sir:

Rev. F. C. Ryan, Inspector of Indian Schools for New Brunswick, has forwarded the reports on his inspection of the schools in your Agency.

Regarding the Kingsclear Day School, he recommends that the interior woodwork be washed, and the floor scrubbed, and, when dry, given a coat of hot oil. You should arrange, during the summer holidays, to have the interior woodwork well washed and the floor scrubbed by a person competent to do the work.

He also recommends that the out houses at all the schools be thoroughly cleaned and placed in a satisfactory condition, and any minor repairs required carried out. The out houses at all the schools should be cleaned and placed in a sanitary condition. Indian labour should be employed as far as possible.

Accounts, in triplicate, properly certified, should be forwarded covering the expenditure for each school separately.

OFFICE OF

Fredericton.

July 4th. 1933.

Sir,-

I beg to acknowledge Department letter of June 17th, File 56-2-5, instructing me to have the school walls, ceiling's and woodwork washed and cleaned. Last year I had a man try and wash the walls at the Kingsclear Indian School. He had all the materials necessary to remove dirt, but the dust and smoke would not wash off. I would recommend the walls and ceiling of this school be painted, one or two coats. The cost would be very light, not more than fifty dollars, perhaps less, and would mean a great improvement to this school.

The school at Kingsclear is the only one in my Agency that the interior looks shabby. I would like very much to have this work done, so the interior of all all the schools would be clean and tidy.

Your obedient servant.

I have your letter of the 4th instant, regarding the condition of the walls, ceiling and woodwork in the interior of the Kingsclear Indian Day School and recommending that they be painted, at a cost of approximately \$50.00.

In reply I regret that the Department will have no funds this year to carry out any painting or redecorating at Indian schools. Therefore, it will not be possible to authorize the expenditure required in connection with the painting recommended by you.

Sept. 18th. 1933.

Sir, -

I beg to inform the Department, in past years milk has been supplied to the Indian School's in my Agency. Last year this was stated the first of November and continued until the first of April. I would recommend eight quarts of milk daily for the Woodstock Indian Day School, eight quarts daily to Kingsclear Indian School, six quarts to St. Marys Indian School and eight quarts to Oromocto Indian School. The price of this milk to be eight cents per quart. To be supplied from November 1st to April 1st.

Your obedient servant.

Sir:

With reference to your letter of the 18th instant, I beg to say that you may supply the following quantities of milk to the schools in your Agency:

Woodstock	-	8	Quarts daily,
Kingsclear	-	8	" "
St. Mary's	-	8	" "
Oromocto	-	8	" "

The milk should only be served from November 1, 1933, to March 31, 1934. It is noted that you can secure this milk at a cost of 8 cents a quart.

The teacher of each school should keep an accurate account of the quantity of milk supplied each day, and this information should be given to you at the end of each month, in order that you can prepare the usual vouchers, in triplicate. A separate account should be forwarded covering the cost of the milk supplied each school, and the date and file number of this letter should be quoted as authority for the purchase.

The teachers should see that the milk is received in clean containers and that it is kept in a sanitary condition, also that the full quantity received is used by the pupils each day, without waste.

Your obedient servant,

Dear Sir:-

On September 5th, you submitted voucher for \$13.50 in favour of Mr. Gabe Sacobie, Fredericton, R.R. No. 6. On September 18th, cheque No. 15669 for \$13.50 was mailed to Mr. Sacobie at Fredericton, N.B. This cheque has been returned to the Department and marked on the outside of the envelope is "Oromocto, N.B." The word, "Oromocto" is struck out and there is also marked on the envelope "This man is deceased". Your voucher stated that the account in favour of Gabe Sacobie was for cleaning the Kingsclear School, and it is thought that there may be some confusion caused by sending the cheque to Oromocto instead of to R.R. #6. If the man Gabe Sacobie, to whom this cheque is due for services cleaning the Kingsclear School, is dead, kindly inform the Department if he left a will. If so, has it been probated? If he left no will, have letters of administration been taken out? Did deceased leave wife and family?

The above mentioned cheque is being held pending your reply.

Yours faithfully,

N.C. Allen

Sir:

Replying to your letter of the 23rd instant, I have to say that you may incur an expenditure in the purchase of supplies for a treat to the pupils at Christmas at each of the Oromocto, Kingsclear, and St. Mary's Indian Day Schools, to an amount which must not exceed \$5.00 for each school. Our funds for this purpose have been considerably reduced this year, and the above amount is the full grant we can allow in the purchase of a treat at Christmas for the pupils at these schools.

Please obtain an itemized account, in triplicate, covering the cost of the supplies purchased for each of the schools, separately. You should forward these to the Department, attached to proper voucher forms and certified in the usual manner. Payment will then be made.

R

E X T R A C T from INSPECTOR RYAN'S Report on his
visit to the KINGSCLEAR INDIAN DAY SCHOOL on June
5th, 1934.

Original on File 56-2-6.

The interior of the school should be cleaned and
painted. The ceiling is in steel and in **bad** condition,
the old paint should be removed and new paint put on.

The walls may also require painting - one could
better tell when they are washed and the smoke removed.

The outhouses should be cleaned, repaired and white-
washed and some minor repairs about school & steps.

Sir,-

In his report regarding his visit to the Kingclear Indian Day School on the 5th instant, Inspector Ryan writes:-

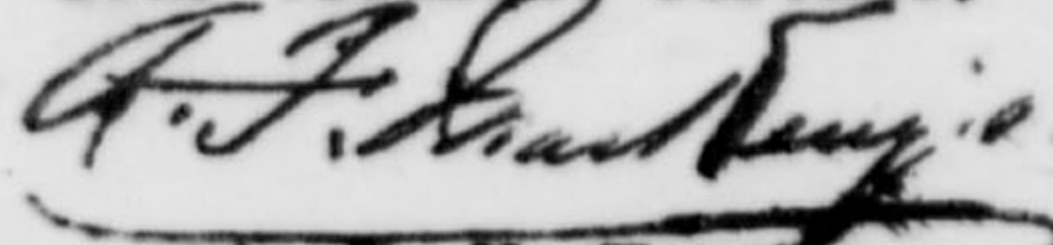

"The interior of the school should be cleaned and painted. The ceiling is in steel and in bad condition, the old paint should be removed and new paint put on.

"The walls may also require painting - one could better tell when they are washed and the smoke removed.

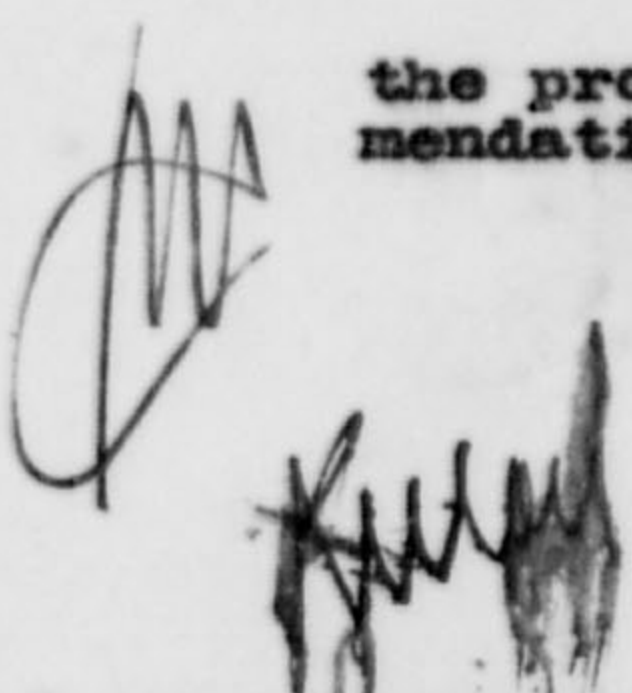

"The outhouses should be cleaned, repaired and white-washed and some minor repairs about school and steps."

Please advise the Department as soon as possible the probable cost of carrying out the Inspector's recommendations.

Sir:-

I beg to acknowledge the Department's letter of June 28th, file 56-2-5, asking for an estimate of the cost of painting the ceiling and side walls of the Kingsclear Indian School, which are much in need of cleaning. I am enclosing a quotation from Mr. Steve B. Brown, which I consider quite reasonable. It will require approximately six gallons of Paint for this job: Three pounds of Putty: $\frac{1}{2}$ gallon of Turpentine; and 2 pounds of Nails. Enclosed is price list of Paints, also small quantity of lumber for staging. I would recommend this work be done.

Sir:

I beg to acknowledge receipt of your letter of the 29th ultimo, requesting authority to purchase milk for the four schools in your Agency. In this connection I would refer you to official letter of the 28th ultimo.

In letter just mentioned, the Department approved supplying 8 quarts at the Oromocto and Kingsclear Schools, but it is noted from your letter of the 29th ultimo you consider 6 quarts would be sufficient at these two schools. Consequently, the authority given in official letter of the 28th ultimo should be reduced to 6 quarts at the Oromocto and Kingsclear Schools.

Sir:

Rev. F. C. Ryan, Inspector of Indian Schools, in a report on his inspection on the 4th instant of the Kingsclear Indian Day School, recommends that the interior woodwork of the school be cleaned and the steel ceiling painted.

I would request that you furnish an estimate of the cost of having this work done. You should state if you consider the work could be done satisfactorily by Indian labour. Please forward this information at an early date in order that, if it is decided to have the painting carried out, it can be done during the coming summer holidays.

The Inspector also recommends that the outhouses be cleaned out, whitewashed and placed in a sanitary condition. You may have this work done, keeping all expense as low as possible. You should forward accounts, in triplicate, properly certified, covering the expenditure.

Sir:-

I beg to inform the Department there will have to be some work done at the Kingsclear Indian School. When the snow melts in the spring, or it rains, the water runs into the cellar and lies there, and this causes a musty odor in the school. There is a window on the north side of the school in the cellar wall, which could be closed by filling in with stone and cement. This would stop most of the water getting in. What really should be done, is a drain on the upper side of the school, to continue about ten rods; dig this drain a foot or two below the cellar floor, and fill with rock. This would carry the water away.

I would recommend the window be closed as referred to above. If the Department approves of this work being done, I will get an estimate of the cost.

Sir:

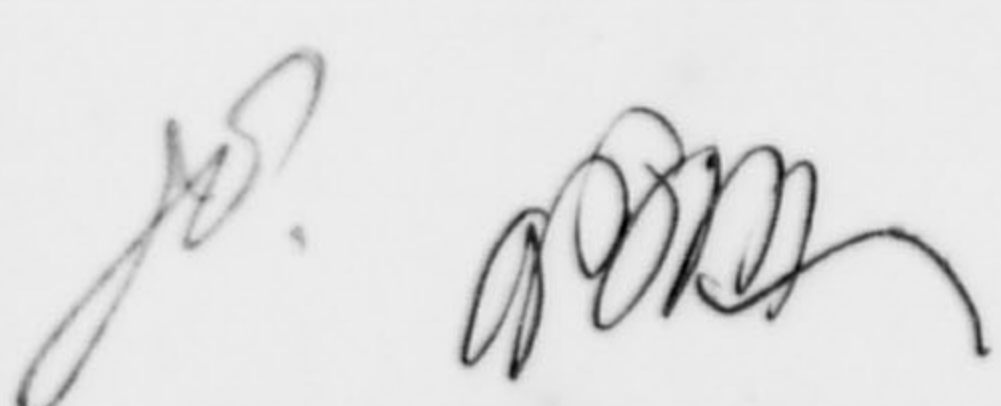

I have your letters of the 29th ultimo and the 11th instant, regarding the cleaning and painting and also the condition of the drainage at the Kings-clear Indian Day School. It is noted you enclose an estimate of the cost of the cleaning and painting.

In reply I have to say that the Department will approve of you incurring an expenditure, not exceeding the sum of \$55.00, in the washing of all walls and ceilings of main room, hall, entry and anti-room and applying two coats of paint. You should see that this work is satisfactorily completed during the present holidays. After the work has been finished to your satisfaction, you should forward an account, in triplicate, stating in full detail the work performed. You should state definitely the number of days or hours employed and the rate paid.

The Department will have no funds to install a drain from the cellar of the school. However, you may arrange to have the window on the north side filled in with stone and cement. The cost, of course, should be kept as low as possible, and, when completed, you should forward an account, in triplicate, stating the number of days or hours employed and the rate paid for the labour.

Dear Sir:-

Re. Indian School, Kingsclear

I inspected the Furnace in this school, and find the castings of this Furnace are either rusted or burnt out in a number of places and, in my opinion are not worth repairing.

I would recommend the installation of a new Furnace castings only, using the same pipeless casing and register which are there now.

Yours truly,

Arthur F. Betts.

Dear Sir:

I beg to refer you to department letter of July 18th,
File 56-2-5, re repairs to Kingsclear Indian School. I will
immediately proceed to carry out instructions.

In my inspection of this building, I found the furnace
obsolete and I do not believe it would be good business to try and
repair it, and I herewith submit a tender from Mr. Arthur Betts for
a new furnace. I would recommend this expenditure believing it to
be necessary.

Dear Sir:-

I beg to acknowledge your letter of Aug 13. 1935
File No. 56-2-5 regarding the furnace in the Kingsclear
Indian Day School.

The castings are all burned, or rusted out, the
fire box has several holes in it.

The furnace smokes so badly the ceilings and
walls are almost black. In the opinion of Mr. Betts, who
is a competent plumber not worth repairing. It will cost
approximately \$10.00. to take the furnace down, and to
weld the holes which are visible, with out taking it apart,
the cost \$14.00, there will be another charge of \$10.00
to reassemble it.

If the Department has not received any complaints
regarding this furnace it could not have been inspected
recently.

After a careful investigation, I beg to suggest
to the Department it would, in my opinion, wasting money
to spend much on repairs.

I there for recommend the installation of a
new furnace, castings only, at an approximate cost of
\$130.00.

Sir:

I have your letter of the 20th instant, regarding the condition of the furnace at the Kingsclear Indian Day School and recommending the installation of a new furnace. In this connection it is noted that the present equipment is, in the opinion of a competent plumber, not worth repairing.

E.R. 3648

The Department will approve of the expenditure required in the supplying and installing of a new furnace, at the cost mentioned by you, approximately \$130. You should therefore arrange for the purchase, from a firm on the approved list. Please obtain a furnace of a type that would be suitable for the heating of this school and arrange for the satisfactory installation of same. This matter should receive your prompt attention, in order that the work can be completed before the extremely cold weather sets in. The total cost should be kept within the amount mentioned above.

The Department is in receipt of your voucher, No. 58, in favour of James S. Neill & Sons, covering the cost of three padlocks for the Kingsclear Indian Day School. You attached to this voucher a credit note for 75¢, for one 5-gallon can, which has been returned.

The only charge for a 5-gallon can that the Department can locate is for one supplied the Devon School, in J. S. Neill & Sons invoice of August 7th. On that invoice, 85¢ was charged for a 5-gallon can. If this is the can that was returned, the Department considers a credit of 85¢ should be allowed. Dear Sir:-

In reply to your letter of the 3rd inst. File No. 56-2-5, regarding a 5- gallon can for which a credit note for 75 cents was included in my voucher No. 58, in favor of James S. Neill & Sons, Ltd, I would say I found this can in the basement of the Kingsclear Scheel and always keeping in mind the necessity of saving the Department money I took the can to James S. Neill & Sons, Ltd, and received a credit note for 75 cents.

The 5- gallon can which was charged on invoice of Aug. 7th. for the amount of 85 cents is still in use at the Deven Scheel, when this is emptied I shall see that credit is given the Department for original cost of 85 cents.

Dear Sir:

Reverend Father Ryan, Inspector of Indian Schools for New Brunswick, in a report on his recent inspection of the Kingsclear Indian Day School, recommends that the interior of the school building be cleaned, that the floor be well scrubbed and, when quite dry, given a coat of hot oil. He requests, also, that the out-houses be well cleaned, whitewashed inside and any necessary repairs carried out.

I would request that you arrange to have the above mentioned work completed before the school re-opens after the summer holidays. Please keep all costs as low as possible. You should forward itemized accounts, in triplicate, properly certified, covering the expenditure.

Dear Sir:-

Attached please find an estimate for repairing and painting inside and out of the Indian Day School in the Kingsclear Reserve, for your consideration.

[Handwritten: No funds in account]

If it is at all possible this work should be done this year, of course it is entirely up to the Department how the work is carried out. I know I could purchase the paint and hire a man much cheaper.

It has been suggested, that Mr. Clark, M. P. is anxious that this contractor be given any work we might have.

[Handwritten: Mr. Clark's letter]

I would be grateful if, this letter was not put on official file.

EXD.

Dear Sir:

It is noted that in forwarding your voucher No. 411, in connection with supplies for destitute Indians, you included an item covering the cost of hardware supplied to the Kingsclear School.

I wish to point out that expenditure for Indian schools should not be included on any other voucher. When you are authorized to make an expenditure in connection with any of the schools in your Agency you should forward a separate voucher so that it can be attached to the file concerning that special school. This is the only manner in which the Department can keep a check on expenditures at each school. It is impossible to do so if school expenditure is included on other vouchers.

I feel certain that you will co-operate fully with us in this regard.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

I am in receipt of voucher No. 379, covering the cost of milk supplied to the Kingsclear School during the months of November and December, 1943. In previous years we allowed 8¢ a quart for milk at this school and, in view of the regulations made by the Wartime Prices and Trade Board we cannot exceed this price this year. I understand that bonus is paid for milk in some sections and possibly Mr. King can collect the other 2¢ from any bank which, I understand, handles these bonus payments. Under the circumstances the account is being reduced to \$5.12 which means that we are making payment at the price of 8¢ a quart.

Re: Voucher No 245.

Reverend Father Harris and Chief William Polchies went to the school on the Kingsclear Reserve to put a box of books in that Father Harris had taken to the reserve from the express office.

On entering the room they found things scattered all over the floor and every evidence that strangers had been in the school. The door was locked as usual but evidently it had been picked so I told the Chief to go to the Hardware store and get a lock that could not be picked.

E.M.Young Ltd. hadn't. any locks and all that we could get at Neils was in the price class shown (unless of course we took cheap locks which were no good). It was more than I had planned on paying for a lock but under the circumstances there was no choice.

"Interior of school needs painting, both ceiling and walls. (I would suggest that they be painted a light colour)."

You might keep this recommendation in mind and write us about May of next year, giving an estimate of the cost of carrying out the Inspector's suggestion. The work could then be done during the summer holidays of 1945.

I wish to call to your attention contents of a letter dated December 19, 1944, regarding the painting of the ceiling and walls of the interior of the Kingsclear Indian Day School.

The exterior of this school is also much in need of painting. Part of the roof should be shingled, a new set of steps are also required at the door on the south end of the school. The outhouses should be straightened up and repaired some and the well house needs some minor repairs also.

Estimated cost is as follows:

Paint - for exterior and interior \$80.00
Shingles for roof, 1 1/2 M @ 7.00 10.50
Plank for steps 5.00

With reference to your letter of the 4th instant, it is noted that you estimate the cost of the paint and labour for painting at the Kingsclear Indian Day School at \$208.50. As the paint will cost over \$80.00, it will be necessary for you to forward a requisition so that an order may be placed through our Purchasing Branch. We will arrange, later, for forwarding you an accountable cheque for the labour.

REPORT FOR THE QUARTER ENDING JUNE 30th, 1945.

XX

XX

XX

Each Reserve in my Agency has an Indian School, and as the one at Woodstock and the one at Saint Mary's are too small to accommodate the number of children of school age and as this number is yearly increasing, more room will be required. The schools at the Kingsclear Reserve and the Oromocto Reserve are large enough for the present needs. The former needs painting, but this is to be done during the summer holidays.

Two of the schools, the Woodstock and the Saint Mary's are looked after by the Sisters of Charity, two in each school. The other two schools, Kingsclear and Oromocto, have one teacher each.

May I have authority to spend, if necessary, \$20.00 cleaning the Indian School of the Woodstock and Oromocto Reserves, also \$20.00 to clean Saint Mary's Indian School after the new seats have been received and placed.

I have been expecting to receive paint etc., to be used on the interior and exterior of the Kingsclear Indian School. If this arrives and the interior walls are painted, then very little cleaning will be necessary.

Re: Painting & Repairing of the Kingsclear
Indian School and Outbuildings.

In my letter of July 4, 1945, I stated that I considered the cost of painting and repairing the Kingsclear Indian School and Outbuildings, including a well house would be \$208.50. I now find that the cost of labor is about four times what I had figured on. More material too, was required which brought the cost still higher.

The extra labor and material was due to the condition of the school, which was much worse than could be seen until work was started on it. The metal ceiling, when cleared of the scale paint was rusty and had to be scraped and washed before being painted. Many holes had to be repaired in the walls and some of the window sashes were rotten and had to be replaced, others repaired. The building on the top of the roof was also in bad shape and had to be repaired. The flag pole too, had been placed on the top of the porch entrance and started the porch from the top main building. The pole, itself, was also rotten and had to be taken down. In all, many unforeseen repairs were required. The outside walls of the building had to be scraped with a wire brush before being painted. Wages too, were higher than I had planned, help was scarce and there was no alternative.

only to take who I could get and to pay the same per hour as these people could get elsewhere.

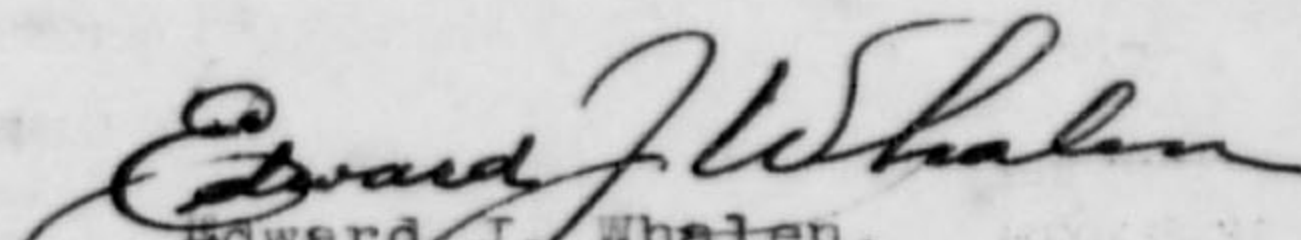

Mr. William Polchies, an old reliable Indian, looked after the work, but, got very little help from the rest of the Indians, as they said they could make more money in Maine picking potatoes. I told this man to hire a white man to help him. Al Myshrall was hired. (This man supplied many of the materials required for repairs to the school without charging for them).

It is regretted that my estimate was so much below the actual cost of the work. I visited this school often, as may be seen by my Daily Diary and tried to get the work hurried along, but as stated above, very much unforeseen work kept showing up and it was impossible to rush any.

On October 12, I told Mr. Polchies, that as the work had cost so much, we would have to close it out in two days more.

When J. E. Morris (Welfare Division), visited this school, I showed him the work and explained this. He authorized the completion of the work, which has been done.

A further advance of \$271.22 will be required to finish the work as shown on the attached sheet, and I would ask that this be forwarded at an early date.

Ottawa, January 7, 1945.

Gentlemen:

Your letter of the 20th ultimo, with reference to four invoices, has been forwarded to this Division by our Purchasing Branch.

The following accounts amount to \$47.62:-

August 22, 1945	-	\$39.84
" 28, 1945	-	5.20
" 22, 1945	-	2.60

The above accounts covered material purchased for use at the Kingsclear Indian Day School, New Brunswick. As each account contained a notation regarding discount, cheque No. 88869 for \$47.26 was forwarded to you on September 15, 1945.

You will receive a separate communication regarding the account of \$5.90 dated June 12, 1945.

Yours truly,

Philip Phelan,
Chief, Training Division.

Re: Furnace, Kingsclear Reserve.

The pipeless furnace in the Kingsclear Indian School, has been smoking during the past winter. I thought this was due to the worn out pipes, and I replaced these by good ones, although not new ones, which were obtained from the Internment Camp, Ripples, N. B. This, however, did not help matters much, and the stove continues to smoke.

The Indians claim this furnace has been in use at the Kingsclear Indian Reserve for about twenty-two years, therefore, I would ask to have authority to have it dismantled and repaired by a tinsmith, if repairs can be made without too much cost.

No estimate of the cost can be obtained, until the outside of the furnace is removed.

Furnace - Kingsclear Indian Day School

The Department authorizes the dismantling and repair of the smokeless furnace at the above school. It is understood that this furnace is 22 years old and has been smoking during the past winter.

It is suggested that these repairs be carried out during the Easter holidays. If you find the furnace in bad condition it may be advisable to replace it entirely, but we will expect to hear further from you in this regard.

Re: Credit Voucher 400.

It will be noted that the name of Donald Solomon, appears on the list of those who performed labour on the Kingsclear Indian School.

This young man, who was a returned soldier, received a call to go to St. John, where he had applied to take a course. He needed the money and as none had arrived from Ottawa, William Polchies gave it to him. Consequently, the amount paid to this man included, as well as his own labour, \$12.00 which he advanced to Donald Solomon and \$2.00 which he paid for truckage.

Fredericton, N.B. 30th September 1904.

Sir -

In view of the removal of all Indian families from Upper Gagetown, Queens County N.B. to the Oromocto Reserve. I beg to inform you, that during my visit to Oromocto Reserve on the 27th inst. I find that at the present time there is twenty five children between the age of six and fifteen years, that are attending No School, and are growing up in ignorance and totally deficient of an education. Some, and in fact, all of these children are bright and intelligent. In the past, I have done my best to get them to attend the Oromocto Free School, but owing to their peculiar habits, they will not mix up with white children. As the Department is deeply interested in the education of the rising generation, I feel that the time has arrived that a School building should be erected on this Reserve and a teacher appointed for their special instruction.

I am Sir,

Yours Obedt Servt -

OTTAWA, 19th October, 1904

The Deputy Superintendent General:-

Mr Agent Farrell, in his letter of the 30th ulto. urges the establishment of a day school at Oromocto stating that there are 25 children between the ages of six and fifteen years who are growing up in ignorance and attend no school. Their parents he states will not send them to the white school and if the Department decides to accede to this request, fully \$700.00 would be required for the erection of a suitable building, with \$100.00 extra for equipment, and \$300.00 a year for the salary of a teacher. After all this expenditure had been gone to, it is doubtful whether they would take advantage of the school when established. I think it would be better to have the Agent use his influence with the Indians to have the children attend the white school even if the Department had to hold out inducements in the way of furnishing the necessary clothing for such children as could be persuaded to go there.

Ottawa, May 9, 1906.

Sir,-

I have to call your attention to official letter of December 16, 1904, in which you were informed that the Department would be willing to pay tuition fees for the children of Oromocto who might attend the white school in that neighborhood, and you were also informed that the Department might even go so far as to assist in providing them with wearing apparel.

As no reply has been received to this communication the Department would like to know what action you have taken in regard to this matter.

Sir,

Referring to your letter of the 30th September last in which you recommend the establishment of a day school at Oromocto for the Indian children in that neighborhood, I beg to say that the Department does not think it would be justified in incurring this expenditure and if the Indians are anxious to have their children educated, there is no reason why they should not attend the white schools in the neighborhood. It is willing to pay their tuition fees and furnish them with the necessary books and stationery, and it might even go so far as to assist in providing them with wearing apparel.

I have to acknowledge the receipt of your letter of the 9th Instant. Relating to the attendance of the Oromocto Reserve Children at the free School in that locality. Also as to what action I have taken in this matter. In reply I had to report that in connection with my Survey of Districts of this, last, and other, years past. I consulted with the parents of the Children, as to the benefits to be derived to both them and their Children, if they would send them to the School regularly. If it was but for a time to give them a knowledge of reading and writing, &c. It appeared they would make fair promises. And would send some or three of the most intelligent Children to School for a month or so. When seeing to the indifference of their parents they would stop going altogether. My experience of the Indian Children is that seeing to their peculiar trait of Character, they must escape in very few cases. The educated by themselves. This is evident on any inspection of the Schools of this Agency. I therefore for the reasons stated made no application for clothing as touched on in your letter of the 16th Dec^r. 1904.

In reply I beg to say that a similar application was made some time ago through Mr. Agent Farrell, who was informed that the Department did not think it would be justified in incurring the expenditure necessary to build, equip and maintain a school on this reserve, owing to the unsettled habits of the Indians and more especially as there is a white school in the immediate neighborhood, where the Indians can, if anxious to have their children educated, send them.

The Department would willingly pay their tuition fees and furnish them with the necessary books and stationery and might even go so far as to assist them in providing articles of suitable wearing apparel.

I called on the School trustees to ascertain if some provision could not be made in the Public School for the accommodation of the Indian children.

Mr. Burnett one of the trustees informed me that the school house was too small to take in any more children - that they had already refused applications from outside - and even supposing that the ratepayers would agree to this proposition they would necessarily have to employ another teacher, as the present teacher had already too much to do.

I asked him to consult with the other trustee whom I did not see, and also to try and get the ratepayers to agree to taking the Indian children into their school at least for a year, and see how it worked out. This he promised to do and will let me know the result early next week.

As soon as I hear from him, I will communicate the result.

The Department regrets that these negotiations were not successful and that it is not in a position to erect a school building on this reserve till funds are voted specially for the purpose. In the meantime, however, if a suitable building could be rented at a moderate rate in which a school could be temporarily conducted, the Department would be willing to pay the salary of a teacher and, if the Indians show their appreciation, steps might be taken to provide a permanent building.

You will be good enough to make the necessary enquiries and report again to the Department.

I have to acknowledge the receipt of your letter of the 29th ult., stating that there is a small house available on the Oromocto reserve, in which a school might be temporarily conducted.

In reply I beg to say that the Department would like you to furnish ~~it with~~ a detailed statement of the repairs, etc., that it would be necessary to make to this building before it could be used for this purpose, with an estimate of the cost. To Department of Indian Affairs
Ottawa. 539069

Dear Sirs,
As teacher of the Omomoto Indian School, I beg leave to ask for an increase of salary for this school year, the term beginning Aug. 2nd.

This school has only been in operation for one year. The duties have been and will be for awhile yet more trying than in a place where the children have been used to the discipline of school life for years.

I am sure the Inspector, Rev. J. Ryan and Commissioner Mr. White will assure you that I have endeavored to perform faithfully all duties in connection with this school, with quite gratifying results.

I desire also to call to your attention a little grievance in connection with my salary for the past year.

The salary was to have been three hundred dollars. I received two hundred and fifty, \$25 for first quarter, and \$75 for each succeeding quarter. During the school year I lost eight teaching days this was owing to repairs being put on the school building. For these days I did not expect pay.

You will readily understand it was no fault of mine that I was appointed teacher of this school first of August ¹⁹⁰⁹ instead of first of July. And that the opening of the school was delayed for eight days.

I feel that as the duties in this school, and the conditions under which I had to teach were very

In view of the favorable report received on your work, it has been decided to grant you an increase for the current year of \$50.00, making your salary \$350.00 per annum. In return for this increase the Department would like you to take up some branch of domestic science in the school room. A number of our teachers give instruction in plain sewing to the girls and in nearly every instance, this has proved both of interest and benefit to the children. The Department supplies the necessary material. Be good enough to state whether any of the girls attending the Oromocto Indian School are old enough to be taught sewing and if so, whether you will be willing to under-take the work.

We have an Indian woman on the Oromocto Reserve that is giving the Teacher a lot of trouble, taking her children out of the School just when she likes and sends them just when she. She demands her children any time during School hours and if the Teacher refuses to let them go she makes a row with the Teacher on the spot.

This is the woman I reported to the department for taking the axe and striking the School house door and threatened to strike the Teacher with it if she did not let her child out of School when she wanted it.

Now if she is allowed to do this it will have a bad effect on the School for the rest of the Indians think if she can get her children whenever she likes, or send them just when she likes they have the same privilege. Kindly instruct me what to do at your earliest convenience.

Memorandum:

Schools Branch.

With respect to the attendance of school children as referred to in Mr. Agent Smith's letter hereunder, dated the 26th instant, I beg to point out that under Section 6 of the regulations relating to the Education of Indian Children, it is the duty of the truant officers to make every effort to see that the children attend school regularly and to arrest and convey to school any child not sick or otherwise lawfully excused from attending school that they may find absent from school during school hours. I would, therefore, have the truant officer notify the parents of these children as to these provisions and if they refuse or neglect to send their children to school to arrest the children and take them to school and if the parents attempt to interfere with the truant officer or with the teacher in such a way as to bring themselves within the provisions of the criminal code for assault, breach of the peace or some other such offense, to have the parents prosecuted accordingly.

Sir,-

I have to acknowledge the receipt of your letter of the 26th instant enclosing a communication addressed to you by Miss McGaffrey, teacher of the Oromocto Indian School, in which she complains that Mr. and Mrs. Dan Sacobie are still causing her trouble by taking the children out of the school whenever they feel so disposed and, if refused, causing a disturbance.

In reply I beg to say that under Section 6 of the Regulations relating to the Education of Indian Children it is the duty of the truant officer to make every effort to see that the children attend school regularly and to arrest and convey to school any child not sick or otherwise lawfully excused from attending that he may find absent from school during school hours. You will, therefore, be good enough to instruct the truant officer to inform Mr. and Mrs. Sacobie as to these provisions and, if they refuse or neglect to send their children to school, to arrest the children and take them to school and if the parents interfere with the truant officer or with the teacher in such a way as to bring themselves within the provisions of the criminal code for assault, breach of the peace or some other such offence, to have parents prosecuted

prosecuted accordingly. It will be proper for either you or the truant officer to lay a complaint against either of the parents who is guilty of causing a disturbance at the school before a Justice of the Peace and have them prosecuted. The Department thinks it would be better that the charge should be made by yourself or the truant officer than by the teacher. It is hoped, however, that a warning from yourself and the truant officer will put an end to any further trouble in this connection, but, as discipline must be maintained, the Department is authorizing you to take prompt action, if necessary.

Dear Sir,—

I beg to inform you, the reserve at Crometto has been deserted by the Indian families. There is only two families there now, and only one child of school age. These Indians have gone down the St. John River at or near Sagetown and Lemseg. I suppose they will return when the winter sets in. As the Department any power to compel these families to stay on the Reserve. That their children may attend school. It seems unfair to keep a Teacher and janitor and provide wood for a school and the families will leave the reserve. There are five families at Sagetown, who have lived there for years. Their children have never attended school as there are no Indian school there. If the department, could make any suggestions in this matter, I would be pleased to be enlightened in this matter.

her aunt, (she was out at the time) I was
informed she would take the school for Bal-
ance of term - On the strength of this info-
ration, I wrote you and also sent right letter.
To pay I got word from Mrs. Dymond I can-
not take the school, but that the present
teacher will continue teaching until June -
of the Dept. so I was his superior.
Mrs. D. Dymond would teach until that time.
And in the meantime I could easily get a
substitute to finish the Bal. of term. Kindly
advise -

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, July 30, 1920.

MEMORANDUM.

Mr. Scott,-

Miss Edna Rowan, teacher of the Oromocto Indian Day School, has applied for an increase in salary.

Miss Rowan was appointed teacher at this school on September 1st, 1919, at a salary of \$400.00 a year and bonus at the rate of \$150.00, a combined salary and bonus of \$550.00. She has a second-class license for the province of New Brunswick and Mr. Inspector Ryan states that she is doing as good work as can be expected owing to the irregularity in the attendance. There is an enrolment of 14 pupils, with an average attendance of 9. The total number of children of school age on the reserve is stated by the Inspector to be 14.

Miss Rowan states that the Department of Education and the districts have increased their grants for the coming year, making the salaries considerably higher than in former years, also that teachers of her class and experience are receiving as high as \$800.00 for the coming year.

I would recommend that Miss Rowan be granted an increase in salary of at least \$50.00 from the first instant. I should be pleased to have your decision in this matter.

Madam, -

I have to acknowledge the receipt of your letter of the 26th ultimo, regarding the salary received by you as teacher of the Oromocto Indian Day School.

In reply I beg to say that, while the funds at the disposal of the Department for increases in salary are limited, it will be prepared to increase your salary by \$50.00 from the First of July, last. This will make your salary from that date at the rate of \$450.00 per annum, which, with the bonus at the rate of \$150.00 per annum during the present fiscal year, will make a combined salary and bonus of \$600.00.

The Department will be pleased if you will inform Mr. Agent Griffiths, as soon as possible, whether it is your intention to resume duties when the school re-opens after the summer holidays.

I have to acknowledge the receipt of a letter which you received from Miss Edna Rowan, teacher of the Oromocto Indian Day School, requesting that she be permitted to give up duties until after the Christmas holidays, and that her sister, Miss Kathleen Rowan, act as substitute for her during that time.

In reply, I beg to say that provided you are satisfied with this arrangement, the Department will have no objection to Miss Kathleen Rowan acting as teacher during the absence of her sister. It is noted that she has had nine years' teaching experience, and it is considered that her services would be satisfactory. She will be allowed salary at the same rate as was paid her sister, viz: \$450 per annum and bonus at the rate of \$150 per annum during the present fiscal year.

I will be pleased if you will state whether the above arrangement meets with your approval, and if Miss Kathleen Rowan is prepared to begin duties when the school reopens after the summer holidays, on or about Sept. 1st, next.

You should inform Miss Kathleen Rowan of the Department's approval of her taking charge of this school.

OTTAWA, January 13th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 5th instant, in which you recommend that an increase in salary be granted Miss Kathleen Rowan, teacher of the Oromocto Indian Day School.

In reply I beg to say that the Department will allow Miss Rowan an increase of \$50.00 per annum in salary from the 1st of April, next, the beginning of the next fiscal year. We have no funds available from the present year's appropriation to provide for this increase. This will make her salary at the rate of \$500 per annum, the same as is allowed to the other teachers in your Agency. She will also be entitled to any bonus provided by law.

You will be good enough to inform her accordingly.

I beg to refer to official letter of the 13th of February, last, regarding the resignation of Miss Kathleen Rowan, teacher of the Oromocto Indian Day School, at the end of May, next. In this connection I beg to say that the Department has received an application from Miss Eileen J. Delaney, Chatham, N.B., applying for the position to succeed Miss Rowan. Her application is endorsed by Mr. John Morrissey, M.P., and we desire to give her the appointment.

I shall be pleased if you will communicate with Miss Delaney and give her the necessary instructions to proceed to Oromocto and take up duties when Miss Rowan retires. She will be allowed salary at the same rate as is paid Miss Rowan, viz: \$500 per annum, supplemented by any bonus provided by law. She has Normal training, and it is considered that her qualifications would be satisfactory for the Oromocto school.

I shall be pleased to hear as to what action you have taken, and whether Miss Delaney accepts the position or not, and, if so, whether she will be ready to take up duties when Miss Rowan retires.

Dear Sirs :-

I believe that my sister Kathleen is resigning her position as teacher of the Cromocto Indian School and I should like to be once more considered as an applicant for the position.

I have already had two years experience in this same school, having taught there the two years previous to my sisters taking over the school in 1921.

Since leaving the Indian School I have been teaching continuously in a white school and I feel that I have profited much by the experience.

I should my application be considered favorably I will try to the utmost of my ability to conduct the school to the satisfaction of all concerned.

Trusting to receive a favorable reply from you at an early date, I am

I beg to inform you, the children of the Oromocto reserve are not attending school as they should. I visited this school Sept 16 th, there were only two children present. The families move down ~~RIVER~~ the St. John river during the hunting season, and do not try to give their children an chance to get an education. It seems very unfair, as well as discouraging to the teacher and myself. The Department have provided a good school, and everything necessary to educate these children, and their parents do not try to take advantage of these privileges. The Indians of this reserve are a lazy, indolent, good for nothing lot, and do not seem to care how they live.

Sir:-

I have your letter of the 13th instant regarding the unsatisfactory attendance at the Oromocto Indian Day School.

We note that the parents take very little interest in the education of their children. You should take this question of a better attendance up with the truant officer Gabe Sacobie. As he is also the Constable it is considered that if he took a strong stand with the parents, it would greatly improve the attendance. If the parents refuse, after due notice from the truant officer, to send their children of school age and who are in good health regularly to school, it might be advisable to take steps under Sec. 10 of the Indian Act to enforce attendance. It is thought that if one or two examples were made of parents who neglect or refuse to send their children to school, it would have a satisfactory effect. You should consider this matter fully with the truant officer and if you think it advisable, you may take action as set forth in sub. sec. 2 and 3 of sec. 10 of the Act.

Please inform the Department of any action taken in the matter. You might state if you consider that Gabe Sacobie is making any effort as truant officer to encourage the parents to send their children to school, and if not, would you recommend that a change be made.

File 56-3-1. In reply, I am pleased to inform the Department there is a great improvement in the attendance of this school. There was a special meeting held by this band October 30th. I attended this meeting. The parents promised to co-operate with the truant officer and myself, to force their children to attend regularly, if I would help them to provide clothing. The teacher has a roll of kakhi cloth, which the Department sent, and I have given each child, who is large enough to wear them, a sweater. The military boots I distributed among them. In some cases, clothing had to be bought. I have asked the Department for authority for this expenditure, and hope they will approve of same. MEMORANDUM:The Honourable the Superintendent General,-

Reverend F. C. Ryan, Inspector of Indian Schools for the province of New Brunswick, in a report on his recent inspection of the Indian Day School on the Oromocto Reserve, No. 26 (Federal Electoral District of York-Sunbury), recommends a change in teacher for the coming academic year. He recommends that the present teacher, Miss Eileen Delaney, who possesses a second class teacher's certificate, be replaced by Miss Mary Eileen Scott, Lower Newcastle, N. B., who possesses a first class superior teacher's license for the province of New Brunswick. The Inspector reports that, in some way, Miss Delaney has lost her former interest in this reserve and the proper advancement of the school work has been falling off for the past three years. He states it is now the policy in the white school sections to employ teachers having first class certificates and that they could be obtained for the same salary.

Miss Delaney has been employed at this school since September first, 1923, with salary at the rate of \$75 per teaching month.

I would suggest that Reverend Father Ryan's recommendation be approved and submit same for your consideration. I shall be pleased to be advised if it will be satisfactory to replace Miss Delaney by appointing Miss Mary Eileen Scott, with salary at the same rate.

Dear Mr. Barry:

In the absence of the Minister, I wish to acknowledge receipt of your letter of the 14th instant, regarding the case of Miss Eileen Delaney, who has been teacher at the Indian school on the Oromocto Reserve.

Reverend F. C. Ryan, Inspector of Indian Schools for the province of New Brunswick, in a report on his inspection of the school on the 15th of June, last, stated that he found the pupils were doing only fair work and that, in some way, Miss Delaney had lost her former interest in this reserve and the proper advancement of the school work had been falling off for the past three years. Father Ryan recommended that it would be in the best interests of the work to replace Miss Delaney with a teacher having first class superior license for the province of New Brunswick. He stated, further, that such a change would be following out the course in white schools, of engaging the services of first class teachers, which could be obtained for the same salary as paid teachers having lower qualifications.

Father Ryan takes a great interest in the work in the Indian schools and is striving for improvement. In the past, he has had charge of the nomination of teachers and the Department has acted on his recommendations. Our only interest in the matter is to

Dear Sirs

As Parish Priest in this district with care of the Indian Reservation, promote, I am much disturbed about the dismissal of Miss Ellen Delaney, from the Indian school of that Reservation.

A manifold injustice has been done to Miss Delaney. In the first place as a teacher she has been highly efficient and in my judgment, which is also the judgment of a former teacher, has given satisfaction in every way. In addition to this, she is a lady of refinement and culture, deeply religious, and morally an example to all.

Miss Delaney and her sister are the sole support of aged parents. Her dismissal then, coming at this time causes a hardship which might easily have been avoided and which should have been avoided by anyone with a proper sense of justice and honesty of purpose.

In addition to these reasons Miss Delaney has lost her seniority in the schools of the Province and the twelve or more years she has taught in the Indian School, Bromoeto counts nothing ^{relative} to Teachers superannuation in this province.

It is said that 1st class Teachers are required for Indian Schools what nonsense! Miss Delaney missed here only by accident. Neither can I understand why this should have any bearing, as at Deacon, Kingsclear, and at other points 2nd class Teachers are employed. If this requirement be a new ruling, why in the name of Justice make its effects retroactive.

If Father Ryan has engineered this change, I cannot understand what has come over him. He certainly must be losing a balance of mind. A year or two ago a most disgraceful exhibition of bungling occurred in the Deacon School. The same thing it seems must be repeated at Bromoeto.

The different Pastors at Deacon, Kingsclear, Woodstock etc. care for these government charges at considerable trouble and also personal expense. We feel that we might at least be extended the courtesy of a consultation in any contemplated changes of Teachers. Neither can we understand, why a Teacher of the parish, in which the reservation is situated, might not be employed, rather than having one brought

Reverend F. C. Ryan, Inspector of Indian Schools for the province of New Brunswick, in a report on his inspection of the school on the 15th of June, last, stated that he found the pupils were doing only fair work and that, in some way, Miss Delaney had lost her former interest in this reserve and the proper advancement of the school work had been falling off for the past three years. Father Ryan recommended that it would be in the best interests of the work to replace Miss Delaney with a teacher having first class superior license for the province of New Brunswick. He stated, further, that such a change would be following out the course in white schools, of engaging the services of first class teachers, which could be obtained for the same salary as paid teachers having lower qualifications.

Father Ryan takes a great interest in the work in the Indian schools and is striving for improvement. In the past, he has had charge of the nomination of teachers and the Department has acted on his recommendations. Our only interest in the matter is to expend public funds in the best welfare of those we are endeavouring to serve. Consequently, when it is possible to obtain highly qualified teachers, the Department endeavours to do so, in the interests of the education of the Indian youth.

I may add that the appointment of a teacher to succeed Miss Delaney, and one who possesses a first-class superior teacher's license, has been made for the coming school year.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

The Dept. of Ind. Affairs:

Miss E. Delaney came again to see me today, she states that according to law, she cannot be deprived of the Oromocto Ind. Day School, she claims that Rev. Fr. Boyd, P.P. for this mission finds her most competent in every respect and that I have wronged her, I explained that her work was most satisfactory up until the last two years, and with such a small school, better work was expected - her one claim is that as Fr. Boyd is satisfied why should I complain.

It stands as this today. She demanded that I forward to Fr. Boyd a recommendation, stating

She was satisfactory as he must have the Ormacks, she taught for 13 years in the school and well knew her work, and was fit to judge as to its efficiency, etc.

Why Mr. Boyd or any other Priest should interfere with the teachers of the said schools, I fail to understand.

I select the best, with no favoritism shown.

The great trouble today is - there are so many teachers either without schools, or with schools but without pay, daily applications come in for schools - This gives rise to most of today's interference, and unless this interference is at once checked, endless trouble lies before us, our Indian schools will become but mere charitable offerings, Indian education will suffer, while chaotic conditions of every description must certainly set in. Our schools of today are progressive with but 2 or 3 exceptions, and had I a free hand they too would be in line.

The Department is in receipt of your letter of the 22nd instant, addressed to Mr. Sutherland. He is now in the Maritime Provinces and expects to visit you early in August. I enclose the correspondence which you wished returned to you.

In official letter of the 10th instant, you were instructed to inform Miss Eileen Delaney that her services as teacher at the Oromocto School would not be further required. It is presumed that you have done so. You were also instructed, in that letter, to arrange with Miss Mary Eileen Scott to begin duties at Oromocto on September first.

I may say that the Department is also in receipt of a letter from Rev. Father Boyd, and I enclose, for your information, a copy of our reply to him.

J. H. MacInnes,
Department of Indian Affairs
Ottawa, Canada.

I regret most sincerely that the great injustice done to Miss Delaney must remain.

If the Department of Indian Affairs and Father Ryan are so solicitous for the Educational welfare of the Indian child, it seems strange, that an experienced teacher should be appointed in her place, also that a second class teacher should be left in the Devon School.

The Pastors of Woodstock, Sloan, Kingsclear and myself (and others, ~~satisfied~~ if I had an opportunity to confer with them) who do more for the Indians of their districts than anyone else, and who know them better as well, are weary and disgusted of being completely ignored relative to any change or policy affecting these people. It is the duty of the Department to rectify this lack of cooperation

and disgraceful condition of existing affairs, which is conducive, not to the welfare of the Indian, but ^{which} brings in injurious results instead.

It is not my intention to let the matter drop or to cease in my efforts in Miss Delaney's behalf. One despises an injustice in any form, and in this case of the Bromonto school, I see only the intention of Father Ryan to replace Miss Delaney by one from his own parish, irrespective of the injustice involved.

Dear Sir:

I have been asked to give a recommendation to Miss Scott who has been appointed to the Indian School at Oromocto, N.B., and concerning whose appointment a certain few individuals have made opposition. It therefore gives me pleasure to state that I have known this young woman for some years and that her character and conduct are of the very highest.

Recently I have seen a copy of a letter sent the Department by the Rev. C. Boyd of Petersville, N.B. in which he states that the former teacher at Oromocto, Miss Delaney, has been replaced by the Inspector of Indian Schools, Rev. F.C. Ryan, in favor of an inexperienced teacher and a parishioner of Fr. Ryans. In the interests of truth allow me to state that Miss Scott is not inexperienced but has successfully filled the position of teacher at Bartibog Bridge, N.B. during two years and further that far from being a parishioner of Fr. Ryans, she lives in my parish. Furthermore, to my certain knowledge, she never at any time made Fr. Ryan's acquaintance, nor had any correspondence with him previous to her appointment as teacher at Oromocto. Moreover, she was recommended to the Inspector neither by myself nor anyone else, but obtained his approval by her own record and merits.

I beg to remain,

Yours truly,

Rev. W. J. Wallace, P.P.

Dear Mr. Clark:

My Minister, Mr. Crerar, has asked me to acknowledge ~~to have~~ your letter of the 20th instant, with reference to the case of Miss Eileen Delaney, whose services were dispensed with as teacher of the Indian Day School on the Oromocto Reserve.

Reverend F. C. The Inspector recommended it would be in the best interests of the work at this school to replace Miss Delaney with a teacher having a first-class superior license for the province of New Brunswick. He further stated that such a change would be following out the course in white schools, of engaging the services of first-class teachers, who could be obtained for the same salary as paid teachers having lower qualifications.

Father Ryan takes a great interest in the work in the Indian schools and is striving for improvement. The only interest of the Department in the matter is to expend public funds in the best welfare of those we are endeavouring to serve. Consequently, when it is possible to obtain highly qualified teachers, the Department endeavours to do so in the interests of the education of the Indian youth. Miss Delaney was informed in due time that her services would not be required for the coming school year. Gentlemen.

At the close of the month of October, I obtained, through the Indian Agent, Mr. B. J. Griffiths, an advance of one month's salary on the December Quarter. The check arrived on November 22nd but I find that it is \$2.50 less than my month's salary should be. I am now receiving \$67.50 per month, but my check was for \$65.00.

The number of the check was 8 and the

Rev. Sir,

The plans and specifications for the new school houses at Woodstock and Oromocto are about completed and tenders will be called for within a short time. The plans and specifications for the Oromocto school will be sent to you when ready. These schools are both to be built on the one plan.

It will be necessary to at once take up the matter of sites for these two schools and the Department would like you to attend to this and report separately. If possible at least an acre of ground should be reserved for school purposes, so that the teaching of gardening might be taken up if desired at a later date. The site should be high and dry and easily drained. Kindly take this up at your earliest convenience.

Rev. Sir,

Referring to the proposed erection of the new school house on the Oromocto Reserve the Department would like to know whether you would undertake the inspection during the process of construction. This work will be done by contract and it will be necessary for some official of the Department or a specially authorized officer to visit the locality frequently while the work is under progress in order to see that it is being done strictly in accordance with plans and specifications.

The Department would be pleased to have you do this work if you could spare the time and make the necessary arrangements. If, however, this is impracticable steps will be taken to have an inspector appointed for the purpose.

Sir,

I beg to enclose herewith a copy of an advertisement calling for tenders for the erection of school-houses on the Indian reserves at Burnt Church, Woodstock and Oronto, N.B., and I have to ask you to be good enough to have this advertisement inserted in the issues of the "Newcastle Union Advocate" of Wednesday, April 13th and 20th; the "Chatham North Shore Leader", the "Fredericton Herald" and "St. John Telegraph" of the 13th, 16th and 18th April; and the "Woodstock Carleton Sentinel" of April 16th and 23rd.

The Department is most anxious to get these building operations under way at as early a date as possible and trusts that arrangements for the insertion of this advertisement will be carried out as above stated.

Rev. Sir,

I beg to advise you that Mr. Stephen Green, who has been awarded the contract for the erection of the Woodstock school, is also to build the Oromocto school.

You were good enough to offer your services to inspect the work at Oromocto. The Department will pay Mr. Green from time to time up to 80% approximately of the value of the work done upon receipt of your certificate. A supply of blank forms is being sent you under separate cover. You should visit the building during the process of construction as frequently as thought necessary to insure the work being performed strictly in accordance with the plans and specifications.

I might also remind you that the clearing and draining of the school grounds has to be attended to and you may obtain prices from Mr. Green for this work and submit them to the Department. If Mr. Green will not undertake this it will be necessary for you to look to some other source.

Brother Ryan

Dear Sir

367197

In reply to your letter of the 4th. Would say that, regard to the draining & grading in Indian School lot. That I simply got the best price for the work namely \$50⁰⁰ from two Indians for grading and \$150⁰⁰ from Mr Stewers for draining. So you see there was nothing in it for me, but I am anxious to have the work done because it would help the looks of my work. Now I proposed to put three runs of 4 in drain tile just to back of the building all the way across lot emptying (back of Dr Polchris house) in that gulch also run around bottom of wall graded to one of three runs which would to main road. Now Sir if you can get the job done cheaper kindly do me a favor giving to someone else. The \$100⁰⁰ is satisfactory for change from stone to concrete in wall. Will certainly do first class job. Hoping you are in good health.

Sir. I have to acknowledge receipt of your letter of 13th inst. referring to the specifications for the construction of the outhouses in connection with the promotoe and roads to the school and enclosing plans for same. In reply to same I would say that before the present of these plans the contractor had already erected outhouses for these two schools. Assuming probably that the Dept. did not intend to send any specific details for the construction of these buildings. The buildings he erected are well built and well furnished and on my suggestion he added a third compartment to the other two. In the special case of the teachers, as I found the teachers needed such accommodation. They are supplied with ventilation pipes - fans etc. Will the Dept. kindly inform me, whether or not in view

Sir, In reply to your letter of 26 inst. No. 265-279/5- re the matter of drainage in the Desnoets school site. I should explain that this has nothing to do with the draining and grading of the Dorchester school grounds, as your letter supposes, and in which Mr. Green has the contract.

The work I asked Mr. Steers to do at Desnoets was to dig a drain from the school house, connecting with the lining I had previously laid around the outside of the building at the front corner, so as to carry off any water that might lodge against the walls and cause the building to lean in the spring. As for the grading of this ground - it is included in Mr. Green's contract.

Sir - I am enclosing a second Certificate
of work done in connection with the
Indian School house at Promocto, and
as requested in your letter of 23rd ult.
no. 265-279/s. - submit the report
submitted.

On July 8th. I visited the
Promocto Reserve in company with
my steers (Mr. Green's Mason) to
show him the site of the new school
Building - and he there and then after
laying off the said ground let the
digging of cellar to the Indians of
the Reserve - &
the cellar done. He has not yet begun ap-
proach until I should be present - but
on the 23rd July - when I visited the
work I found he had started the
wall - and had not put in a footing
course - I made him take the wall
down that he had built and start
over again, according to specifications -
I again visited the work
on 25th July. to see that it was being
properly done - and insisted on more

room being left outside hall. To properly
 dash the same with cement - and
 allow of tiling being placed outside
 the footing. I have - and this was done
 on Aug 2nd and requested that jagged
 stone be used in constructing the wall.
 which was done - and refused to allow
 slate be used in place of stone for
 concrete wall work -
 I therefore am that material
 in and construction of wall was as specified
 by the Dept. and a thoroughly good job
 was made of this portion of the
 work.
 On Aug. 12th. I again paid
 a visit to the work room in the hands
 of the Carpenter and found frame, sps.
 & floor joists laid - and the men putting
 up the rafters. In prof. the material
 used was of the required dimensions and
 sound lumber. I have made several visits
 since that time and have found that
 the Contractor Mr. Green is spraying
 the joists to do a good job.
 The Building at my
 last visit Sept. 24th - was pretty
 well finished exteriorly - and inside
 the plastering was finished as well
 as chimney and I am Sir.

Rev. Sir,

I have to acknowledge the receipt of your letters of the 29th and 30th ultimo in reference to the Oromocto school.

In reply I beg to say that the action taken by you in having closets erected is approved, although the work is not being done according to the plan which was sent at a later date by the Department.

It is also noted that the grading of the school grounds is included in Mr. Green's contract.

The Department is pleased to learn from your report on the building operations that the work will soon be completed and to know that a satisfactory job has been done.

A cheque for \$1000.00 will be sent, as requested.

Sir - Yesterday Sept. 30 - I visited the new school buildings in process of construction at the Promote Reserve, and found the work progressing satisfactorily. Mr. Green and his men being kept engaged in placing the skeletal ceiling in position, and doing the work as specified. I would call the Dept's attention however to the fact that the plans suffered a slight alteration as to the carrying timber in cellar in as much as the Contractor could not possibly carry out the plans for stairway. I thought I was doing. By the Dept will look at plans it will find that according to plans the carrying timber runs across stairs, leaving only 3 ft of head room rendering it difficult for any body to go up and down cellar stairs. Therefore Mr. Green put carrying timber, where it interfered with going to and from basement.

portion as already stated. being finished according to specifications and details sent me. and the material in every instance being the best procurable.

Therefore I have no hesitation in passing upon the work as very good factory and in sending in to the Dept. Mr. Green's third and last certificate asking for the remaining portion of what is due him on his Contract.

As noted in my letter of 1st. Mch. hon. sec. Mr. Green having placed an extra abutment to support carrying timber in order to give room for stairway to cellar according to plans. so as to secure easy access to and egress from same. Asks from the Dept. an extra \$10.00 for this abutment, and in so far as my judgment goes, finding same necessary. I would report favorably on it.

Also in connection with the outhouses - Mr. Green having added an extra compartment for the use of the teacher - Asks for said work the sum of fifteen dollars - which I also consider very reasonable. I am therefore in enclosed certificate asking the Dept. for these two extras - trusting that everything is

Sir: I beg to advise the Dept that Mr. Stephen Green, Contractor for the Armoct Indian School, has completed his work on said building and premises - and that the building is now being occupied by the Chief of that Reservation. In the entire matter of this Contract I may say that Mr Green has faithfully adhered to the plans and specifications of same and the work done by him consequently is a credit to himself and to the Dept. As those competent to judge have pronounced it in every respect a thoroughly finished job and an ornament to the Village which it adorns.

Since sending in my report on progress of work Sept 29th I made several visits to the building in order to ensure that the work was being done according to instructions recd. and I have now to say that no particular has been overlooked. The whole of the remaining

Rev'd Sir,

Ottawa, 23rd November, 1910.

Referring to your letter of the 15th instant, I return herewith the account which you transmitted from Mr W.D. Steeves. It should be amended so as to give details of the charges therein for tile, and with respect to the time he was employed, as seemingly the work was not done under contract. If Mr Steeves supplied the tile used in the work (in connection with the Oromocto school) why was the account of Messrs M. Ryan & Son sent to the Department for payment?

Sir,—

I beg to refer the Department to their letter of Nov. 25. File 56-3-5. This letter refers to the drainage from the grounds at the back of the Oromocto Indian School, to stop the water from soaking into the cellar. There is a drain there now, with a three inch pipe in it, but this is useless. I would recommend a drain be dug from the west side of the school, and continued easterly to the highway road, a distance of twenty-two rods. There is a gradual slope from the school to the road. The drain should be dug about one foot below the bottom of the cellar, then filled with rough rock. This was done at Woodstock School, and has greatly improved the condition. The approximate cost would be seventy-five dollars.

Sir:

I have your letter of the 14th instant, relative to the drainage from the cellar of the Oromocto Indian Day School, and stating what you would recommend be done in the matter.

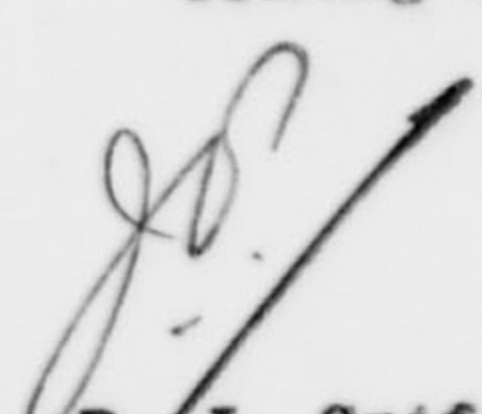

In this connection I beg to say that you may have a drain dug from the west side of the school and continued easterly to the highway. This drain should be dug about one foot below the floor level of the cellar and filled in with broken rock. This is the same arrangement as was made for drainage at the Woodstock School, which, we understand, is successful. You should arrange to have this work carried out during the coming summer holidays, and you should see that a satisfactory job is completed. The cost should be kept as low as possible, and should not exceed your estimate of approximately \$75. When this work is completed, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

Relative to the interior painting of the school building, I have to request that you will forward an estimate of the cost of having this work carried out, stating definitely what painting you would recommend be performed. When we have this information, consideration will be given to authorizing having the work done. Please give this matter your early attention, as, if it is decided to have the painting carried out, it should be done during the coming summer holidays.

Your obedient servant,

T. R. L. MacInnes,

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Oromocto Indian Day School, recommends that the interior of the school building be thoroughly cleaned and painted. You have already referred to this matter and have been requested to furnish an estimate of the cost at the earliest possible date. The floor should also be thoroughly scrubbed and oiled.

The Inspector has drawn attention to the attendance. He states that the children of some of the families who receive relief do not attend regularly. You should notify the parents or guardians in each case that consideration will have to be given to the cutting down of relief supplies if their children do not attend regularly after the school re-opens. It is thought that if you took a strong stand with the delinquent parents that there would be a larger and more regular attendance. Please bear this matter in mind when the school re-opens.

In reply I beg to say that you may arrange to have the ceiling given two coats of flat white, the side walls, two coats of light cream, and the woodwork, two coats of light grey paint. The outside steps should also be given two coats of paint. If possible, you should obtain competitive prices for the paint, oils, etc., required, and make the purchase from the firm quoting the lowest. You should see that a good grade of material is used and arrange for the labour in carrying out the painting. Proper time sheets, in duplicate, should be kept of the labour employed, signed by the men who do the work and certified by yourself. Please forward an account, in duplicate, properly certified, covering the cost of all materials.

The Department will expect you to see that a satisfactory job is completed and that the work is finished before the school re-opens after the summer holidays. The total expenses for material and labour should not exceed your estimate of approximately \$140.

Dear Sir:-

I enclose herewith Departmental cheque No. 2950 for \$75.00 drawn in your favour, to pay labour for digging drain in connection with the Oromocto Indian Day School. Labour return forms are also enclosed. You should make these out in duplicate with ink, and when you pay the men, have each man sign his name in the column provided for same after the amount paid him. The signatures should be witnessed by a third disinterested party.

Kindly return two copies to the Department under cover of a letter, with a refund of any unused balance.

Yours truly,

F.H. Paget,
Chief Accountant.

Fredericton,

Sir,—

I beg to inform you, in letter of June 19, File 56-3-5, the Department authorized an expenditure of seventy-five dollars to dig a drain and fill with rock, at the Oromocto Indian School. When I gave this estimate, I thought that there were plenty of rocks on or near the reserve, but there were none. What rocks I used had to be hauled two and one half miles. This meant an extra expenditure. It has cost twenty-~~five~~^{four} dollars for the rock delivered. These I used around the school, from there to the highway I am using 4 inch tile pipe, which will be just as serviceable as the rock. I would recommend an extra expenditure of twenty-five dollars, a total of one hundred dollars, as it will require that amount to pay for work and material.

Your obedient servant.

Sir:

I beg to acknowledge receipt of your letter of the 10th instant, with reference to digging a drain and filling it with rock at the Oromocto Indian Day School. It is noted that this work will cost an additional \$25 to the amount authorized by official letter of June 19th, last. In view of your explanation, this additional expenditure is approved.

Dec. 12th. 1928.

Sir,-

I beg to inform the Department, the children who attend the Cromocto Indian Day School, are nearly all sick with colds. There have been four deaths in the last week, of small children under school age. They had pneumonia, and the school has been closed for three days. Doctor Sterling instructed me to have the school cleaned and fumigated. This I have done. Miss Delaney is opening the school to-day. I visited this reserve with Doctor Sterling Dec. 11th. He visited nearly all the homes, and informed me that the sick were improving.

Ottawa, June 25th, 1929.

Sir:

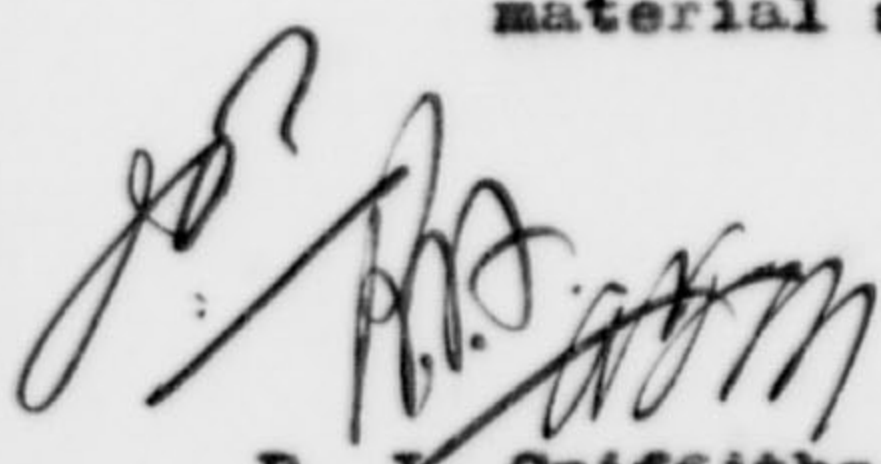

Rev. Father Ryan, Inspector of Indian Schools for the Province of New Brunswick, in a report on his recent inspection of the Oromocto Indian Day School, recommends that the interior of the school be well washed and that a competent person be employed in order to not damage the paint. It is thought that it would be advisable to obtain the services of a competent man, with the necessary step ladders, to carry out this work satisfactorily. All the walls and ceilings should be thoroughly washed.

The out houses require some repairs and to be thoroughly cleaned. If you consider it necessary, they should also be whitewashed.

The above work should be carried out during the summer holidays, and all expenses should be kept as low as possible. The Department will rely on you to see that this work is satisfactorily completed.

Please forward accounts, in duplicate, properly certified, covering the cost of the work and for the material supplied.

Your obedient servant,

A. F. Mackenzie,

Sir, -

I beg to enclose bill from Mrs Frank L. Nason for work done at the Oromocto Indian School. The floors of this school were in a wretched condition. She used lye to remove the cheap varnish, or whatever was on the floors, then she scrubbed them three times. It is in good condition now. She also washed the walls and wood-work and windows. She was six days doing the work. I would recommend that a cheque be forwarded to this woman at once, as she is in need of it.

Sir, -

I beg to recommend that four padlocks and hasps be purchased for the Oromocto Indian School, three for the outhouse doors, and one for the door leading to the cellar. The total cost would be three dollars. (\$3.00). There has been a change made in janitors at this school, and some one has a key to the cellar door, which I cannot locate.

Sir,-

I beg to inform the Department, there is not sufficient seating room in the Oromocto Indian School room. If three benches were provided, they would seat six. This would be sufficient. The three desks at the back of the school have never had seats. The cost of these seats would be approximately three dollars each delivered.

I would recommend this expenditure.

Sir:

I have to acknowledge receipt of a requisition from the teacher of the Oromocto Indian Day School for classroom supplies and supplies for the teaching of domestic science. An order is being forwarded to the Government Stationery Office to send to the teacher the classroom supplies considered necessary.

You may arrange for the purchase and delivery of the following: 20 yards blue duck, 25 yards print or gingham for girls' dresses, 12 spools thread, 25 yards elastic, 6 dozen buttons, 3 pounds yarn, 3 pounds soap, 1 broom and 25 yards stockingette. It might be well to consult the teacher as to the type of supplies she requires and you could then arrange to place the order and have same delivered. After these goods have been purchased, you should forward an account, in duplicate, properly certified, covering the cost.

Sir,-

I have to acknowledge the receipt of a requisition from the teacher of the Oromocto Indian Day School for material for sewing and the making of garments for the use of the pupils. In reply I beg to say that you may arrange for the purchase of the following materials:-

25 yds. blue duck - for boys' blouses & suits.
 25 yds. gingham or print - for girls' dresses
 and aprons.
 25 yds. elastic
 12 spools thread
 25 yds. braid for trimming
 5 doz. buttons
 6 yds. towelling
 3 lbs. soap
 1 comb
 1 scrubbing brush
 12 thimbles

It might be advisable to consult the teacher as to the material she requires and you should then arrange for the early purchase and delivery of same. After these supplies have been purchased, you should forward properly certified accounts, in duplicate, covering the cost.

Your obedient servant,

A. F. MacKenzie.

Ottawa, July 17, 1930.

Sir:

Rev. F. C. Ryan, Inspector of Indian Schools, in a report on his recent inspection of the Oromocto Indian Day School, recommends that the following work be carried out during the present summer holidays. The interior woodwork of the school should be well washed, the floor thoroughly scrubbed and allowed to dry for a few days, when it should be given a coat of hot oil. He also recommends that the fence be repaired, straightened and put in good order also that a new gate be supplied, if required. You should arrange to have this work performed. Please see that the school is placed in good condition and the fence repaired before the first of September.

The Inspector requests, further, that a sand table be supplied. You may arrange to have a table, of the dimensions required, built locally and have same placed in the school before it re-opens.

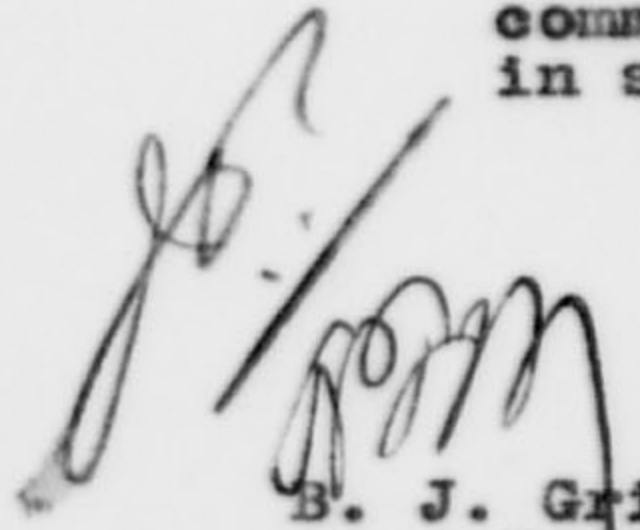

In carrying out the above work, you should keep all costs as low as possible and, when completed, forward accounts, in duplicate, properly certified, covering the expenditure incurred. If the out houses require cleaning, please arrange to have this done also and see that they are in a sanitary condition.

The Inspector has spoken most highly of the services being performed by Miss Delaney, the teacher, both in the school and on the reserve. In a separate communication, you will be informed regarding an increase in salary for this teacher.

Your obedient servant,

A. F. MacKenzie,

Ottawa, August 29th, 1930.

Sir,-

Replying to your letter of the 26th instant, I have to say that you may arrange for the supplying of the quantities of milk to the Indian day schools in your agency during each school day beginning the 2nd proximo, as follows:-

Woodstock	-	8	quarts	per	day.
Kingsclear	-	6	"	"	"
St. Mary's	-	8	"	"	"
Oromocto	-	6	"	"	"

The cost of the milk delivered should not exceed the price mentioned in your letter, viz., ten cents per quart.

The teacher should keep an accurate list of the milk supplied each day and this list should be handed to you at the end of each month, when you should prepare certified vouchers, in duplicate, for the amount due and forward same to the Department, together with the list showing the quantity of milk delivered at each school. Separate accounts should be forwarded covering the cost of the milk supplied each school. It is expected that the teachers will see that the milk is received in clean containers and that it is kept in a sanitary condition, also, that the quantity received is used by the pupils each day, without waste.

Your obedient servant,

Sgt. L. A. L. MacInnes

Sir:

Miss Murdoch, travelling nurse for the Province of New Brunswick, recommends that a medicine cabinet be supplied for use at the Oromocto Indian Day School. She states this cupboard could be built and fastened to the wall at the rear of the classroom, and that it could be of an inexpensive type. It is required in which to keep cod liver oil supplied for the pupils' use, also tooth brushes, cups and other supplies.

I have to request that you will make enquiry as to the cost of having a suitable cupboard built locally or for the purchase of same and inform the Department, when consideration will be given to authorizing its installation in the school. The cupboard should have a good lock, with key. Please give this matter your early attention.

Sir,-

I have your letter of the 20th ultimo, requesting authority to incur expenditure in the purchase of a treat for the pupils of the Oromocto, St. Marys and Kingsclear Indian Day Schools to be awarded them before the schools close for the christmas holidays. In this connection I have to say that our funds for the balance of the present fiscal year are extremely limited and it has been found necessary to reduce the amounts usually allowed. You may incur an expenditure not exceeding the sum of \$8.00 in the purchase of ~~a prize~~ for a treat for each of the above named schools. Please obtain itemized accounts in duplicate covering the expenditure incurred for each of the schools separately. These you should attach to proper voucher forms certify in the usual manner and send to the Department for payment.

Ottawa, July 6, 1931.

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Oromocto Indian Day School, recommends that the floor be thoroughly scrubbed, and, when dry, given a coat of hot oil. He also recommends that the steps and one pillar at the entrance be repaired and that the out houses be placed in good, sanitary condition.

You should arrange to have the above work carried out during the coming summer holidays, keeping the cost of same as low as possible, and, when same has been completed, you should forward accounts, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

A. F. MacKenzie

Ottawa, October 5, 1931.

Sir:

I have your letter of the 1st instant, informing the Department of the price that would be charged per quart for supplying the milk required for use by the pupils in the four Indian day schools in your Agency.

In reply I have to say that you may arrange for the supplying of the following quantities of milk during each school day beginning November 2nd, next:

Woodstock Indian Day School	-	8	Qts.	per school day,
Kingsclear	"	6	"	"
St. Mary's	"	8	"	"
Oromocto	"	6	"	"

The cost of the milk, delivered, should not exceed the price mentioned in your letter, viz., 10 cents per quart.

The teacher should keep an accurate list of the milk supplied each day, and this list should be handed to you at the end of each month, when you should prepare a voucher, in duplicate, for the amount due and forward same to the Department, together with the list showing the quantity of milk delivered at each school. A separate account should be forwarded covering the cost of the milk supplied each school.

It is expected that the teachers will see that this milk is received in clean containers and that it is kept in a sanitary condition, also that the full quantity received is used by the pupils each day, without waste.

Our funds this year are limited, and it is considered that if this milk is supplied from the beginning of November, next, and continued until the end of April, next, the pupils would be provided with milk during the fall, winter and early spring months, and that there would be the need of continuing the milk after the end of April, next. Please bear this in mind, and arrange that the milk be served the pupils between the period above mentioned - November 1st to April 30th, next.

Ottawa, September 20, 1932.

Sir:

I have your letter of the 15th instant, and, in reply, have to inform you that you may arrange for the supplying of milk for each of the four Indian day schools in your Agency as follows:

Oromocto	-	6	Qts.	per	school	day,
St. Marys	-	8	"	"	"	"
Kingsclear	-	6	"	"	"	"
Woodstock	-	8	"	"	"	"

This milk may be supplied from the period beginning November 1st, next, until April 1st, following.

The cost of the milk delivered should be, if possible, eight cents per quart, and must not exceed ten cents per quart.

The teacher should keep an accurate account of the quantity of milk supplied each day. This list should be handed to you at the end of each month, and you should prepare a voucher, in triplicate, for the amount due and forward same to the Department, with the list attached showing the quantity of milk delivered at each school. A separate account should be forwarded covering the cost of the milk supplied each school.

The teacher should see that the milk is received in clean containers and that it is kept in a sanitary condition, also that the full quantity received is used by the pupils each day, without waste.

Your obedient servant,

T. R. L. MacInnes

FORM T.N. - 2.

-- Fredericton, N.B. --

-- September 9, 1932. --

TO B.J. Griffiths Esq. --
INDIAN AGENT
Fredericton, N.B. --

SIR:

*Amended
for

I recommend that The school children --
of Oromocto -- Reserve, be supplied
with Milk for lunches through the winter months, as in --
previous winters, also bread and butter. -- It would require
5 loaves of bread and one pound of butter weekly for this --
school. -- One small nail brush is also required. --

AL

My reason for making this recommendation is --
That the families on this reserve seem poor and improvident.
If the children were given a good morning lunch they would
be in better condition to resist colds and other diseases --
through the winter months. -- The nail brush is needed to help
the children to keep their hands clean.

Sir:

The Department is in receipt of your account for \$7.61, in favour of the A. B. White Company, Limited, in connection with supplies furnished to the Oromocto Indian Day School. This account includes an item of 90¢ for tooth brushes. There is no necessity for purchasing these, as tooth brushes were forwarded to the school from the Department last month. This item has therefore been deducted from the account and a cheque for \$6.71 will be forwarded to the A. B. White Company.

Extract from Inspector Ryan's Report on
his inspection of the Oromocto Indian Day School
on June 5, 1934.

Original on File 56-3-6.

The paint is hanging from the steel ceiling in large flakes and in very bad shape. The ceiling should be scraped or old coats of paint removed and then repainted. The rest of the interior will do, it is only the ceiling.

The outhouses should be cleaned, whitewashed and repaired and some minor repairs about steps.

Sir:

In his report regarding his visit to the Oromocto Indian Day School on the 5th instant, Inspector Ryan reports as follows:

"The paint is hanging from the steel ceiling in large flakes and in very bad shape. The ceiling should be scraped or old coats of paint removed and then repainted. The rest of the interior will do, it is only the ceiling.

The outhouses should be cleaned, whitewashed and repaired and some minor repairs about steps."

Please advise the Department what expenditure would be required to carry out the improvements suggested by the Inspector.

I beg to acknowledge receipt of account amounting to \$10.68 in favour of A. B. White Co., Oromocto, covering the cost of articles supplied to the Oromocto Indian Day School from April to December, last.

I have been unable to locate any authority for the purchases covered by this account. However, the account is being paid, but I would point out that you should have secured authority before incurring the expenditure.

The Department considers that the use of Chipso should be discontinued, as ordinary soap would be more economical.

Rev. F. C. Ryan, Inspector of Indian Schools, in a report on his inspection on the 4th instant of the Cromocto Indian Day School, has drawn attention to the condition of the roof of the school building. He recommends that the shingles be replaced where they have fallen out, and that the roof be repaired. He states that the steel ceiling should be painted with a coat of proper paint to overcome its present condition before receiving a final coat, and that a competent painter should do the work.

I would request that you furnish an estimate of the cost of the above repairs, stating how you would recommend that the labour be carried out.

You should arrange during the summer to have the toilets cleaned out and placed in a good, sanitary condition.

Sir:-

I beg to inform the Department that the outhouse building of the Oromocto Indian School needs repairing. The sills have rotted, and the building has settled. The doors will not open; the roof needs repairing; also the saddle board is off. There is a new box needed, as the one in use is now so rotted that it cannot be moved to be cleaned. Also, there are two lights out of the cellar windows. One of the buttments by the steps going into the school needs repairing, as the bricks have chipped, and some have fallen out.

It is impossible to give the exact cost of material and work, but I do not think it can be done for less than \$30.00. The outhouse will have to be blocked up to get underneath to do the work. I would recommend that this work be done during the holidays.

I have your letter of the 28th ultimo, regarding the repairs required to the outbuilding at the Oremecto Indian Day School.

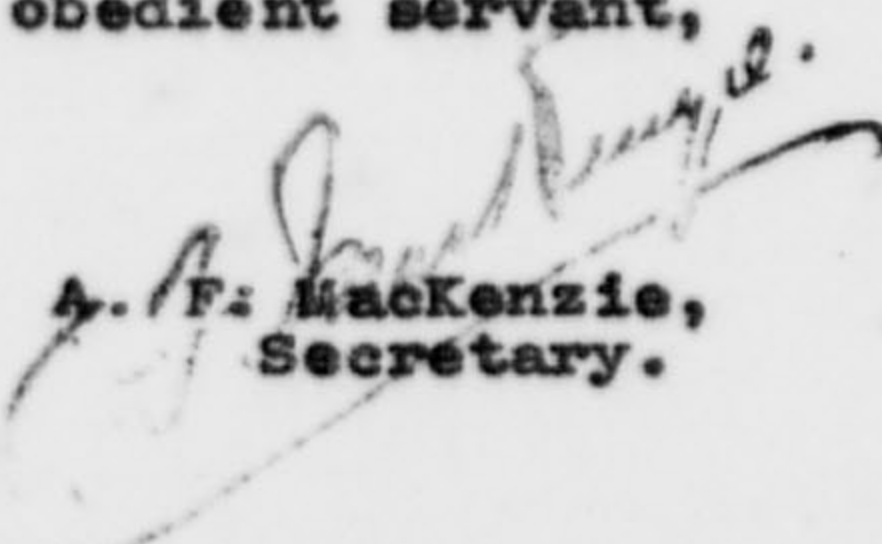

In reply I have to say the Department will approve of an expenditure, not to exceed the sum of \$30.00, in having the out-house thoroughly repaired and placed in good condition. You should arrange for the purchase of any materials required and for the labour. You may also have two lights installed in the cellar windows and the buttments by the steps of the school repaired. You should see that all work is satisfactorily completed and at as low a cost as possible.

Please forward itemized accounts, in triplicate, covering the cost of the material and labour. Regarding the labour, you should state definitely the number of days or hours employed and the rate paid. This work should be completed before the school re-opens after the summer holidays.

Dear Sir,

I beg to advise the Department on my files I find a letter dated June 20th/35 # 56-3-5 in which you ask for an estimate re interior, cleaning, painting, etc. the Moncton Indian Day School.

I have made an inspection of this building and would suggest the following work be done:-
steel ceiling scraped with steel brush, cleaned thoroughly and given two coats of the proper paint - the walls cleaned and painted, floors scrubbed and given a treatment of hot oil and desks disinfected. Also seven panes of glass in the basement need replacing.

I beg to recommend a skilled painter be employed with an Indian as helper to do this work. I can hire such a man for \$2.50 per day. It will take approximately five days

Sir:

I have your letter of the 8th instant, regarding the redecorating of the interior of the Oromocto Indian Day School and giving an estimate of the cost of materials and labour.

In reply I have to say the Department will approve of you incurring an expenditure, not exceeding \$30.00, in carrying out the following work, as recommended by yourself:-

Steel ceiling scraped with steel brush, cleaned thoroughly and given two coats of the proper paint.

The walls to be cleaned and painted.

Floors scrubbed and given a treatment of hot oil and the desks disinfected and also seven panes of glass in the basement replaced.

You may arrange for the purchase of the materials and engage the services of a skilled painter, with an Indian as helper, and have the work carried out as early as possible. Please obtain itemized accounts, in triplicate, covering the cost of all materials. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. You should prepare vouchers, in triplicate, covering the cost of the labour employed. The number of days or hours employed and the rate paid should be definitely stated on the vouchers. You should also obtain itemized accounts, covering the amount of rations issued to the Indian for his labour and attach same to voucher forms. All the vouchers should be certified by you and forwarded for payment.

I beg to refer you to official letter dated July 18th, addressed to the former Indian Agent, regarding the repairs required to the outbuildings at the Oromocto School. Authority was given to incur an expenditure of \$30.00 in having the out-house thoroughly cleaned, repaired and placed in good condition. Ottawa, November 9, 1935.

Sir:

Your voucher No. 5, dated August 16th, last, submitted account of \$3.60, in favour of the Devon Lumber Company, covering the cost of shingles for the Oromocto School. The date of their account, which was attached to the voucher, was July 23, 1935.

The Department is now in receipt of the enclosed voucher, No. 97. The item of \$5.40 on this voucher includes a charge of \$3.60 for shingles supplied the Oromocto School on July 23rd.

As your voucher No. 5 was paid by cheque No. 15496 on August 27th, last, it appears the Company is charging a second time for the shingles supplied on July 23rd. If so, your last voucher is returned, in order that the necessary correction can be made.

Dear Sir:

Reverend Father Ryan, Inspector of Indian Schools for New Brunswick, in a report on his recent inspection of the Oromocto Indian Day School, recommends that the interior of the classroom be cleaned, that the floor be scrubbed and, when dry, given a coat of hot oil. He states, also, that some repairs are required to the two out-houses - that they should be thoroughly cleaned and whitewashed inside.

I would request that you arrange to have this work carried out during the present summer holidays, keeping the cost as low as possible. Please forward itemized accounts, in triplicate, properly certified, covering the expenditure incurred.

Yours truly,

T. R. L. MacInnes

FREDERICTON, N. B.

January 26, 1937.

Department of Indian Affairs,
c/o Mr. Lee MacCutcheon,
Regent Street, City.

Dear Sir:-

As requested by Mr. R. Lee MacCutcheon, I inspected the Heating System at the Oromocto Reserve School, and find the fire pot is cracked in three places. The steel necks which connect the radiator to the front casting have rusted through in several places, these have holes in them as big as a twenty-five cent piece. I consider this very dangerous if left in this condition, as it is possible for fire to pass through the tubes directly into the hot air leads. This could be temporarily repaired, with sheet iron and cement, making it safe for the balance of the heating season.

Generally speaking, I would not recommend trying to operate this furnace another season. Taking into consideration the general condition of the furnace. I also noted that the furnace has 5 hot air leads coming off, which has equivalent of 250 Sq. in. with 2 - 8" return leads equivalent to 100 Sq. in. This furnace should have at least another 150 Sq. in. of cold air to balance up the hot air capacity.

The cost of making the temporary repairs, of cementing the fire pot and the steel necks would be, thirteen (\$13.00) Dollars.

Yours very truly,

A. J. Gunter

Dear Sir:

I am returning herewith your voucher No. 800 in favour of Albert J. Gunter, covering repairs to the furnace at the Oromocto Indian Day School to the amount of \$13.00, as payment of the account cannot be made in its present form.

W.B. Please state the rate allowed the man and helper who were engaged in the work and give details regarding the item of \$1.00 for travelling expenses.

When you have obtained an amended account from the above firm, please forward it to the Department in order that payment can be made.

Yours truly,

Philip Phelan

Woodstock Reserve, Carleton Co., N.B.

This reserve was visited three times during the month. The School grounds have been cleaned and I have insisted that the Indians keep the reserve in a ship-shape manner as it is right on the main highway and I am glad to report that they are doing a real good job.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir,-

The first of the month I instructed the Janitor of the Oromocto School to scrub the floor and oil it. I took particular pains to show him how to heat the oil and how to apply it, but to my disgust when I returned to see the work, he had put the oil on cold with a broom. The children were slipping all over the floor and the grit and sand and dust was all mixed up with the oil and tramped into the floor.

It was the worst mess I ever saw. Let me assure you, Sir, that the janitor got a severe reprimand, and if he does not do better I am going to get rid of him at the end of this month.

Friday night after school, I took a man and we went to Oromocto. I had the Indians scrub the floor and rescrub it. Then we treated it with Turpentine. I went down again Saturday morning and the floor was sand papered and scraped and treated with hot oil. It will take me some time before this floor will be as I want it. I purchased a gallon of turpentine, a gallon of Hippo oil and will send an account for the man's labour for \$3.00.

Trusting the Department approves of my action,
I remain,

Your obedient Servant,

Trans to Mr. C. J. G. S.

Dear Sir,-

Attention Mr. Phillip Phelan.

Further to our discussion regarding the furnace in the Oromocto Indian Day School, I hereby submit an estimate from A. J. Gunter, plumbing and heating engineer of Fredericton, N. B.

As I pointed out to you on your recent visit, it is necessary the furnace at this school be replaced. I would recommend the purchase of the furnace and installing of the same by Mr. A. J. Gunter with the least possible delay.

Dear Sir:

Q

In the current year's appropriation an amount of \$200.00 was provided for repairs and improvements at the day schools in your Agency. Yesterday I wrote to you regarding the Kingsclear School. Today I am in receipt of Father Ryan's report of the 4th instant regarding the Oromocto School in which he recommends the painting of both the interior and exterior of the school. It is doubtful if we will have funds to do this work but you might let me know the cost of painting both the interior and exterior. A separate estimate should be forwarded as we might be able to do only one. The Inspector also states that some small repairs are required and that the toilets should be whitewashed. These will not involve any heavy expenditure and you may arrange for the necessary work before the schools re-open after the summer holidays.

Yours truly,

Philip Phelan,

Dear Sir,-

*Received &
forwarded to
Mr. MacCutcheon*

At this time, I hesitate to request the Department to expend any monies on anything which we can possibly get along without; however, in the Oromocto Indian Day School, we have a steel ceiling and although the interior of this school was painted in 1934, the paint is peeling and dropping from the ceiling and certainly needs to be done over. This would be a job for a painter with an Indian helper. The ceilings will have to be steel brushed and of course, it will involve an expenditure of more than 50 dollars.

I would ask permission to have a painter (one recommended to me by the correct persons) give me an estimate of this, so that I may submit same to the Department.

Dear Sir;-

Reference your letter dated June 22, File No. 56-3-5 wherein you state that the year's appropriation for repairs and improvements for the Indian Day Schools in this Agency amounts to 200 dollars. I note that Father Ryan recommends that the Oromocto School be painted both on the Interior and exterior. This is quite out of the question with the amount of money we have. The school is in need of paint on the outside. The interior, with the exception of the ceiling is in very good condition, and even the outside of this school does not need painting as badly as the school at Kingsclear, however, I would ask for authority to expend 25 dollars at the Oromocto School for cleaning walls, floors, desks, outhouses, etc. Indians to do the work.

Same as 75

Attached please find an estimate supplied by Austin Smith, white man of Oromocto, recommended to me by the correct persons. I would ask authority to employ Mr. Smith to remove the old paint from the ceiling and repaint it. Material and labour to cost \$30.45. The estimated cost of work to be done in the four schools \$130.45. This will leave a small surplus for making small repairs during the coming year and I feel under the circumstances, that with the painting of the

Deputy Supt General,

Sir

I have just had a visit from the Chief of the Red Bank Indians who and he has requested me on behalf of his band to ask that a school house be erected at Red Bank. I promised to bring the matter to your attention and I take this opportunity of doing so. I am, however, of the opinion that a school house is not very greatly needed by this band. There is an English school within two miles from the reserve and if the Indians were very desirous of educating their children there would be no difficulty in sending them to this school.

The Indian School at Tel Froid where there is a much larger Indian population is not a success owing to the indifference of the Indians. During the last quarter there were only eight pupils enrolled and an average attendance of five. It is a question whether the work done at this school justifies the expenditure for teachers' salary. On the other hand there is good work being done in the schools at Burrit Church and

Big Lake where the Indians appear
to take more interest in the matter
of education.

I am of opinion that a school
at Red Bank would not be a
success. In any case if the Indians
there are desirous of educating
their children I can see no reason
why they should not take advantage
of the white schools in the vicinity.

Yours truly

SCHOOL BRANCH

OTTAWA 15th April, 1897

Sir,

I have to acknowledge the receipt of your letter of the 9th inst: stating that the Chief of the Red Bank Indians has asked for the erection of a schoolhouse on their Reserve, with a view to the establishment of a school there; and in reply I beg to say that the Department agrees with you that these Indians might show their interest in the education of their children by taking advantage of the white school in the neighborhood, which you say they can easily attend.

The Department will be willing to pay for the tuition of any Indian children attending the white school at the rate of 50 cents per month, upon receipt of the usual Return and Requisition certified by you.

I may add that the Estimates are now before Parliament and it would therefore be too late to take any action in the direction suggested by the Chief.

SCHOOLS

Sir

I have been visited by the Chief of the Red Bank band of Indians bearing a request from the members of the band that the Department will erect a school building on their reserve and provide a school for the Indian children.

I pointed out to him that the number of Indian children of school age on the reserve does not exceed a dozen and that there are two white schools in the vicinity of which the Indian children could obtain admission.

This however did not satisfy him and he asked me to forward his request to the Department.

For the reasons above given I think these Indians can do very well without an Indian school.

Sir,

I have to acknowledge the receipt of your letter of the 28th instant stating that the Chief of the Red Bank of Indians has asked to have a school house erected on their reserve and provision made for a teacher's salary; and in reply I beg to say that there are no funds available for the erection of a school house and the Department agrees with you that the Indians could send their children to the white schools in the neighborhood.

You were written to on this subject two years ago and informed that the Department would be willing to pay for the tuition of any Indian children attending a white school at the rate of 50 cents a month on receipt of the usual return and requisition, and you should try and induce the Indians to send their children to either of the white schools referred to.

John P. Tenass, Chief of the Red Bank Indians, who called at the Department to-day, states that his children are not allowed to attend the white school at South Esk any longer as the Trustees decline to receive them unless paid for. In this connection I beg to refer you to previous correspondence on the subject of obtaining educational facilities for the children of this reserve, and particularly to official letters of the 12th and 29th April 1899 in which you informed that the Department would be willing to pay for the tuition of Indian children attending a white school on receipt of the usual return and requisition and you were then asked to try and induce the Indians to send their children to either of the white schools in the neighborhood of their reserve.

The Department would like to know what action you took, if any, in regard to this matter. If the Trustees of the white schools have any claim against the Department for the tuition of Indian pupils, duly certified accounts should be forwarded to the Department for payment.

The Department wishes you to notify the Trustees of

Sir,

In reply to official letter of the 10th instant, I have to report that I have on more than one occasion called on the Indians of Red Bank having children of school age and requested them to send their children to school. There are two white schools in the vicinity at either of which they could have attended. Tenas did send one of his children for some time and informed me that he paid for ~~their~~ tuition himself. I informed him and the others that the Department would pay these bills if they were sent me and asked him to send them but he stated he would not ask for payment, that he was able to pay himself. At that time he was very much dissatisfied because the Dept would not build an Indian school at Red Bank. The next time I visited the reserve I again brought up the subject with him and he then said he would send me the bills for tuition, but he never did so. At that time the both white schools in the vicinity were quite willing to receive Indian pupils and I have never heard that they have since refused to do so. I very much doubt his statement that any pupil has ever been refused but will at once make inquiries. Tenas is still agitating to have an Indian school at Red Bank and I think the object

he has in view is to try to induce the Dept to build one. I may say that I have made a special effort to have these and other Indians not having a school on the reserve send their children to white schools but have met with success only at Indian Island and Nuctouche. I know that the question of payment of tuition fees has not been the cause of their non attendance at Red Bank in the past and if any child has ever been refused admission there to white schools it has only been within the last term.

Sir,

I have to acknowledge the receipt of your letter of the 24th instant enclosing a petition from the Red Bank Indians for the establishment of a school on their reserve.

In reply I beg to say that the census return shows that there are not enough children of school age belonging to this Band to justify the Department in incurring the expenditure for the erection and maintenance of a school on this reserve, more especially in view of the fact that there are two white schools in close proximity to the reserve to which the Indian children could be sent. The Department is of opinion that the Indians should take advantage of these schools and it is willing to pay the required tuition fee for their attendance.

In reply I beg to say that as the Department has gone to the expense of fitting up this building, it claims that it should be allowed to use it until such times as another can be erected, especially as it is paying a liberal rent for it.

The Department would like to know where a suitable site can be purchased for a new building and at what cost. I may add that it would be impossible to do anything towards the erection of a new building this year and the one in use should be retained. Section 11 of the Indian Act of 1906, provides for the use of these buildings for school purposes.

Sir:-

I have the honor to forward a letter from Miss Ena A. Cormier, Teacher, of Red Bank Indian school, which reads for itself. I would recommend that the Dept. consider the payment of Miss Cormier, as it is no fault of hers that she is not teaching and no blame rests with the Dept. The cause of the school not being in operation is for the want of a building to keep school in.

Sir,-

I have to acknowledge the receipt of your letter of the 23rd ultimo in reference to the salary of Miss Ena A. Cormier, teacher of the Red Bank Indian School, for the September quarter last.

In reply I beg to say that a cheque for \$100.00, being the amount of the quarterly salary, is being sent Miss Cormier to her address at Buctouche, N. B.

Unless you can make arrangements for continuing this school until the new school building is ready, you should notify Miss Cormier that her services are not required and that the Department cannot pay her salary after the end of the present month.

REPORT OF REV. J. J. RYAN ON THE SCHOOLS IN HIS INSPECTORATE

RED BAY SCHOOL, -

The attendance at school is fairly good but ~~it would be in the interests of these attending were these not of age excluded from the school as naturally they are a distraction to the pupils.~~ There has been very little progress made in this school since my last visit and the examination of these present showed they took but little interest in their work. Discipline and deportment were poor and the dress of the children in many cases slovenly.

Miss Eva Cermier is the teacher here. Not having taught previously to accepting her present position her method of teaching is not of the best and regret to say that I am of the opinion that it never will improve.

Rev. J. J. Ryan in his annual report on the schools in his inspectorate stated that he did not consider that Miss E. Cermier, teacher of the Red Bank day school, was likely to improve in her teaching methods.

In view of this report, Superintendent Sheridan is being instructed to inform Miss Cermier that her services will not be required after the close of the present quarter.

Kindly advise the Department if you knew another teacher, who could be secured for this school. When forwarding applications, full particulars, regarding age, qualifications, experience etc. should be given.

MEMORANDUM.

The engagement of Miss Ena A. Cormier, teacher of the Red Bank Indian school, New Brunswick, ended on the 30th. of June, last. She had had charge of this school since it was opened on the first of September, 1914.

The late Superintendent of Indian Schools, the Rev. J. J. Ryan, in his last report on this school, which was made in March of this year, stated that Miss Cormier, not having taught previously to accepting her present position, her method of teaching is not of the best, and he regretted to say that he was of the opinion that it would never improve. He also stated that there had been very little progress made in the school since his last visit and the examination of the pupils showed that they took but little interest in their work, and the discipline and deportment were poor and the dress of the children in many cases slovenly.

Owing to the unsatisfactory conditions as stated, by Father Ryan, Mr. Superintendent Sheridan was instructed, in May last, to advise the teacher, Miss Cormier, that her services would not be required after the 30th. of June, next, the end of the school year.

The Rev. F. C. Ryan, the new Superintendent of Indian Schools, was instructed to advise the Department if he knew of another teacher for this school, but up to the present no applications have been received, and it is doubtful if a qualified teacher can be obtained at the salary allowed, viz.- \$400.00 per annum.

In reply I beg to say that you may appoint Miss Isaacs as teacher of this school, provided you are satisfied that her services would be satisfactory. You should inform her that her remaining in the position depends on the success with which she meets in the work. The Department will allow her a salary at the rate of \$400.00 a year, the same as was paid the former teacher. Sir,-

A report has been received from Miss Isaacs, teacher of the Red Bank Indian Day School, in which she states that the school was closed since February 26th on account of a shortage of fuel.

It is considered that an ample supply of coal was furnished for the use of this school and, unless there is great waste or the coal is being stolen, the Department cannot understand why so much coal is consumed at this school.

You will be good enough to purchase a supply sufficient for the needs of the school till the warm weather arrives. You should obtain prices from a number of dealers and purchase the coal from the one quoting the lowest price. In making the purchase you should be guided in all respects by the requirements of the War Purchasing Commission. You will be good enough to give this matter your prompt attention and have the coal supplied to the school at once.

Miss Isaacs states that the Janitor, Chief John Tenass, has resigned and appointed another man, Harry Gondo, who does not perform his work in a satisfactory manner. You will also be good enough to look into this question of the janitor and advise the Department.

The teacher states that the place where the coal is kept was open all winter. Some arrangement should be made to keep the coal under lock and key and the janitor should be responsible to see that there is no waste and that none of the coal is stolen.

Dear Sirs;-

I have just received a petition from the Red Bank Reserve to be forwarded to Ottawa.

I have investigated this trouble which has existed for some time. I find that the Chief's wife is a constant trouble maker, and not well disposed towards the teacher, thus forcing her husband, John Tenass, to assert himself in every possible way, as to have the teacher discharged.

I feel the Dept. should kindly advise the Chief to cease troubling himself about the teacher, and leave same to the proper authorities.

Dear Mr. Mc Lean :-

Re the misunderstanding between teacher & chief of the Red Bank school, I am informed, that this is not the first trouble of this nature that has occurred there.

It seems that the Chief assumes full control & responsibility of both teacher & school. He is the only Chief of the Province that so meddles in, and muddles up, school affairs.

For the sake of peace now, it might be well to let the teacher go, --- But as a guarantee against future disturbances of such a nature, it might be well also to dismiss the Chief as truant officer & care taker of said school.

Yours respectfully,

J. C. Ryan

In reference to previous correspondence in regard to the trouble between the teacher of the Red Bank Indian Day School and the Chief I beg to say that the Department is in receipt of a communication from the Rev. Father Ryan, Inspector of Indian Schools, in which he suggests that, as anguarantee against future disturbances, it might be well to dismiss the Chief as truant officer and caretaker of the this school.

Kindly state whether you think it would be advisable to appoint a new truant officer and caretaker for this school, and, if so, you should give the name of a suitable person to perform the duties.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 8th instant enclosing a petition from a number of the Indians of the Red Bank Band in which they request that the services of Miss Martha Isaacs be retained as teacher of the Indian day school on that reserve.

In reply I beg to say that, in view of the trouble that has occurred between the teacher and the Chief, it was considered that it would be in the best interests of all concerned that a change in teacher be made for this school. However, as the Indians express a desire to retain Miss Isaacs' services the Department will consent to her remaining for a further period. Should further trouble, however, occur after this school re-opens in September, next, a new teacher will have to be secured. Miss Isaacs may, therefore, remain in charge at Red Bank and Miss Taylor is to remain at Eel Ground. You will be good enough to inform these teachers accordingly. Miss Isaacs should understand that, if there are any further complaints, it will be necessary to make a change at the Red Bank School.

Your remarks re. Mr. Ward, the truant officer at Eel Ground, have been noted, and Mr. Superintendent Sheridan is being informed that, as this man has given no service, his salary cannot be paid for the current quarter.

Sir,-

Mr. Inspector Ryan has forwarded a petition from the Indians of the Red Bank Band, in which they request that Miss Martha Isaacs, teacher of the school on that reserve, be retained. They state that the Chief is the only one who wishes a change.

It was considered that, in view of the trouble that had occurred during the past year between Miss Isaacs and the Chief, it would be better to arrange for a transfer. However, as the Indians express a wish to retain her services, the Department will agree to her remaining for a further period on the understanding, however, that should any further trouble occur a change of teachers will have to be made. Inspector Ryan is being informed accordingly.

On May 10th, last, you were requested to state whether you considered that it would be advisable to appoint a new truant officer and caretaker for this school in place of the Chief. If this were done it might avoid trouble that was occasioned in the past. The Department will be pleased to have your views regarding the appointment of another truant officer. The Chief should be made to understand that he is not to interfere with the work of the teacher and that it is expected that he will use his best endeavours to persuade the Indian parents to send their children regularly to school.

Dear Mr. Scott :-

As Miss Mary Allen, now teacher at Red Bank, Ind. day school, must return to Normal school for "TWO WEEKS" , in order to get her "FIRST CLASS SUPERIOR" , as to "PROFESSIONAL" she now holding the scholarship for same, Do you think it would be necessary to secure another teacher for so short a time? The school would be closed from the 8th, of Jan. to Monday the 22nd, or the 29th, of the same month. We cannot get a substitute, yet even could one be obtained, I feel that it would only be a waste of time, since no two teachers have the same methods, therefore, the children would only be mixed up in every way. Yet if the Dept. thinks best, a substitute will have to be found, if possible, or another teacher. As Miss Allen is doing good work, at present, I think it would be better for the Dept. to retain her services.

Wishing you the joys and blessings of the coming season.

Reverend Sir,-

I have been directed to acknowledge the receipt of your letter of the 20th instant, informing the Department that Miss Mary Allen, teacher of the Red Bank Indian Day School, will require two weeks leave of absence in order to attend Normal School to acquire a first class superior certificate. In reply I beg to say that the Department will approve of this leave of absence being granted her for the purpose, from January 8th to 22nd next, or to the 29th, if this extra time is required. Under the circumstances, it will not be necessary to obtain a substitute during Miss Allen's absence, and the School may remain closed. It is expected, however, that Miss Allen will resume duties not later than the 29th of January next. When forwarding her returns for the quarter, she should state the days between which the School was closed, owing to her absence for the purpose of attending Normal School. When this return is received at the end of the March quarter next, we will then be in a position to decide whether we can allow her any salary for the time she was absent or not. We are informing Mr. Agent Hudson, of the authority granted, for the above leave of absence, to Miss Allen.

Dear Sir :-

I am pleased to state that Miss Allen opened her School on the 30th. Your letter of the 26th, of Dec. last gave her until the 29th at Normal School, The heavy storms so delayed trains, that she was kept over another day.

Imagine the Chief living but a few feet from my door writing the Dept. for such information, and the Dept. on the other hand giving cognizance to same. It is just this that gives so much trouble. Emboldened by this recognition of the Dept. the next step, the Chief, will rule the "SCHOOL".

To my mind, how much nicer it would have been for the Dept. to have diplomatically referred the CHIEF to the Insp. of Ind. Schools. Proper relations between all could be maintained, which means better order, government and success. I have always been very careful to send all such correspondence from Chiefs to the Dept. that came through my hands. I believe in giving the CHIEFS their place of recognition among themselves, but an "INCH" beyond that, and every organization of order in the Dept. from the highest to the lowest will feel the encroachment.

Sincerely yours

No place upon back - can be made!

We fear he sold the watch and we are offering a reward for ~~same~~ same and publishing it all over the country . He told me he sold it for .50cents .

Any suggestions on the subject of the above would be gratefully received. This Young family draws "AID MONEY", and for this very boy, Again I fear to let him at school with the other children, --I really do not know what to do with the case.

Ottawa, April 23, 1928.

Sir:

The Department has received a communication from Rev. Father Ryan, in which he states that on several occasions two Indian women of the Reserve visited the Red Bank School and caused a disturbance. He states the names of these women are Mrs. Mary Sylvester Ward and Mrs. Philip Young. Mrs. Ward's last offence in disturbing the school was on the 19th instant. Father Ryan states that the teacher ordered Mrs. Ward to leave the school, but she said that she would stay as long as she wanted, and she kept the school in an uproar for twenty minutes. He states that both these families are receiving relief, and asks that some action be taken to prevent further disturbance on the part of these women, and that the relief granted them be cancelled, pending their future good conduct.

I have to request that on the occasion of your next visit to this Reserve you will enquire into the case of the disturbance at the school, and notify these women that, if there is any further complaint, steps will be taken to have them prosecuted by a magistrate. It is thought that you will be visiting Red Bank in the near future in connection with various matters affecting this Reserve, and you should then deal fully with the complaints above referred to. These two women should be made to understand that they are not to interfere with the teacher, or with the work of the classes in the school.

Rev. Father Ryan further states that the teacher lost her watch, and it was reported that one of the Indian pupils, Raymond Young, a son of one of the women mentioned above, found same. Father Ryan had the constable take this boy before the police magistrate, but the case was dismissed for want of the necessary evidence as to the boy's guilt. You might make enquiry into this matter also.

It would be advisable to consult Father Ryan and the teacher regarding all the above complaints. After your visit, you should report fully to the Department any action taken. We are informing Father Ryan that the matters complained of have been placed in your hands.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

I beg to submit herewith an account of Allen Tozer, of Sunny Corner near Red Bank, for \$8.00. In this account there is a charge of \$3.00 for repairs to the Indian Lockup. This repair was done in 1926, and I remember of asking Mr. Tozer to do it but I cannot find where I informed the Department about it. It was done after an Indian had broken out of the lockup, and had to be done immediately.

The other charge: for driving Indians to Newcastle to give evidence. Was in the case where the teacher of the Indian school lost her watch and an Indian boy was suspected of finding it. This was mentioned in your letter to me dated April 23rd, 1928., File 55-5-1.

Will the Department consider the payment of this account, if so I will attach voucher.

Referring to that portion of your letter of the 30th ultimo relative to the payment of accounts for the transportation of Indians from Red Bank to Newcastle to give evidence in the case of an Indian boy who was charged with the theft of a watch belonging to the teacher of the Red Bank Indian Day School, I beg to say that the Department understands from a private communication that the watch was found, also that the charge against the boy was dismissed for lack of evidence. This Department is not responsible for the payment of the costs in a prosecution under the Criminal Code. Sir:-

I beg to acknowledge receipt of your letter dated June 28th., File 55-5-1 referring to report of Inspector Ryan on the Red Bank Indian Day school, with a suggestion that it might be closed for a few years. In reply I beg to say that I have looked into this matter and I find that there are Eleven children between the ages of 6 and 13 years attending school, and then there are 4 other children aged 4 and 5 years on the reserve, besides quite a number of still younger children.

I cannot see why this school should be closed as the children are all making good progress, they attend regularly and have a very efficient teacher. The school building is in good condition and everything seems to be in order for continuing the school.

In regard to the necessity of sending any more of the children of the Red Bank reserve to the Shubenacadie school I cannot see where it exists, at present.

This is a very small school with now only 11 pupils and two of those are very stolid, while two others are about to leave school. There will be no new pupils to enter. We cannot expect much from this school in higher education.

Mrs. Kehoe is a wonderful teacher for this school. Her years are against her for a large school. She has done wonderful work in domestic science. I think it would be better to keep this school open for another year, then if the pupils get below 9, we could send them to the Red Bank white school.

Re: Teacher - Red Bank Indian Day School

Enclosed are seven, (7) Applications for
employment in Indian Day Schools. None of these applicants
has been interviewed.

One application is from Mrs. Florence Hogan
of Exmoor, N.B., (about 12 miles from the Red Bank School).
It is she who is recommended to you by Father Ryan; reference
your letter 282-1 (E) of August 9, 1949.

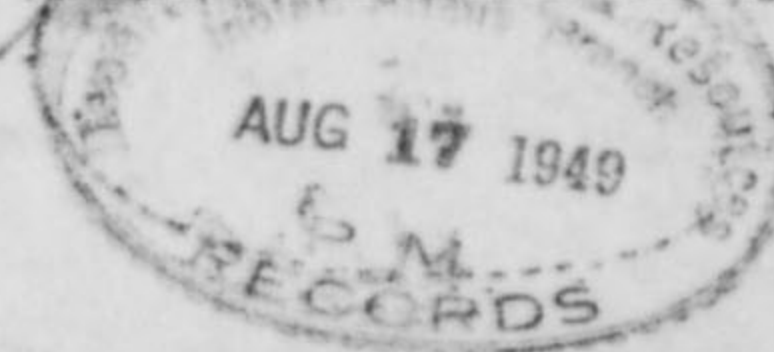

Another of these applicants is Miss Mae E.
Chisholm, who lives in Nova Scotia.

Mr. G. Roy McWilliam, M.P. will support any
one of the New Brunswick applicants.

If Mrs. Hogan's qualifications are satisfactory
to you I would suggest that she be selected.

Mrs. Florence Hogan,
Exmoor, New Brunswick.

Red Bank Indian Day School.

Dear Mrs. Hogan:

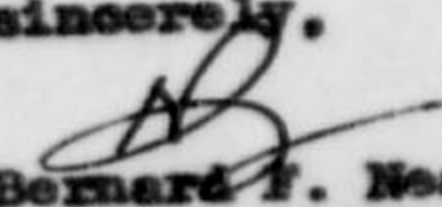

The Department has carefully reviewed the applications which it received for the vacancy at the above Indian Day School. It was decided that your qualifications and experience were the best of the teachers who applied and your appointment to this position has been confirmed.

I note that you are applying for a First Class certificate and I would appreciate being advised as soon as possible when you receive this document. There is a great difference on our Salary Schedule between Grade III and Grade II teachers. As a Grade III teacher, you are required to hold a First Class certificate.

Please find attached the following documents for completion and return directly to me:

- (a) T.D.1 form
- (b) Employee Questionnaire form

Memorandum:

RED BANK INDIAN DAY SCHOOL

Date of Inspection - September 8, 1949.

Location of School

This school is situated near the small village of Red Bank, N.B. It is a short distance from Newcastle, N.B. A road passes right by the school.

Condition of School

This is an old school but still serviceable for some years. It is well lighted with eight windows, mostly along one wall. It has been recently painted inside and next year Mr. Blakey will requisition for paint for the outside. A new roof has been put on the school and on the whole it is in sound condition.

There is a teacher's residence also but this is at present occupied by an old lady who is janitor. The teacher lives on her farm which is located nearby.

Teacher

Mrs. Florence Hogan who has second-class certificate with 12 years of provincial experience. She is a capable woman and in time should fit well into this position. She is 43 years of age and will probably remain at this school for some years.

Classroom work

I gave these children the usual standardized test and found they did well in spelling and arithmetic but were weak

in silent reading and vocabulary work. As this teacher is new to the work, I spent most of my time in assisting her with her own problems.

Recommendations

1. Order new desks.
2. Paint exterior next year.

Upon receipt of your wire of November 19th, Mrs. Hogan was immediately removed from our payroll. The Chief Treasury Officer has been advised and will no doubt be providing us with the documents necessary for completion by her next of kin in claiming the remainder of her salary and the amount which she paid into the Retirement Fund.

You might also advise concerning the circumstances involved in the death of this teacher.

Have you another teacher available for this vacancy? I attach application forms for completion so that we may determine salaries, etc.

If not, then please let me know as we have a teacher from New Brunswick teaching in Ontario who might consider a transfer back to her home province.

Miss Joan McKenzie who lives near the Red Bank School, is another teacher whose application for this school was forwarded to the Branch this summer. She is employed at present but I have written her regarding the position at the Red Bank School and if she is willing to accept this position commencing after the New Year I think it would be the best arrangement. The Department has approved the appointment of Mrs. Stella Kehoe as substitute teacher at the above school for the period November 19 to December 31, 1949, as indicated in the attached salary letter to Mrs. Kehoe.

We have on file application forms completed by both Miss J. Duncan and Miss J. McKenzie. It is noted that Miss Duncan is nineteen years of age, has a First Class Teaching Certificate and two and a half years' provincial school experience. Mr. W.A. Losier, County Superintendent of Schools, classifies her teaching work as "Good". She would be entitled to classification as a Grade III teacher at a salary of \$1,920.00 an academic year.

Miss Joan McKenzie is seventeen years of age, has a First Class Certificate and one-half year of teaching experience. She, too, would be classified as a Grade III teacher, but as she has less experience, her salary would be \$1,680.00 an academic year. You have mentioned that she lives near the Red Bank School.

We would suggest that you interview both these teacher applicants to determine their personal suitability for this position. Please forward us your comments as soon as possible after this interview has taken place.

This will confirm my telegram advising that we have a teacher in Ontario who might be interested in a transfer to the Red Bank Indian Day School. She is Miss R. Comeau whose home town is Campbellton, N.B. I am sending a copy of this letter to Mr. Bonnah, our Indian Superintendent at St. Regis. Miss Comeau is presently teaching at the Cornwall Island East School.

I will have Mr. Bonnah instruct Miss Comeau to write you at once concerning the details of the Red Bank School. I would suggest that you take up the matter of the teacherage with her or ascertain whether a good boarding house is readily available. This is the first question she will likely raise. Miss Comeau has a First Class Teaching Certificate and taught for two years at Campbellton, one year at Wapske and one year at Midgie. She has been teaching for the past year and a half in the St. Regis Agency.

Dear Sir:

Mr. E. L. Bonnah, the Indian Superintendent of our agency, informed me this morning that no vacancy exists in any of the two room Indian Day Schools in Ont. or N.B. which needs to be filled for the next school term.

I was very much disappointed on receiving this news as I had been made to understand at the time of my transfer from the new Chenail School to the one at Cornwall Island East in order to accomodate the Misses Chisholm that a guarantee had been extended me from your office to the effect that I would be back teaching in a two room Day School after Christmas.

However, such not being the case at present, and as I am most anxious to continue teaching in Indian Schools, I would appreciate any information you may have on hand re any one room schools in Ont., N. B., or Nova Scotia having average enrolments and in need of a teacher for the Jan.- June term.

I should appreciate such information at your earliest convenience. Future correspondence mailed to my home address at 33 Patterson Street, Campbellton, N.B. would be in my hands more quickly.

Dear Miss Comeau:

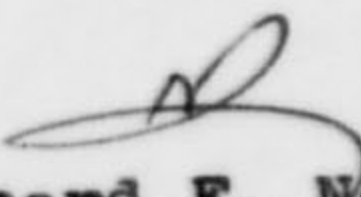

I have for answer your letter of December 13 and I regret that we have been unable to offer you a two-room vacancy. However the teacher we expected to resign did not do so and decided to remain on until the end of June.

As I informed Mr. Bonnah, our only other vacancy is in the Red Bank school near Newcastle, N.B. As Mr. Bonnah has already told you, I would like you to write to Mr. E.J. Blakey, Indian Superintendent, Rogersville, N.B. for details of this school.

The teacher, Mrs. Hogan died about six weeks ago and the former retired teacher has been filling in in the meantime. We have two other teachers after this position and therefore would appreciate your writing as soon as possible to Mr. Blakey.

In the meantime I shall be on the lookout for a vacancy in a two-room school for you.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

CHIEF TREASURY OFFICER

Burnt Church Indian Day School

No. 276

MR - IAE - 276 - 1

Miss Lillianne Robichaud, teacher at the above school, was married on December 6, 1949, and all subsequent salary cheques should be issued in her married name - Mrs. Lillianne Robichaud.

We have been advised by the Indian Superintendent that Mrs. Robichaud is ill and has been ordered to a rest home for an indefinite period. For the period December 16, 1949 to noon May 22, 1950, she has been granted sick leave with pay - ninety-four and one-half teaching days. From noon May 22, 1950 to July 1, 1950, she has been granted leave without pay. Therefore no payment of salary should be made to her subsequent to noon May 22, 1950.

Red Bank Indian Day School - Mrs. Florence Hogan Deceased

By now you will have received a cheque from our Chief Treasury Officer adjusting the salary due to the late Mrs. Hogan.

If it is agreeable, we can request a refund of Retirement Fund contributions to be made payable to the "Estate of Mrs. Florence Hogan". If, however, that is not agreeable to her next of kin, the attached Declaration must be completed, giving full information as required before action can be taken by this office to request a release of the funds.

Madam, -

I have to acknowledge the receipt of your letter of the 22nd instant with reference to your salary as teacher of the Red Bank Day School for the December quarter, last.

In reply I beg to say that the return of attendance for the December quarter has not yet reached the Department. You should make out this return on the proper form and forward it through Mr. Agent Sheridan and upon receipt of the same by the Department a cheque for the amount of salary due will be sent you.

I may say that the return of attendance for the September ^{quarter} has also not been received by the Department. You should prepare a return showing the attendance for this quarter also and forward it through your local Agent. Kindly give this matter your prompt attention, so that any balance of salary due you can be paid.

Madam, -

I have to acknowledge the receipt of your letter of the 11th instant, in which you inform the Department that a cheque for \$100.00 sent you in payment of your salary as teacher of the Red Bank Indian Day School for the March quarter last, has been lost or destroyed and requesting that a duplicate be sent.

In reply I beg to say that before a duplicate cheque can be issued it will be necessary for you to furnish a bond of indemnity for double the amount of the lost cheque. Two sureties are required on your bond. A blank form of the bond required is enclosed herewith which you are to use for this purpose. A form of the bond, filled in in pencil, for your guidance; is also enclosed. It will be necessary for you to have this bond executed in the presence of a Notary Public or a Justice of the Peace.

When the bond of indemnity has been completed by yourself and your two sureties and the declaration of the witnesses completed, you should return the bond to the Department, when, if found correct, a duplicate cheque will then be issued in place of the one which you lost.

Madam.-

I have to acknowledge the receipt of your letter of the 25th instant, regarding your salary cheque for the quarter ending June 30th.

In reply I beg to say that ck. No. 729, for \$100.00 was sent to your address at Red Bank on July 14th, and if you make enquiries from the postmaster at that point you will, no doubt, receive it.

A cheque for the bonus due for the same period amounting to \$45.00 was also sent you addressed to Mr. Superintendent Sheridan on the 14th instant.

I may state that for the present fiscal year the bonus is being paid at the rate of \$15.00 per month for the ten teaching months and that is the rate at which you have been paid for the past quarter.

TO DATE OF THIS LETTER

Sir,—

Would you kindly inform me if it is necessary for me to make out a pay sheet for the teachers salaries, or is the quarterly report all that is needed.

I have had a letter from Miss Allen of RED Bank saying she was disappointed in the amount she received \$60.00 . In view of this I began to think that perhaps it was necessary to have a separate ^{sheet} If this is so, please send me the forms. And if the quarterly report is all that is necessary, would you kindly advise to that effect.

Sir:

In reply to your letter of the 18th instant, I beg to say that the December Quarter salary cheque of Miss Allen, teacher of Red Bank School amounted to \$125.00 and was sent to her at Red Bank, N. B. on Jan. 11th.

The cheque for \$60.00, to which you refer in your letter, covered the amount due her for Bonus for the months of September, October, November and December. As you are no doubt aware teachers in Indian Day Schools are being paid a Bonus during the present fiscal year at the rate of \$15.00 a month for each teaching month.

For your information I may say that it is not necessary for you to make out pay sheets for the teachers as these are typed in the Department. The quarterly return is all that is required.

Russell T. Ferrier,
Supt. of Indian Education.

Ottawa, December 9th, 1924.

Sir:

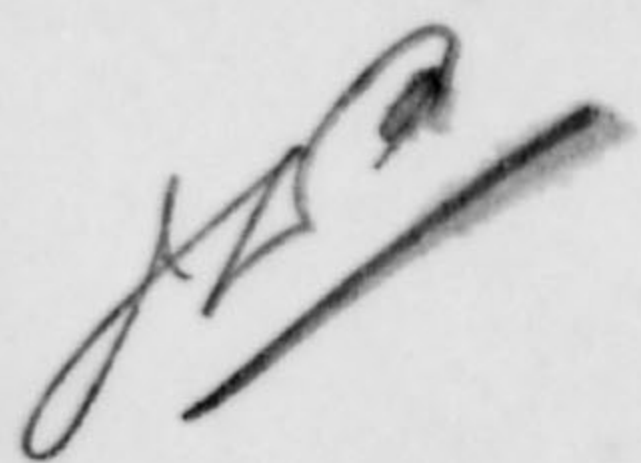

I beg to inform you that, in view of the services being performed by Mrs. Stella M. Kehoe, teacher of the Red Bank Indian Day School, in the teaching of domestic science to the women of the reserve, as well as her success in the classroom, the Department is approving of an increase of \$50 per annum in her salary to date from the 1st of January, next. This will make her salary from that date at the rate of \$550 per annum. She will also be entitled to any bonus provided by law.

We are informing Rev. Father Ryan, Inspector of Indian Schools for the Province of New Brunswick, of the increase in salary allowed Mrs. Kehoe.

Your obedient servant,

Rev. Sir:

I have your letter of the 11th instant, informing the Department that, owing to an outbreak of whooping cough on the Reserve, it was necessary to close the Red Bank Indian Day School.

The Department regrets to learn the necessity of discontinuing the work at this school, and hopes that the whooping cough will run its course in due time and that it will be possible to reopen this school at an early date. We will continue the salary of Mrs. Kehoe, the teacher, during the period the school is closed.

When this school resumes work, I should be pleased to have the date of its reopening and the full period for which it was closed on account of the outbreak of whooping cough.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

MR. [unclear]
Northeastern Division,
Buctouche, April 29, 1914.

Sir;-

I have the honour to report that the Indians of the Red Bank Indian Band through their Chief, are asking for a school on the said Reserve. They state, that there are 14 children that are now ready to go to school and are unable to do so on account of their being no school upon the said reserve and no white school in the immediate proximity.

I have the honour to be,

Sir,

Your obedient servant,

Sir, -

I have to acknowledge the receipt of your letter of the 29th ultimo stating that the Indians of the Red Bank Band are anxious to have a school established on their reserve.

In reply I beg to say that, if you are satisfied that there will be enough children to school age to justify the Department in re-opening the school there, it would be inclined to do so, provided there is a building suitable for the purpose. If the old building is still available I should like to have an estimate of the probable cost of putting it in repair to open the school after the summer holidays and you should also state whether it would be possible to engage the service of a suitable teacher to take charge.

Sir:-

I have the honour to acknowledge your communication of the above number of the Sixth Instant in re. Red Bank Indian school, and in reply I may say, that I am making enquiries as to the possibility of getting a suitable house for a school house. I do not think that the old building is in existence, as my attention has never been called to it at any time I visited the reserve.

I do not consider that there will be any difficulty in obtaining the services of a suitable teacher to take charge of this school, and have now already a person in view.

Just as soon as I can get definite information in regards to the building, I shall communicate with you again upon the matter.

I have the honour to be,

Sir;-

In further reference to your communication of the above number regarding the opening of a school on the Red Bank Indian Reserve, the Chief writes me, in answer to my enquiry, that there are no available building that can be repaired for this purpose. and he is desirous that a new school house be erected. I think however, that I may be able to secure a suitable building and intend visiting the reserve in the course of a few days and will then report more fully upon the matter. I may also say, that the Rev. Father Duffy who is the R.C. clergyman at Red Bank, is desirous of having a school on this reserve.

Sir:-

In further reference to your communication of the above number in re. the establishing of the Red Bank Indian School, I may say, that the small house of Mr. Henry Cloud upon the reserve can be secured at a rental of \$6.00 per month. It will require about \$25.00 to repair the same in addition to small outbuildings which will have to be erected. These repairs must be done at the expense of the Department.

I would suggest in the event of the trial school being opened, that the seats and desks now used at the trial school at Eel River Reserve be transferred to this school at Red Bank, and that new ~~metal~~ desks and seats metal bottom and hardwood tops, be procured for the new school at Eel River. I may also say, that I do not think there will be any difficulty in securing a suitable teacher to take the school.

I have to acknowledge the receipt of your letter of the 20th instant with further reference to the re-establishment of a school at Red Bank and stating that you can secure a small house for the accommodation of the school at a rental of \$6.00 - a month, but that it will require about \$25.00 worth of repairs in addition to some small outbuildings which ought to be erected. In reply I beg to say that ~~provided~~ you are satisfied that you will be able to secure a suitable teacher to take charge of this school, the repairs may be made and the Department will pay the rent specified and you may have the seats and desks now in use in the school at Eel River Reserve transferred to Red Bank.

Madam, -

The late Mr. Superintendent Irving forwarded to the Department a request for authority to expend the sum of \$5.00 in the purchase of Christmas gifts for the pupils of the Red Bank Day School.

You are hereby authorized to expend a sum not exceeding the above amount in the purchase of gifts for the children of this school. You will be good enough to obtain accounts, in duplicate, for the articles purchased by you and certify to the accounts that the goods were received and that the prices are fair and just. You should then forward the accounts to the Department when payment will be made.

FILED

Ottawa, July 26, 1916.

Sir:

I have your letter of the 17th inst. in reference to School building on the Red Bank Reserve. I would ask you to let me know whether you have any definite information as to whether Henry Cloud has taken possession of his house and that it will not be available for school purposes. In the event of the Department deciding to erect a small building, you might state whether you know of any competent person who would undertake to put up a small building by day labor and whether building material is readily available, the Department to supply the material from the funds of the Band. It would hardly appear advisable to prepare an elaborate plan and specification and call for tenders for a building to accommodate an average of ten pupils. The Department will await this information before taking any further action. If the building can be erected for a few hundred dollars the Band should pass a resolution ~~at~~ at a properly constituted meeting authorizing an expenditure from the capital funds for this purpose.

REPORT OF INSPECTOR J.J. RYAN ON THE RED BANK DAY SCHOOL.

[Handwritten signature]

The building used for school purposes is unsuited for the work. It is too small and the children are huddled uncomfortably close together.

The outhouses at the time of my inspection needed repairs.

For playground there is little scope but there is plenty of ground near by.

Regarding school building, - It was extremely cold last winter.

The furniture is in need of a little repair. The seats are unsteady as well as desks and slates slip off and break. A little fixing, - however, - will make them serviceable for a while.

Sir:-

I received your letter and also the one you inclosed from the Dept.

In reference of the school we all agree to take the money from the fund to buy the material to build school house.

We decided that school house should be the size 16 x 20 for it would not do to build it too small for there is a lot of young children that will be able to go to school in a year or so.

I will get one carpenter who will build the school house and will require two more men to help him for we want it built as soon as possible.

I was talking with Mr. Wm. M. Sullivan of Red Bank he said that he will furnish all the material is required all he wants a line from you.

I am forwarding a copy of a letter received from Chief John Tenass with reference to the Red Bank Indian School as in your correspondence of July 26th, 1916 No. 155063-5 which a copy of the same was sent to the Chief John Tenass for the information asked for in that official letter, but his explanation is not very clear, with reference to the matter.

I wrote Henry Cloud on Aug. 1st. to know if he had taken charge of the house in which the Dept. had under rent for School purposes and so far have not received any reply. If there is no building to hold the school the next term, will the Dept. please instruct me what to do in the matter. 99

No. 155061-5-

Ottawa, September 2, 1916.

Sir,-

I beg to acknowledge the receipt of your letter of the 23rd ultimo in reference to the building of a small school for the Red Bank Indians, with letter of Chief John Tenass enclosed, and in reply to inform you that a plan and specification will be prepared for a building of the size stated, which will provide accommodation for fifteen to twenty pupils.

enc
Before consenting to the purchasing of materials or erection of building, a resolution should be passed at a properly constituted meeting authorizing the expenditure from their capital for the purpose.

Quotations of lumber prices should be sent in, with the price of labour, so that the Department may be able to estimate the cost before its being authorized.

Your obedient servant,

J. D. MOLEAN,

Asst. Deputy and Secretary.

Sir,-

The Department wrote you on the 2nd instant in reference to the obtaining of a resolution of the Band at a properly constituted meeting authorizing the erection of a school building for the Red Bank Indians, also, quotations for lumber, etc., and labour. As the plans and specifications are now complete, the resolution of the band and the particulars asked for should be forwarded at once, so that consideration can be given and the value determined before authorizing the work.

As the season is advancing and the building considered necessary, I have to request that you will give this early attention.

Sir,-

I beg to acknowledge the receipt of your letter of the 14th instant with copy of Band's resolution in favour of the erection of a school for the Red Bank reserve, also quoting price of material and labour,,and in reply to inform you that plans and specifications for the building have been prepared and are being sent you herewith in duplicate under separate cover.

As it is the intention of the Band to erect the building by day labour, employing therefor a competent carpenter assisting him with local labour from the band, it will be necessary for you to purchase the materials and have them delivered on the site.

The building is to be erected in a plain and substantial way and care should be taken to see that it is warmly constructed as specified, particularly see that the felt-ing is provided for the walls and floor.

Work should be proceeded with at once and the cost of the building kept as low as possible consistent with satisfactory work.

Sir;-

Your official letter of the 20th. inst. received, re. the Red Bank Reserve school. In reply I beg leave to say, I visited the Reserve on Nov. 1st. inst. and found the school-house under construction, foundation set, building put up, and boarded in, roof shingled and trimmings on ready for clap-boarding. All the work well advanced and every thing in a satisfactory condition.

The building will be completed by the first of January.

It will require 10 new seats & desks as the old ones are of little use. I am waiting for quotations on the same and when in receipt of prices, will forward to the Dept. for approval.

I would have reported upon this work before but was waiting upon the foreman, who stated he was going to send in a pay-list for the month of October, when my report would have accompanied it.

I have the honor to be, ARCHITECT.

Sir;-

Regarding desks and seats for the Red Bank Indian School as stated in my letter of the 3rd inst. I beg leave to say I have obtained size and prices as follows:-

Desk, 2ft. 5in high, 3ft. 3inches long, 16 inches wide, 10 inch back, 30 inch seat, solid hard-wood throughout, stained and varnished, for \$4.00 each.

Two styles of Teacher's desks, \$3.25 and ~~12.50~~.

The school will also require a new stove, as the one in the old school is too small and of little value. A good stove to burn either wood or coal, will cost \$16.00.

Should the Department decide to seat the school, it will be necessary to forward instructions as soon as possible, in order to have the school ready for the January Term.

Sir,-

I beg leave to forward Mr. B. F. Maltby's account for a stove and pipe etc. for the Red Bank school.

Under authority of Dec. 4/16 I only asked for a stove, as I was under the impression the old pipe could be used which was in the old school, but it could not, ~~be used~~, hence the extra expense. I trust this explanation will be satisfactory.

DEPT. OF INDIAN AFFAIRS,
FEB 2 1917
ARCHITECT.

Northeastern Division,
Buctouche, Jan. 27/17

Sir,-

I have the honor to enclose herewith bills for lumber and material used in building the Red Bank Indian school house.

Mr. Allen Tozer's bill for \$26.42 is made up of small items which he paid for, an item of \$10.00 for wood as they required a fire, during the construction of the building, when the weather became cold.

All the lumber was of the very best quality, the lumber of special dimension cost a little high, but the most of the material cost much the same as quoted on the price-list sent the Department, sheathing costing less and shingles more.

I beg leave to state, the school house is a fine building and the Indians are very much pleased with it.

I trust you will find everything satisfactory.

I have the honor to be,
Sir,
Your obedient servant,

John Sheridan

Sir,-

I beg to acknowledge the receipt of your letter dated 23rd ultimo in reference to shed for Red Bank school. Before giving this consideration, it is necessary to decide the position of the proposed shed and to ascertain if water-closets have been provided, or if they are still to be erected. I have, therefore, to request that you will prepare a sketch showing position of the school on the lot, the proposed position of the shed and W. NEW BRUNSWICK.

Northeastern Division,

Buctouche, Aug. 14th. 1917

Sir:-

I have the honor to forward accounts of Allen Tozer, Albert Tozer and John Temass for constructing the belfry on the Red Bank Indian School as in my correspondence of Jan. 10th. 1917 in which I stated that this would be completed in the spring also painting of the main body of the house was laid over until the belfry was built, but I am in hopes to have the painting done at once. I trust this explanation is satisfactory.

Sir:-

I beg leave to call your attention to my correspondence of Feb. 28th. 1917 also March 29th. with reference to a coal shed for the Red Bank School, as there is no place to store wood or coal, I would ask for instructions in this matter.

Kindly allow me to suggest that 500 feet of boards be gotten and a shed built to store wood and coal for the winter, I cannot say just what the cost would be probably \$15.00.

I have the honor to be

Sir

Sir,-

I have to acknowledge the receipt of your letter of the 7th instant in regard to a coal shed for the Red Bank School and suggesting that 500 feet of boards be secured and a shed built to store wood and coal for the winter.

In reply I beg to say that you may purchase 500 feet of boards and have a shed for storing wood and coal built at this school and the cost should not exceed your estimate of \$15.00. You will be good enough to forward vouchers, in duplicate, properly certified, for the expenditure incurred.

Your obedient servant,

Sir:-

I beg leave to forward an account for painting the Red Bank school. In my correspondence of Jan. 10th. 1917 I stated the house was complete except the belfry and painting, but in the spring the outside would be given a dressing of oil and paint which has been done. It was impossible to get the work done before the fall on account of scarcity of laborers, I tried to get the work done by contract but could not do so and painters ask \$4.00 per day and their outfit transferred which would be quite an expense, while the item seems high it is the best I could do under the circumstances.

Sir,-

The Department received your letter of the 3rd January and the account of \$8.19 which you forwarded from Allan Tozer, of Sunny Corner, for work on the Red Bank school-house; and in reply I may say that it is observed that Mr. Tozer charged \$4.00 for a cord of wood ~~which he used~~ to heat the building while at work thereon. It should not have been necessary for him to provide wood as the school was heated during the time that he was making the repairs. Under the circumstances his account has been reduced by \$4.00.

Sir:-

E. X.

With reference to payments made by the Department for work done on the Red Bank School-house, I beg to say that the Department desires an explanation from you as to the business relations between Allen Tozer and Elvin Tozer, in whose favour respectively accounts were submitted and who have endorsed cheques issued. You should say how they arrange payments between themselves and you should also state why Allan Tozer endorsed a cheque drawn in favour of Elvin Tozer, using the name of the payee, and also writing his own name as endorsee, thereby shewing that he received payment of the amount thereof. Apparently it was ~~xxxx~~ immaterial which name was on the cheque referred to, as while it was drawn in favour of Elvin Tozer, it was cashed by Allan Tozer. I have also to point out that the signature of the latter as it appears on cheques is entirely different from his signature on time sheets for labour, which sheets supposedly were signed in his own writing, as fore-man of the work done. This also should be explained.

Your obedient servant

Dear Sir,

Yours received of Aug¹⁴ in
regards to the Cheques and Elias Tozer.

Elias is my son (under age) it
did not make any difference who signed
the cheques, some times I signed them

Sir:-

With reference to your correspondence of July 24th regarding Allan Tozer and Elvin Tozer. I am inclosing a letter from Mr. Tozer which reads for itself.

At the time when the order was given by the Dept. to erect the school house at Red Bank. Mr. Allan Tozer was engaged as foreman of that work, with authority to hire men to do the work and to employ all the Indians who could do work satisfactory, which was done. The Chief John Tenass was to see that material was gotten for the building which he did. There was nothing wrong so far as I know with reference to the Cheques mentioned in the Departmental letter.

I have the honor to be

In reply to your letter of the 17th. I beg leave to say there is a closet at Red Bank School. I am not just certain but I think it is a double house, and as regards the coal shed, there is not a regular building such as was built at Eel River, but it protects the coal and wood from the snow and rain. But I am of the opinion there is some person who is back of this scheme and wants some work.

Mr. Inspector Ryan, in his recent report of inspection of the Red Bank Indian Day School, states that the outhouses require to be cleaned and whitewashed, also that the plaster in the school requires some slight repairs, that the floors and woodwork in the school-room should be thoroughly cleaned and scrubbed and that the grounds around the school building should be cleaned up.

I have to request that you will be good enough to attend to these matters during the present summer vacation. You should arrange to have the outhouses cleaned out and whitewashed. You can, no doubt, obtain the services of some Indian to do this work. The plaster in the school-room should be repaired, the floor and woodwork thoroughly scrubbed and cleaned and the grounds around the school should be cleaned up. All the above work should be done at the lowest possible cost and should be completed during the holidays. Sir:-

When I visited Red Bank on Oct. 19th. I realized that there was much need of a coal and wood shed combined for the Indian School.

I asked Mr. Allan Tezer to give me a specification of the kind of a building that would suit the demand, which I am enclosing. The teacher wanted a book cupboard, the size and cost of same I am enclosing. We could not get a book cupboard from any of the furniture dealers for less than \$25.00. Sir,-

I have to acknowledge the receipt of your letter of the 4th instant furnishing an estimate of the cost of building a combined coal and wood shed at the Red Bank Indian Day School.

In reply I beg to say that the estimate submitted by you, namely,- \$315.00, is considered excessive. It is considered that a building of much cheaper construction would be suitable for the purpose, it not being necessary to use the quality and size of the material mentioned in the quotation of Mr. Allan Tozer. You should endeavour to obtain a price for a much cheaper type of building and one which would meet the demands for which it is required. The Department could not undertake any such expenditure in the erection of a coal and wood shed as that furnished by the estimate which you submitted.

With reference to the cupboard I beg to say that you may arrange with Allan Tozer to build this cupboard for the storing of books, school material, etc. It should be six feet high, three feet wide and fourteen inches in depth, with six shelves, and to be of the same kind of wood as used in the interior of the school. The cupboard should also be completed with door, hinges and lock and the work should be done for the amount not to exceed the estimate submitted by Mr. Tozer, namely,- \$13.00. If he will undertake the work for this amount you may authorize him to do so and, when completed, you should furnish properly certified vouchers, in duplicate, for the amount due.

The teacher informs me that the floor of school is cold. Building should be banked. Although building from ground is all done in matched lumber, yet in places this is broken and the ground has been either washed away or blown away so that cold winds and frost enter under buildings.

There are no double windows for this school. The windows are not tight. The teacher informs me that they suffered greatly from the cold last winter.

Ottawa, January 6, 1921.

Sir,-

Three Indians from the Red Bank Reserve, who visited the Department today, complained of the way the coal supplied for the use of the Red Bank Indian Day School has been taken away. They said that Stanley Doran, the blacksmith, had stated that, on the authority of the Chief, he had removed five bags of coal, which he had not returned. The Chief had no authority to grant permission to anyone to take away coal and you will be good enough to inform him accordingly. You should inform Doran that it is expected that he will return the quantity of coal taken by him at once. The Indians and others should understand that this coal is supplied for the use of the school only and must not be used for other purposes.

In November, last, you submitted an estimate of the cost of erecting a combined coal and wood shed for this school, but, as the price was considered excessive, you were requested to endeavour to obtain a price for a much cheaper type of building. The Indians request that the labour in erecting a combined shed which would serve the purpose be performed by the Indians. It is now too late in the season to do anything this winter, but the erection of this shed should not be lost sight of and you should draw it to the attention of the Department in the spring. It is considered that, if the lumber were supplied, the Indians could perform the labour themselves and the total cost should not exceed \$75.00, as the Department has had similar work done at other schools for this amount. It will be necessary, in the construction of the shed, to provide for separate bins for the coal and wood. The bin for the coal should be floored. You should try and have the necessary arrangements made to have this work undertaken in the spring and should be prepared to furnish an estimate of the material required and the cost of the labour when you bring the matter to the attention of the Department next spring.

There is no well in connection with the school and I shall be pleased if you will submit an estimate of the cost of having a suitable well dug or drilled, including the cost of the pump and other material required.

The Department will be pleased to hear from you in due course regarding the above matters.

OTTAWA, July 14th, 1921.

Sir, -

Reverend Father Ryan in a report on his recent inspection of the Red Bank Indian Day School states as follows: -

"I think this makes the fourth time I have asked for a cupboard to care for school material. It is badly needed. Books in this school are well cared for yet a cupboard is required to lock books up when not in use. The school should have a good washing out, otherwise the school is in good condition interiorly. Out houses require repairs, cleaning, etc., they are in a filthy condition."

Regarding the cupboard, I have to request that you will be good enough to obtain prices from a number of dealers for a suitable cupboard for this school, or, if you consider that it would be more satisfactory to have one built locally, you should obtain prices from several persons competent to do the work and submit them for the consideration of the Department.

You should arrange during the present holidays to have the interior wood work and floor thoroughly scrubbed and cleaned. You should also arrange to have any repairs required to the out houses performed, and also to have them thoroughly cleaned and placed in a sanitary condition.

The above work should be done at the lowest possible cost, and when completed, you should forward properly receipted vouchers, in duplicate, covering the expenditure incurred.

The Department expects that the above matters will be attended to as soon as possible.

Sir, -

I have to acknowledge the receipt of your letter of the 4th instant enclosing prices which you received for the furnishing of a cupboard for the use of the Red Bank Indian Day School.

In reply, I beg to say it is considered that it would be satisfactory to have a cupboard built, and you may arrange with Allen Tozer to build the cupboard at the price quoted by him, viz: \$18.00. This cupboard should contain shelves, drawers and solid panelled door with lock and key.

When the work has been completed, you should furnish properly receipted vouchers, in duplicate, covering the expenditure incurred, which should not exceed the above amount.

Kindly give this matter your early attention in order that this cupboard may be installed in the school before it reopens after the holidays.

Sir,-

Mr. Inspector Ryan in a report on his inspection of the Red Bank Indian Day School states as follows,- "Stove should be repaired. A new bottom part and coal grate purchased, also latch for stove door. An axe and two pounds of soap required. The hardwood floor in school should have two good coats of oil. The interior of school should be well washed. A new lock required for school door. The interior of teacher's house painted. A toilet set for teacher's house purchased. Double windows should be purchased for school. There are none and present windows very open".

I shall be pleased if you will arrange to have the stove repaired. You should obtain a new bottom part and coal grate. You may also purchase an axe and two pounds of soap. Interior woodwork of the class-room should be well washed, the floor should be scrubbed and given two coats of oil. You should have a new lock placed on the school door and you may purchase a cheap toilet set for the teacher's residence. With reference to the double windows for the school I should be pleased if you would furnish an estimate of the cost of having these supplied. We are not prepared to authorize the painting of the interior of the teacher's house.

Both the work and supplies which have been authorized should be completed before the school re-opens for the fall term. No undue expenditure should be incurred and properly certified vouchers in duplicate should be forwarded to cover the cost of the repairs and for the supplies.

OTTAWA, Dec. 5th, 1922.

Sir: -

Mr. Inspector Ryan, in a report on his inspection of the Red Bank Indian Day School, recommends that a large piece of tin about 4 feet high be placed around the stove to protect the children who sit nearby, they being greatly inconvenienced by the heat therefrom. The Inspector states that the teacher is constantly moving the children about to overcome this difficulty, and that little work or order can be expected as a consequence.

I shall be pleased if you will look into this matter, and, if you consider the Inspector's suggestion to be a satisfactory solution of the difficulty experienced by the children, you should arrange for the installation of the tin around the two sides and the back of the stove to a height sufficient for the purpose. Properly certified vouchers should be forwarded covering any expenditure which you may incur for the purpose.

We desire that conditions in the school room be made as comfortable as possible for both the pupils and the teacher, and this matter should receive your early attention.

J. D. McLean,

I am enclosing small bill of
William M. Sullivan's for stovepipe for the
Red Bank Indian School. This pipe was pur-
chased by Father Ryan as he noticed the
stovepipe was worn out and almost ready to
fall, and rather than close the school awaiting
authority to purchase the pipe, he took the
responsibility upon himself and ordered the pipe.

I recommend this bill is O.K. as this
pipe was badly needed.

On my trip to Red Bank I notice that the roof of the school is very much in need of renailing, the shingles are beginning to fall off, on account of the nails being rusted.

The only thing to do, is to have it entirely renailed with Galvanized nails, as soon as possible, before anymore of the shingles falls off.

The expense would be about \$15.00 I would recommend that this be done, as it would save the expense of shingling this roof a little later.

Sir:

I have to acknowledge the receipt of your letter of the 14th instant, regarding the condition of the roof of the Red Bank Indian Day School.

In reply I beg to say that you may arrange to have the shingles re-nailed with galvanized nails. Any new shingles required should be put on, and the roof should be put in a good state of repair. We note that the expense in having the work done will not exceed approximately \$15. When the work has been completed, you should forward properly certified vouchers, in duplicate, covering the cost of the work.

Sir:

Mr. Inspector Ryan, in a report on his inspection in June, last, of the Red Bank Indian Day School, recommends that the walls and ceiling be washed, also that the out houses be thoroughly cleaned and whitewashed. You should arrange to have this work done before the school re-opens.

The Inspector also recommends that the blackboard be repainted. This should also be attended to before the school re-opens.

The Inspector further recommends that 20 yards of a good strong material be supplied to be made into blouses and aprons for the children, under the direction of the teacher. When the school re-opens, you should consult the teacher as to the material that would be suitable, and you may arrange for the purchase of 20 yards. Properly certified vouchers should be forwarded covering the expenditure incurred.

The Inspector states that he is of the opinion that it is necessary to supply a new stove, as the present one is beyond repair. Kindly state whether you consider that a new stove is required, and, if so, you should give the approximate cost of the same.

The above matters should receive your prompt attention.

Kindly state whether the repairs authorized by official letter of May 21st, last, to be made to the roof have been completed.

Sir:

During the recent visit of Mr. Sutherland, of this Department, to the Red Bank Indian Day School, he authorized the teacher to purchase sewing material to the amount of \$10, and to forward the accounts, in duplicate, to you. Upon receipt of these accounts, you will be good enough to certify the same and send them to the Department in order that payment can be made.

A new stove is required, as the one at present in use is broken and in a dangerous condition. You will be good enough to arrange for the purchase and delivery of a stove of the type suitable for the use of the school. If possible, prices should be obtained from a number of dealers, and the purchase made from the one quoting the lowest price. If any new stove pipes are required, you should also arrange for the purchase of same. Properly certified vouchers should be forwarded covering the expenditure incurred.

The coal shed should be painted this fall. The bottom of the door required to be repaired. Please arrange to have the walls and roof of the shed given one coat of paint. No unnecessary expenditure should be incurred for the purpose. No doubt, Rev. Father Ryan could arrange to engage the labour to paint the coal shed, it being necessary for you to purchase the quantity of paint required.

The school building requires to be painted on the outside next summer. You should draw this matter to the attention of the Department early next spring, and at the same time furnish an estimate of the cost of having the work done.

Ottawa, July 14th, 1924.

Sir:

Rev. Father Ryan, in a report on his inspection of the Red Bank Indian Day School, recommends that the interior of the school building be well washed with soap and water, and, when dry, given a good coat of hard varnish. He also requests that the interior of the teacher's house be painted. This building has not been in use for about two years, and, as a new teacher is being engaged who will occupy the house, Father Ryan recommends that the building be placed in good condition. He further requests that the woodshed be painted, and that several of the desks be cut down to provide suitable seating accommodation for the smaller children.

I shall be pleased if you will make the necessary arrangements to have the interior of the school building thoroughly cleaned and given one coat of varnish. You may also arrange to have the interior of the teacher's house painted. Only the work considered necessary by you in this house should be carried out. A brighter colour of paint than that at present on the interior of the building should be used. You should also arrange to have any painting required to the woodshed carried out, and the desks cut down to meet the requirements. It would be well for you to consult Father Ryan regarding the above painting, and it may be possible that he can arrange for the labour required. You, however, should arrange for the purchase of the materials. No unnecessary expenditure should be incurred, and proper vouchers should be forwarded covering the cost of the paint, varnish, etc., supplied and for the labour employed. This work should, if possible, be completed during the present summer holidays, and it should, therefore, receive your early attention.

You may purchase and have delivered 20 yards of gingham of a good quality to be used by the teacher in having the older girls make up aprons and dresses. Properly certified vouchers, in duplicate, should be forwarded covering this expenditure.

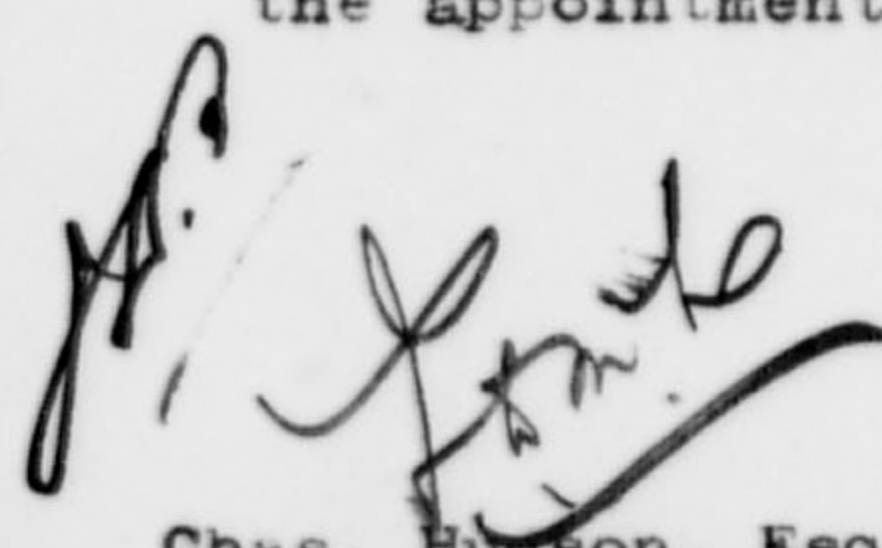

The necessary quantity of khaki which you have received should be supplied this school.

Inspector Ryan states that he has a good teacher in view for this school for next year. You will be advised later when the appointment has been made.

I am sorry to say that I have not any authority for this expence: When I visited the reserve on August 25th. just before the school opened I found that the toilets needed to be cleaned, and also that there was no kindling wood, which was needed as soon as school opened; and I arranged with Ward to do this work, and furnish the wood: I intended to write and explain about it to you as soon as I returned home, but some how it escaped my memory and I never thought about it again until I received his bill. Ottawa, October 9, 1925.

Memorandum

Mr. McLean:

On 23rd September last I visited and inspected the school buildings on the Red Bank Indian Reserve.

It will be necessary next summer to carry out the following repairs, namely:

Re-shingle the east side of the roof using creosote stained shingles and also creosote the west side of the roof over old shingles. The exterior walls require painting with two ~~coats~~ of good paint.

There is a small residence provided for the teacher. This building also requires to be painted with two ~~coats~~ coats of paint on the outside. We have very fine buildings on this reserve and when painted, they will be a credit to the Department.

The interior of the school building is sheeted with pine sheeting and has hard wood floor. The desks were in good condition and the classroom presented a very attractive appearance.

Our Agent could arrange next spring for the labour in painting the buildings and also for the purchase of the paint, oil, etc., required. I am unable to give an estimate of what this work would cost, but strongly recommend that it be carried out next summer. While at the school I was accompanied by Mr. Agent Hudson and Rev. Father Ryan. I authorized the Agent to have a small table installed in the classroom for the cutting of garments and also to buy a small quantity of sewing material and slates. He will forward account for this expenditure in the usual manner.

Ottawa, June 7th, 1926.

Sir:

During the present summer it may be necessary to carry out certain repairs and painting to the buildings in connection with the Red Bank Indian Day School. The roof on the east side of the school building requires reshingling, using creosote stain shingles. The shingles on the west side of the roof should be renailed where required, and the old shingles creosoted over. The exterior walls of the building, windows and doors require to be painted with two coats of good paint. The teacher's residence also requires painting on the outside with two coats of paint.

Please state whether you can arrange to have the above work carried out during the coming summer holidays, all work to be done by day labour, under the charge of a competent foreman, you to purchase the shingles, paints, oils, etc., required, after obtaining competitive prices, and keep proper time sheets of the labour employed. I have to request that you will, at your earliest convenience, give the information asked for regarding the carrying out of this work, stating approximately the amount of work you would recommend be done. When your reply is received, consideration will be given to authorizing you to purchase the materials and have the work completed.

The Department understands that the building used as a jail and which is located on the school grounds requires repainting with two coats of paint on the outside. You might furnish a separate estimate of the cost of having this work done. There are no funds specially provided but, when your estimate as to the cost is received, consideration will be given to having the work performed at the same time as the other work is being carried out at the school and teacher's residence.

It would, no doubt, be advisable for you to consult Rev. Father Ryan regarding the work required at Red Bank.

Your obedient servant,

Sir,—

In reply to your letter of June 7th, referring to work that should be done at the Red Bank Indian Reserve, I beg to say that I have had a reliable painter go over the job with me, and I am now able to give you an estimate of the expence of the work nescessary to paint and repair those buildings.

The roof of the school need not be shingled, it only needs a few shingles to replace a few that are split, but one side needs to be renailed. The roof of the woodshed should also have two coats of creosote shingle stain.

The amount nescessary to cover the expence of this work, will be about \$250.00. *all the work mentioned in your letter of June 7th.*

I can have the work done to those buildings any time after the school closes.

Your obedient servant

Sir,-

I have your letter of the 27th ultimo, giving an estimate of the cost of the painting and repairs required to the buildings in connection with the Red Bank Indian Day School.

In reply I beg to say that it is regretted that there are no funds available to provide for the expenditure required in having this work done during the present year. The painting of this school will have to remain over until next year. You should draw the matter to the attention of the Department next Spring.

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Red Bank Indian Day School, has again drawn attention to the need of carrying out certain repairs and painting to the buildings in connection with this school. He states that the roof of the school building should be shingled and the exterior painted, and the teacher's residence painted on the outside with 2 coats of paint. In this connection I would refer you to official letter of June 7th, 1927. 1926

I shall be pleased if you will state whether you could arrange to have the above work carried out during the present holidays; all work to be done by day labour under the charge of a competent foreman, you to purchase the shingles, paints, oils, etc., required after obtaining competitive prices, and keep proper time sheets of the labour employed. It would be advisable for you to consult Rev. Father Ryan regarding the work, and forward an estimate of the cost of same, and also state whether you could arrange for same. This matter should receive your prompt attention.

The Inspector further states that a new stove is required, also the necessary stove pipe. Please report regarding same, stating the cost of supplying the stove and pipe.

In reply to your letter of the 5th, instant. File 55-5-5 I beg to say that I have been to Red Bank and looked over the school and teachers residence, and would recommend that the following work be done if possible.

The school be given two coats of good paint, on the exterior. The Teachers residence be given two coats of good paint, on the exterior only. And the toilets also should be cleaned and painted.

I don't think it will be necessary to shingle the roof of the school. But it will be necessary to replace a few of the shingles.

It won't be necessary to replace the stove, as with a small amount of repair, it will do for another year.

The cost of the above work will not be more than \$200.00 But cannot be done for much less. I can have it done during the summer holidays.

Sir:

I have your letter of the 17th instant, giving an estimate of the cost of the painting required to the school and teacher's residence on the Red Bank Indian Reserve.

In reply I beg to say that the Department will approve of this work being carried out. The exterior of the school building should be given two coats of good paint, and any shingles required replaced. The exterior of the teacher's residence should also be given two coats of paint and the toilets should be thoroughly cleaned and painted. We note that you estimate the cost of all the above work to be approximately \$200, and the cost should be kept within that figure if possible. You should arrange for the purchase of all material, obtaining competitive prices, if possible, and you should also arrange for the labour in having the work carried out. As. Rev. Father Ryan is interested in this school, it might be well to consult him as to the colours, etc., of the paint to be used. Please give the matter of the painting of these buildings your early attention and arrange to have the work completed before the school reopens after the present summer holidays.

Proper time sheets, in duplicate, should be kept of the labour employed. These should be signed by the men and certified by yourself and forwarded to the Department. You should also forward properly certified vouchers, in duplicate, covering the cost of the materials, such as paint, etc., supplied.

It is noted that it will not be necessary to replace the stove. You may have any small repairs required carried out in order to make this stove serviceable for another year. An account covering the cost of the repairs should be forwarded in the usual manner.

Sir:

Rev. Father Ryan, Inspector of Indian Schools for the Province of New Brunswick, in a report on his recent inspection of the Red Bank Indian Day School, states that a few desks require repairs. He also recommends that the interior woodwork of the schoolroom be well washed and the floor thoroughly scrubbed and oiled.

I have to request that you will arrange to have the classroom thoroughly cleaned and the floor scrubbed and oiled, and the desks repaired before the school re-opens after the coming summer holidays.

The Inspector states that the stove which was purchased last year is cracked across the top, but considers it will be satisfactory for another year. He also states that some new stovepipe is required, and you may arrange for the purchase of same.

Accounts, in duplicate, properly certified, should be forwarded covering the above authorized expenditure.

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Red Bank Indian Day School, requests that the interior of the school building be thoroughly cleaned and varnished. He states that the walls are badly stained with smoke and that it is necessary that they be carefully washed. He recommends that an Indian woman, Mrs. Whatt, be given this work as she is competent, and states that she will perform same for the sum of \$8. You may arrange with this Indian woman to do the cleaning required in the school building.

The Inspector also states that the out houses should be thoroughly cleaned and given a coat of whitewash, and you may arrange to have this work done.

The Inspector further states that the stove pipe is badly in need of repair - the joint that goes on the stove is too large and causes a lot of trouble - and that about seven new joints are required and the stove also needs certain repairs. You will be good enough to have any new stove pipes required installed and the stove repaired.

Sir:

Rev. Father Ryan, in a report on his recent inspection of the Red Bank Indian Day School, states that some window blinds are required for this school, also a sand table. You may arrange for the purchase and installation of the window blinds where required at this school. You may also arrange to have an inexpensive sand table built locally and placed where required by the teacher. No unnecessary expense should be incurred in the purchase of the window blinds and in the building of a sand table.

The Inspector also states that the steps to the school should be repaired, and you should arrange to have this work carried out.

He further recommends that the interior of the school be well washed - woodwork, ceiling and floors - and that, after the floor is thoroughly dry, it should receive a good coat of hot oil. You should arrange to have this work carried out.

All this work should be completed before the school reopens after the present summer holidays, and accounts, in duplicate, properly certified, covering the cost should be forwarded.

The Inspector has recommended that two small blackboards be supplied. I have to request that you will give the dimensions - length and width - of the blackboards needed, also state whether it is necessary to have chalk trough and moulding for same.

Sir:

I have your letter of the 17th instant, recommending that a new stove be purchased for the Red Bank Indian Day School, as the one now in use is in a dangerous condition.

In reply I have to say that the Department will approve of you arranging for the purchase of a stove of a type that would be satisfactory to heat the school. The purchase should be made from a firm on the list to receive consideration, in accordance with departmental instructions. You may also arrange for the purchase of the new stove pipe required. It is noted you estimate the total cost to be approximately \$40. After the stove and pipe have been delivered, you should arrange to have same set up in the school. You may also purchase and supply one broom, one water pail and a few pounds of soap.

After the above purchases have been made, please forward an account, in duplicate, properly certified, covering the expenditure incurred.

Sir:-

I beg to acknowledge receipt of your letter of the 9th., instnat *F 14-55* with letter from Chief John Augustine of Red Bank referring to employment as janitor, of school. In reply I beg to inform you that Augustine's complaint is in connection with the work authorized in your letter of June 28th. File 55-5-5., which is cleaning the school building, oiling the floor, and doing a few minor repairs. I did not consider that the Indians could do this work satisfactorily which was the reason for giving the job to Mrs. Ramsay. This woman has a son that can do the repair work and oil the floors, and she herself does the washing and cleaning work. This woman has done the work on previous occasions in a very satisfactory manner and I thought that in order to have it done right it would be safe to have her do it this time.

I always keep in mind, that any work that an Indian can do he should be given the preference.

If you consider that this work should be given to an Indian I would be pleased to make the arrangement, but in this case I do not feel that the Indians could do it satisfactorily.

"The interior of the school house should be well washed and after it has dried for some days - varnished. The whole interior of this school is finished in Douglas fir. It was varnished some eight years ago. It is only a small school and would not take much. The ten desks could also be varnished, and the floor oiled, after being well washed.

The Red Bank Indian school also needs to be painted and some minor repairs made. The teachers residence which is a small separate building should have a coat of paint also. The expence for this work, material and labour will be about \$250.00.

With regard to the Indian Island day school, I would sooner wait until Mr. Phalen views the situation, as the building there is very small and probably the Department would build a new one. The building there is rented from an Indian.

I would recommend that whatever work is to be done on those school buildings, should be commenced as soon as possible after the schools close for summer vacation.

School
Dear Sir:-

With reference to the heating of the Red Bank Indian Day school, it has been done with a coal heater in previous years. The heater now has to be renewed before the weather gets cold, and I was thinking that it will be less expensive if a wood burning stove was installed instead of coal. This school is located in a district where there is abundance of good wood available and I don't see why a considerable expense could not be saved by using wood instead of coal. In the first place a wood-burning stove will only cost about half as much as a coal stove, and I know the wood will cost less.

Comm. June 24/38
If you have already arranged for the purchase of the coal it will be inconvenient to change your plans, but if not, I would recommend that wood would be used in future instead of coal for this school. Please let me know what you consider would be best in this case.

Dear Sir:-

In reply to your letter of July 20th. File 55-5-5 referring to the purchase of a new stove for the Red Bank Indian Day School, I beg to inform you that the type most suitable for the above school building would be what is named a wood burning Cabinet Heater: This heater is so constructed as to cause a circulation of the air and heat through the entire room at an even temperature, and so does not make it uncomfortable for those who sit near it in school. A very substantial one can be purchased locally for \$26.00.

I am sure a saving can be made by placing a wood burning heater in this school instead of one that burns coal.

the roofs of the buildings at the Red Bank School.

Are we to understand that the two firms
you mention have quoted exactly the same price for

by Indians and can we depend that the total cost of
the labour will not exceed \$297.50?

Re: Repairs to Indian Day School and Teachery,
Red Bank Reserve, North'd County, N. B.

In reply to your letter of the 23rd instant, file number 55-5-5 (E.1) regarding the renewing of the roofs of the above mentioned buildings. I wish to say that the two firms mentioned did not quote exactly the same prices but the difference is negligible. In both instances quotations are subject to change to prevailing prices on date of delivery and are not F.O.B. school. Delivery of these materials would be made to the school by agency truck. Indian labour will be employed but I know of no Indian on the reserve, capable of taking charge of this work.

The sum of \$297.50 is a careful estimate of the cost of labour to complete this work but I can not guarantee that this amount will not be exceeded.

In our letters of April 23rd and April 26th instant, further authority was requested for repairs to school buildings at Burnt Church and Big Cove Reserves. If all of this work can not be authorized this year, I respectfully suggest that the Burnt Church buildings be given priority.

Inspector J.E. Morris, visiting this Agency, yesterday's date, was shown the condition of the roofs of the above mentioned buildings and his instructions were that another request be made for authority to make the repairs needed as requested in our letter of April 19th, 1948, File Number 1-R.B. Re: Estimates 1949-50,
Red Bank Indian Day School.

In connection with the Red Bank Indian Day School and Teachery. I wish to point out that since the 1949-50 estimates have been submitted, authority has been received to renew the roofs of the school buildings mentioned this year and the work is now in hand. Therefore, the amount in the sum of \$525.00 included in our estimates 1949-50 for this work will not be needed. However, as these school buildings are without foundation, it is felt that this work should be undertaken next year in order to prevent deterioration and that \$1,500.00 should be included in our estimates 1949-50 for this purpose.

Memorandum:

RED BANK INDIAN DAY SCHOOL

Date of Inspection - September 8, 1949.

Location of School

This school is situated near the small village of Red Bank, N.B. It is a short distance from Newcastle, N.B. A road passes right by the school.

Condition of School

This is an old school but still serviceable for some years. It is well lighted with eight windows, mostly along one wall. It has been recently painted inside and next year Mr. Blakey will requisition for paint for the outside. A new roof has been put on the school and on the whole it is in sound condition.

There is a teacher's residence also but this is at present occupied by an old lady who is janitor. The teacher lives on her farm which is located nearby.

Teacher

Mrs. Florence Hogan who has second-class certificate with 12 years of provincial experience. She is a capable woman and in time should fit well into this position. She is 43 years of age and will probably remain at this school for some years.

Classroom work

I gave these children the usual standardized test and found they did well in spelling and arithmetic but were weak

in silent reading and vocabulary work. As this teacher is new to the work, I spent most of my time in assisting her with her own problems.

Recommendations

1. Order new desks.
2. Paint exterior next year.

Mr.

With reference to the Return from the teacher Miss M. J. Rush of the St Mary's Reserve, P.B. School, I beg to report that owing to a case of Small Pox occurring in the family of teacher and her and rest of family in quarantine. Some eight or nine at told and as there is no promising when family will be released from their present state. It is uncertain when her return will be available for Department. The patient in family is Miss Rush's brother. He returned home from the place where the disease is very prevalent on Tuesday night the 3rd inst. Miss Rush taught the School on the following day. Due on learning of the case I ordered the School to be closed on the 5th inst. and fumigated. So that the School has been closed ever since in all twelve teaching days. I am pleased to further state that the danger of Contagion is over, and that all of Indians are free from the disease and anxiety in connection therewith.

The Barefoot Boy. (Illustrated)

Blessings on thee, little man
Barefoot boy, with cheek of tan

O, for boyhood's painless play
Sleep that wakes in laughing day,
Health that mocks the doctor's
rules.

Knowledge never learned of
schools,

Of the wild bees morning
chase,

Of the wild flowers time and
place,

Flight of fowl and habitude
Of the tenants of the wood.

How the robin feed her young

How the orioles nest is hung,

Where the whitest lilies blow,

Where the freshest berries grow;

Where the ground-nut trials
its vine,

Where the wood-grapes cluster
shine,

O, for boyhood's time of June

Crowding years in one brief moon,

When all things I heard or saw

Me, their master, waited for.

I was rich in flowers and trees,

Humming birds and honey bee;

Every morn shall lead
thee through

Fresh baptism of the dew

Every evening from
thy feet

Shall the cool wind Kiss
the heat.

Ah! that thou couldst
Know thy joy

Ere it passes, barefoot boy

Cheerily then, my little man

Live and laugh as boyhood
can.

Ah! that thou couldst

Know thy joy

Ere it passes, barefoot boy

Through the day
and through the night.

With thy turned-up pantalcons,

And thy merry whistled tune;

With thy red lip, redder still

Kissed by strawberries on the hill!

With the sunshine on thy face,

Through thy torn brim's jaunty grace

From my heart I give thee joy

How the robin feed
her young.

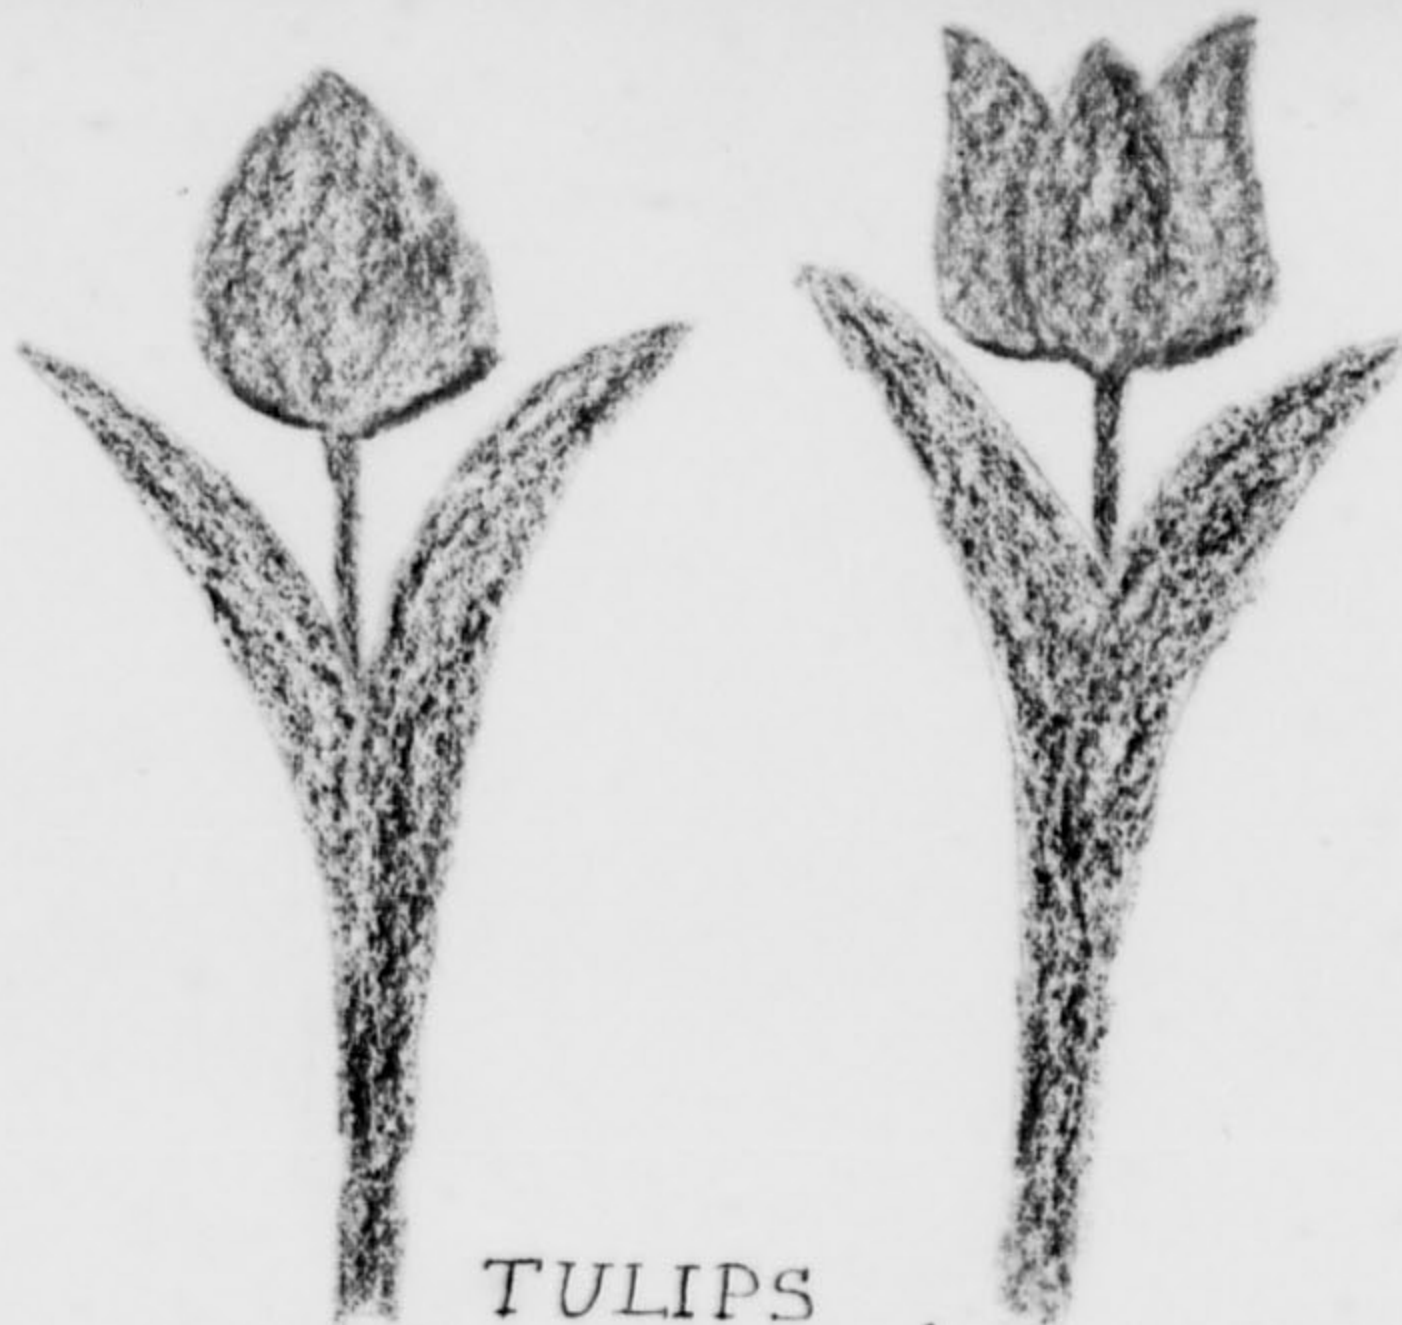

Oh for festal dainties spread,
Like my bowl of milk and bread,
Pewter spoon and bowl of wood,
On the door stone, gray and rude.

Ex'd

Rev. Sir,

The Department is in receipt of your report on the St. Mary's Indian School and is very pleased indeed to learn of the continued good work being done by the teacher at this point.

In view of the length of Miss Rush's services and the success that she has met with in her work the Department has decided to ~~grant~~ her an increase of \$50.00 from October 1st, last, making her salary \$350.00 per annum.

It is noted that you state that Miss Rush is prepared to take up the teaching of sewing if provided with materials. The Department will be very glad to make this provision and I have to ask you to be good enough to consult with Miss Rush and purchase for her a limited quantity of flannelette and the necessary needles, thread, scissors, etc. This flannelette should be used to make articles of underwear for the children ^{which} ~~and~~ should be given to the most deserving pupils. The accounts for these articles in duplicate should be forwarded to the ^{Department} ~~the~~ when payment will be made.

You will be good enough also to have the out-buildings attended to and any expense incurred will be paid for by the Department upon receipt of duplicate accounts.

The Department would be glad to have a fuller

Any irregular attendance here is seldom caused by dislike for school. The children when here attend school well. Our Reserve is situated near the City and in a very public place and there are many things that attract the children's attention and lead them off and they forget about school for the time. I would suggest having suitable play grounds fenced in, where the children could have their own amusements. Also having prizes offered every year, something worth working for.

Madam,

Referring to your report on the St. Mary's Indian school for the current year I beg to say that your remarks in regard to the irregular attendance have been noted.

The question of providing play grounds for this school was taken up with Rev. J. J. Ryan, Superintendent of Indian Schools, and the Department regrets that, at present, no suitable arrangements can be made.

Your suggestion that prizes be offered every year is noted. The Department would be glad to know the nature of the prizes you think ~~ought~~ to be given, the time of year that ~~they~~ should be distributed and the probable cost.

To The Department of Indian Affairs,
Ottawa,

In reply to your letter of
March 10th regarding the giving of
prizes at this school. I think the
best time to give them would be
at the close of the school term in
June and also at Christmas. The
cost would depend on how many
pupils were deserving of prizes.
Very good ones could be given
twice a year for about twenty
dollars (\$20) As the Indian children
here are very fond of sports I would
suggest the giving of such prizes
as skates, footballs etc. or dolls for
the little ones. It would be better

Rev. Sir,

Referring to official letter of the 12th instant I beg to say that it is noted in your report that Miss Rush, teacher of the St. Mary's School, has resigned. The Department would have preferred to have this resignation direct and it should have been the subject of correspondence. While all inspection reports are read and acted upon as promptly as possible, in the mass of correspondence reaching the Department there is bound to be delay which is not so apt to occur with ordinary correspondence.

In regard to the applications the Department is of opinion that it would be well to appoint Mrs. Lily A. M. Canney and an initial salary of \$350.00 per annum will be allowed.

ago
Application was received sometime for the position of teacher of this school from Miss Mary T. Hughes of Fredericton and perhaps either she or Miss Hanebry would be available for the Woodstock School. If you can close an agreement with either of them it *will* be satisfactory to the Department.

Canadian Pacific Railway Company's Telegraph

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending same. To guard against errors the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeated messages, viz:—One per cent. for any distance not exceeding 1,000 miles and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices: if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as Agent of the sender, being authorized to assent to these conditions for the sender. I am forwarding to the Department under separate cover a sample of the work done in our Indian School at St Mary's Reserve by children all under 14 years of age excepting one. I have shown these samples to the Secretary of the Fredericton Schools for the White Children and he thought they were first class.

If the Department thinks them worthy of a few words of commendation, that I might read to the Teacher and Children I think it would please them very much.

Ottawa, March 30, 1920.

MEMORANDUM.

Mr. Scott,-

In the petition hereunder Miss Mary T. Hughes, teacher of the St. Mary's School, N.B., requests an increase in her salary.

*Carleton place
Sarnaby*

Miss Hughes was appointed teacher of this school on August 28th, 1911, at a salary of \$350.00, which was increased to \$400.00 on January 1st, 1914, and further increased to \$450.00 on July 1st, 1917. This is the salary she is now receiving, together with the bonus at the rate of \$150.00 per annum. Miss Hughes states that the salaries paid to the public school teachers in the vicinity doing similar work to herself are now \$900.00 per annum and that they have petitioned for and expect to receive an increase of \$200.00. Miss Hughes requests that her annual salary be increased to \$1000.00.

There is an enrolment of 24 pupils at this school, with an average attendance of 19.

Miss Hughes holds a Second Class Professional License and a special certificate for the teaching of physical culture.

The Inspector states that she has done especially good work since assuming charge of this school and that he does not think that her work could be improved on. She teaches the girls sewing and knitting and lessons are also given in hygiene. She also visits and advises the women on the reserve. The Inspector also states that the school is well managed and that, if we could get the same results in all our schools in New Brunswick, it would be most encouraging.

I would

I would recommend that Miss Hughes be granted an increase of \$100.00 from the first of January, last, as there is no doubt that the present salary paid her is inadequate. She maintains the best average attendance of any of the schools in New Brunswick, and the reports on her work have always been satisfactory. If the above increase is allowed this will give her a salary at the rate of \$550.00, which, with the bonus of \$150.00, will make a total of \$700.00.

I beg to submit the above for your consideration.

Sir,-

This Department has received applications for increases in salaries from several of its teachers in the Indian day schools in the Province of New Brunswick, and I would esteem it a favour if you would kindly furnish me, at your early convenience, with the following information.

(1)- The average salary from all sources paid to female teachers in the rural day schools in the Counties of Carlton, York and Sunbury holding certificates of the First, Second and Third Class, respectively.

(2)- The minimum and maximum salaries paid female teachers having the above grades of licenses in these three counties.

(3)- Also the same information regarding male teachers in these three counties holding licenses of the First, Second and Third Class.

I shall also be pleased if you will send me a copy of the last annual report of your Department.

Thanking you for the trouble taken in forwarding this information.

Your obedient servant

In all graded schools of two departments, other than those scheduled, the minimum salary of the principal shall be six hundred dollars.

Definite action regarding the salaries of first-class teachers in ungraded schools has been deferred pending the receipt of certain necessary data, but in the meantime it is recommended that such teachers in making a new contract shall not accept a lower salary than four hundred dollars per annum from the trustees.

Any suggestions that might be made as to changes in this schedule will be gladly received.

Dear Sir:

Re No. 118345 - 1.

In reply to your letter of the 31st ult.,
I am sending you, under a separate cover, a copy
of the last Annual Education Report of this Province
for the year ended June 30th, 1919. On pp. XV and
A23, you will find such information as we have in
statistical form with regard to the salaries of
teachers in this Province.

I may add that a very considerable increase
has been made in the salaries of teachers generally,
since the 1st of July 1919, which increases of course
are not included in the statistics in the Report.

The Teachers' Association of this Province
is now in session and a new salary scale is being
made up by them, which I understand is to be much
in advance of the rates in force previously.

Yours faithfully,

W. W. Carter

Chief Superintendent.

Madam, -

I have to acknowledge the receipt of the petition which you forwarded asking for an increase in your salary as teacher of the St. Mary's Indian Day School.

In reply I beg to say that the highest salary paid to any of the teachers in the Indian day schools in the province of New Brunswick is \$500.00 per annum. They have also been receiving the bonus at the rate of \$150.00.

The Annual Report of the Chief Superintendent of Education for the Province of New Brunswick for the year ending June 30th, last, shows that the average salary paid female teachers having Second Class Certificates in the County of York was \$403.00 per annum. The Chief Superintendent of Education informs this Department that an increase has been made in the salaries of teachers generally in New Brunswick since that date.

The Department will allow you an increase in your present salary of \$450.00 of \$50.00 from the first of April, last. This will make your salary at the rate of \$500.00 per annum from that date. You will also be entitled to the bonus allowed, should it be continued during the present year. It is considered that the salary you receive will compare favourably with the salaries paid to teachers having your qualifications in the schools in New Brunswick.

Mr. Agent Griffiths is being informed of the above increase in your salary.

Sir,--

The Department has received a request from Miss Mary T. Hughes, teacher of the St. Mary's Indian Day School, for an increase in her salary.

She is being informed that the Department will allow her an increase of \$50.00 per annum, which will make her salary at the rate of \$500.00 per year. This increase is to date from the first of April, last.

The last Annual Report of the Superintendent of Education for the Province of New Brunswick states that the average salary paid to teachers having the qualifications which Miss Hughes possesses in the County of York was \$403.00 per annum. While an increase has been granted in the salaries since that date, it is considered that the salary now allowed Miss Hughes will compare favourably with the salaries paid to teachers of the same class in the common schools of the province.

I may say that Miss Hughes will also be entitled to the bonus, should it be continued during the present fiscal year.

ST. MARY'S INDIAN DAY SCHOOL.

Report of the Superintendent of Indian Education,
arising out of his visit, in November, 1921.

There were 21 in attendance the day I visited the school; the average attendance is 20, with a total enrolment of 25; the discipline is nil; the attendance is O. K.; and the enrolment all that can be desired.

Miss Hughes, the teacher, is receiving a salary of \$500.00, plus bonus: she holds a Second Class Professional Certificate for N. B. In view of her ten years' services in this school, I am taking up the matter of a possible increase for the next fiscal year.

The methods in use in the Primer class in connection with language were only fair, and I took the class and gave Miss Hughes some pointers in connection with initial steps in English. The reading of a Grade 5 group was excellent. In Mental Arithmetic the Senior classes showed excellent training.

Miss Hughes asks for an increase in salary. I find if she is not given same she may leave the school.

The Department is well aware of her ability and her long service in teaching on this reserve. I do feel that in considering the above there will be no hesitation in granting her an increase of salary. Little could be added in suggesting further.

Miss Hughes is very faithful to duty. She is giving the girls a good training in domestic work. Their sewing is wonderful.

I must say that this school is well managed and under good control.

I wish Miss Hughes would resign to make way for a younger teacher. I do feel we could get one of the Rev. Sisters to cross over from the Fredericton Convent and teach in this school, or some good, smart, young teacher. A Rev. Sister would be better. I think the Department has been more than generous to have retained Miss Hughes' services so long. I would be pleased to see her have the school if better work could be done. However, I have waited years for this, but all in vain.

I think the Department should give her a pension and then we could get an up-to-date teacher with modern ideas of teaching. Her day has long passed away.

I have to request that you will inform Miss Hughes that the Department desires that she will see that the children have tooth brush drill every morning, also that they are given cod liver oil and milk each day. It is considered that the carrying out of these services would not unduly interfere with her regular classroom duties. Dear Sirs :-

In making my FALL tour of the Inspection of our Ind. schools along the St. John river this week, I found that Miss Hughes, teacher in the North Devon Ind. school had thrown out our Cerena Readers and introduced the Canadian readers, also introduced the Ontario Grammar, stating it was the desire of the Dept. to do so, and that I gave her orders to change the readers.

Nothing could be more false as far as the readers are concerned, I never, nor would I think of giving such an order, - It may be the same re the Ont. Grammar, perhaps your Dept. did not order such a change. Again she informed me that the Dept. intended to make further changes & in the curriculum of the N.B. Ind. schools.

I might here add that our N.B. Ind. schools are enjoying a prosperity that is not surpassed in any other Prov. in Canada, but if our CURRICULUM which is the same as the White schools of N.B. is allowed to be lacerated and undermined, to suit the whim and fancy of every teacher, - as was the case when I took over these said Ind. schools, - then nothing but "CHAOTIC CONDITIONS" must reign and our present prosperity annulled.

Kindly inform Miss Hughes to follow my directions like all our teachers are doing and have our Cerena Readers replaced in her school, also the N.B. Grammar.

I must say as a teacher she has long outlived her usefulness as a progressive teacher in this school, and should be induced to give way to a younger teacher.

Yours respectfully,

Reverend Sir,-

With reference to your letter of the 5th instant, I beg to say that, on a requisition dated August 11th, the teacher requested a supply of Canadian Readers. These were not ordered and the teacher was informed that the Department desired the Canadian Catholic Corona Readers used in the St. Mary's Indian Day School. A supply of these was recently sent to her. Possibly, they had not reached the school at the time you visited it. However, a letter is being directed to her in connection with the matter.

The Department has recently been engaged in the preparation of a list of new texts which, it is considered, will be more suitable for Indian schools than those previously used. I am enclosing, for your information, one of the tentative lists of these books. During the current academic year, they are being used in many of our schools with a view to determining their usefulness. It is our intention to again review the whole list of books next summer in preparation for the academic year 1933-34. It is understood, of course, that, in the highest grade where pupils are intending to try provincial examinations, the teacher will request the books used in the province in order that the children may not be handicapped.

I trust that you will give the attached list your careful consideration and, if there are any of the books mentioned in it which you would like to see, please let me know and copies will be forwarded to you.

The Department is informed by Rev. F.C. Ryan, Inspector of Indian Schools, that you wish to use the Canadian Readers in the St. Mary's Indian Day School. While a requisition has been received from you for these books, they were not supplied. You were later informed that the Canadian Catholic Corona Readers should be used and an order has been placed for those requested on your requisition of September 12th. Rev. Sir:

I have your report on your recent inspection of the St. Mary's Indian Day School. The Department has noted your remarks regarding the services of Miss Mary T. Hughes, the teacher.

While Miss Hughes has given long service, it is considered that it would be in the interests of the work if a change were made for the school year beginning September 1, 1933. The Department will await the report on your inspection of this school next spring, and, at that time, I shall be pleased to have your opinion as to whether her services should be dispensed with at the end of the current school year, viz., June 30th, next. In view of her lengthy period in Indian school work, the Department would not like to take any immediate action in dispensing with her services.

Dear Sir,

Your communication of the 14th inst. in regard to the use of Readers in the Indian School, has been received and its contents carefully noted.

In reply I wish to state that I think that the Canadian Catholic Corona Readers are better suited to the needs of the children of our school than are the Canadian Readers and that I much prefer their use in our school.

I sent a Requisition for the Canadian Catholic Corona Readers on Sept. 12th, and repeated the order in October and have not yet received a reply. I trust

I really do not consider that this school
has produced the required advanced work for some
years. I would certainly suggest a younger teacher,
who will engender new life in this school.

X X X X X X X X X X

I certainly would suggest that the Department
offer Miss Highes a minor Indian school, say the Oromocto
or Kingsclear School, and then exchange teachers for a
year or two, until we could get a good first class teacher
in this school who would teach same for the present salary
and give us satisfaction. If she will not accept the
change, then we will fill the school by a good first
class teacher, which can now easily be procured for the
same money.

Would the Department look up the number of years that
she has held this school? It must be some 25 years. I
would ask the Department to take this case at once in
hand and care for it. I will forward to the Department
her birth certificate as soon as I have received same.
We must put new life in this school and get more advanced
work. We have gone too long in this way.

Sir:

I have to refer to your report on your inspection, on May 30th, last, of the St. Mary's Indian Day School. Regarding the services of Miss Mary T. Hughes, the teacher, I have to say it is considered, in view of your report, that her services should be dispensed with at the end of the present school year. Miss Hughes was appointed teacher of this school from September first, 1911. It is noted you suggest that a younger teacher be secured - one who would engender new life in this school.

The Department is not prepared to transfer Miss Hughes to either the Oromocto or the Kingsclear School and considers that it would be in the interests of the work to retire her from further teaching services in our schools. If you concur in a change of teacher for the coming academic year, I would request that you inform Miss Hughes that her services will not be required after the end of the present month.

In view of her service, the Department can allow Miss Hughes a gratuity upon retiring, equal to two months' salary. This is the full amount we can provide, under the regulations.

I would request that you give this matter your prompt attention, and, if you decide that Miss Hughes' services should be dispensed with, please give her immediate notice.

In the event of Miss Hughes' retiring, it will be necessary to obtain a qualified teacher to succeed her. The salary allowed would be at the same rate as paid Miss Hughes. I shall be pleased to hear from you at an early date as to whether you have dispensed with her services ~~or not~~, in which event a cheque could be sent her for the two months' retiring allowance.

Rev. F. L. Ryan, Inspector of Indian

I do not know whether this is sent

wish to protest against same. Twenty-two years ago I gave up a school in the town of Grand Falls to enter the employ of the Department, and teach this school which I have since continued to do. I think I can safely say that I have performed my duties faithfully during all that time. It has been a difficult problem: probably more difficult from the school being in the town of Devon and in close vicinity to the City of Fredericton than is the case of the Indian Schools situated farther away from the towns; yet I think the record made by the children from my school will compare favorably with that of any other Indian School in the province. I believe that the children from this school, in passing the High School Entrance, the Normal School Entrance, obtaining a Certificate in the Fredericton Business College, and in winning a Medal for excellence essay writing, etc. have accomplished more than the children from any other Indian

school in this province have succeeded in doing. The records of your Department must show many of these facts.

While I am perfectly able to continue my work in the school, as in the past, it will be very difficult for one, after having been out of the provincial schools for so long a time to now obtain a position at all or in any event as satisfactory a school as that which I gave up to accept the school in the Indian Department. In addition to that, if I had remained teaching in the provincial schools, I would be in line for a pension, when my work of teaching was finished which benefit is now lost to me.

If then this notice has been sent with the authority of the Department, I request that you reconsider the matter and have it withdrawn, and that the great injustice may not be done of depriving me of my work in the school.

Yours very truly

I desire to refer you to official letter of the 19th instant, in connection with dispensing with the services of Miss Mary T. Hughes, teacher of the St. Mary's Indian Day School.

The Department is now in receipt of a letter from Miss Hughes, strongly protesting against her dismissal and pointing out that she has performed very faithful services for some 22 years.

Miss Hughes' letter has received very careful consideration, and, as you will agree, it will likely be impossible for her to secure another school this year. Under these circumstances, the Department is inclined to allow her to remain for one more year and would appreciate receiving your concurrence. In the event of your agreeing, the Department will write Miss Hughes, advising her that she will have to relinquish her duties at the St. Mary's Day School on June 30, 1934.

Sir: -

I beg to inform the Department Miss Mary Hughes, who has taught in the St. Mary's Indian School for a number of years, asked me to read a letter which she received, a copy of which I am enclosing. According to this letter she has been dismissed. Perhaps it is not my affair, but Miss Hughes is one of the best teachers in my agency, or at least I think so, and I think any of the Department officials who have visited this school will agree with me. Her domestic work is a credit to any teacher, and many of her pupils who have completed their education, or the number of years they are supposed to go to school, have compared very favorably with any other Indian or white students.

Perhaps I should not interfere in this matter, but I cannot understand why a teacher like Miss Hughes, who has given such satisfaction, should be dismissed. If I am wrong in interfering in this matter, I apologise to the Department.

Dear Mr. MacKenzie :-

Yours of the 7th, received , and am sorry that Miss Hughes' IDEA of 'faithful service' has not been able to give to this school, in question, more advanced work . It must be remembered, that year after year, I have ever tried to advance this school , - the pupils were certainly bright , only a certain standard could be reached, beyond this, seemed an impregnable line , I clearly made this known to Miss Hughes at each visit, as my reports at Ottawa will verify in the past years . Therefore, it should be the will of Miss Hughes , myself and the Dept. of Ind. education, in justice to the Ind. pupils of the said school, - to give them the services of a 1st, class superior teacher when the salary of such a teacher would not be greater .

On the other hand the dominant attitude that Miss Hughes has assumed towards me in the past, makes it imperative that either one of us should resign .

Respectfully yours ,

H. W. McGill, Esq.,
Deputy Superintendent General of
Indian Affairs,
Department of the Interior,
Ottawa, Ont.

Dear Mr. McGill:

Re Miss Mary T. Hughes,
North Devon.

My attention has just been directed to the fact that Miss Hughes, who has given very faithful and efficient service for twenty-two years, as teacher of the St. Marys, now North Devon, Indian Day School, has received notice, dated June 21, 1933, from the Reverend Father F. C. Ryan, Inspector of Indian Schools for New Brunswick, at Red Bank, Northumberland County, to the effect that it has been considered advisable to engage a first-class teacher for the term beginning September next, and therefore her services would not be required after the 30th of June, 1933. It is intimated to Miss Hughes that the Indian Department will allow her upon retiring a gratuity equal to two months salary.

Now ostensibly the reason given for Miss Hughes' retirement is that the services of a first-class teacher are required. My information is that such is not the case and that Miss Hughes has done excellent work. As a matter of fact, I am advised that in days gone by her pupils have led all the other Indian pupils in the Province in essay contests, domestic science and manual science work, and other spheres of educational activity.

I think it rather rough, that after twenty-two years of faithful service she should be

dismissed peremptorily on a week's notice. If the school were being closed up, if there were any complaint against the efficiency of her service, or if any other good reason were assigned as to why she should be dismissed, one could understand the action of the Inspector, but such being not the case, I do protest against her dismissal, and would request you very earnestly to have the order countermanded, and Miss Hughes retained in the employ of the Department, especially because she has given universal satisfaction over there.

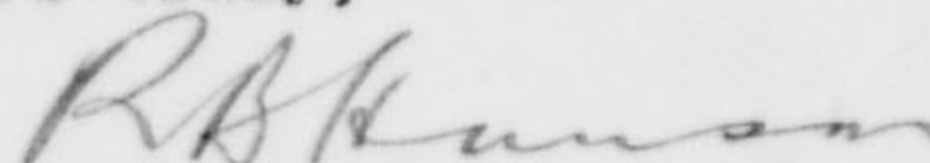

In his letter to her, the Reverend Father states that they are grateful for her 22 years of service and it is an absolute fact that there is no complaint against her.

It is a pretty serious matter to turn a woman of her age out of her employment at the present time. As a matter of fact it is rather a cruel thing.

I have no doubt that if it had been intimated to Miss Hughes that she should have what is known as a first-class license she could easily qualify, and would be prepared to do so. I have therefore to very earnestly request that the order given by the Inspector be countermanded and that Miss Hughes be retained in her position. If it is necessary for her to qualify as a first-class teacher she will do so. The difference between a first and second class license in New Brunswick is not so marked as to make it impossible for her to qualify.

I assure you that there is absolutely no politics behind this request. Miss Hughes has probably never voted for me and probably never will, and there is certainly one occasion on which I am quite sure she did not vote for me, so I am not writing for any personal motive, but really out of a sense of justice to her, and I appeal to you to review the circumstances in the same sense.

Dear Mr. Hanson:

I have your letter of the 14th instant, addressed to Dr. McGill, who is at present in western Canada, regarding the dismissal of Miss Mary T. Hughes from the position as teacher of the St. Mary's Indian Day School at North Devon, N. B.

In connection with this matter, I have to say that the Reverend F. C. Ryan, Inspector of Indian Schools for New Brunswick, during the past two or three years has recommended that a change of teacher be made. I quote from the report on his inspection of this school, dated May 30th, last:-

"I really do not consider that this school has produced the required advanced work for some years. I would certainly suggest a younger teacher, who would engender new life in this school. We must put new life in this school and get more advanced work. We have gone too long in this way."

R. B. Hanson

On receipt of this report, the Department wrote Father Ryan, requesting him to give further consideration to the question of dispensing with Miss Hughes' services. He replied that Miss Hughes is not able to give this school more advanced work, that only a certain standard can be reached and beyond this

it is impossible for her to make progress. The Inspector again went on record as considering that, in the best interests of the work, a change of teacher should be made. Under these circumstances, the Department instructed Father Ryan to notify Miss Hughes that her services would not be required after June 30th, last.

I may add that, in view of her 22 years' service, arrangements are being made to allow her a gratuity equal to two months' salary.

In making this change, the Department is actuated by a desire to improve the efficiency of the work at this point, keeping in mind the fact that a considerable expenditure of public money is involved. It is intended to secure a teacher having first class qualifications.

Dear Mr. Williams:

I have your letter of the 18th inst.
in reply to mine of the 14th inst. addressed to Dr.
McGill and have carefully noted contents.

My information is that the Reverend
Father Ryan has an ulterior motive in making the change
at the Devon school. I understand that he wishes to
install a member of a religious order in place of Miss
Hughes. I may be mistaken in that, but if such is the
intention, I protest.

Miss Hughes is a good Roman Catholic
and is a good teacher, and her dismissal after 22 years
of faithful service is exceedingly harsh. If more ad-
vanced work is required of Miss Hughes, I am satisfied
that she could attain the standard of a First Class
teacher, or I am so assured.

You state that in making the change,
the Department is actuated by a desire to improve the
efficiency of the work at this point. May I enquire

Hughes, teacher of the St. Mary's Indian Day School, North Devon, N. B., I attach hereto, as requested, copies of Mr. Hanson's letter to Dr. McGill of the 14th instant, Mr. Williams' reply of the 18th instant and a further letter from Mr. Hanson of the 21st instant, to which no reply has yet been made.

During the past two or three years, Reverend F. C. Ryan, Inspector of Indian Schools for New Brunswick, following his semi-annual visits of inspection to this school, has reported adversely regarding Miss Hughes' services. A report, dated May 16, 1932, states as follows:-

"I wish Miss Hughes would resign to make way for a younger teacher. I think the Department has been more than generous to have retained Miss Hughes' services so long. I would be pleased to see her have the school if better work could be done. However, I have waited years for this, but all in vain. We should get an up to date teacher with modern ideas of teaching. Her day has long passed away."

Father Ryan was informed that, in view of lengthy service, the Department would continue Miss Hughes' employment during the school year ending June 30th, last - her further retention to depend upon the reports of his inspection during the past school year. He visited and inspected this school on May 30, 1933, and reported as follows: -

"I really do not consider that this school has produced the required advanced work for some years. I would certainly suggest a younger teacher, who will engender new life in this school. We must put new life in this school and get more advanced work. We can fill this school by a good first class teacher, which can easily be procured for the same money."

As stated in Mr. Williams' reply to Mr. Hanson, of the 18th instant, the Department wrote Father Ryan, requesting him to give further consideration to the question of dispensing with Miss Hughes' services.

- His reply

His reply, dated the 11th instant, copy of which is attached hereto, was that Miss Hughes is not able to give this school more advanced work, that only a certain standard can be reached and beyond that it is impossible for her to make progress. He considered that, in the best interests of the work, a change of teacher should be made. He was therefore instructed to notify Miss Hughes that her services would not be required after June 30th, last.

Miss Mary L. Murdoch, R. N., Public Health Nurse, in a report dated September 14, 1932, states that Miss Hughes is not prepared to undertake tooth brush drill or administer Cod Liver Oil to the pupils, nor does she approve of the use of milk in the school.

For the past two years, Corona Readers have been used in all Roman Catholic Indian schools throughout Canada. Father Ryan reported that Miss Hughes had thrown out these readers and introduced the Canadian Readers.

Further, I would draw your attention to paragraph 4 of the report of Dr. W. H. McGill, dated June 16, 1933, to the Honourable the Superintendent General, on his tour of inspection of the Maritime Provinces. One of the schools referred to in Dr. McGill's report is the St. Mary's Indian Day School.

Miss Hughes possesses a second class certificate. Her services are not being dispensed with on the ground that it is intended to install a member of a religious Order in her place but was based entirely on the reports of Father Ryan. It is intended, however, if a new teacher is engaged, to obtain the services of one holding a first class certificate.

There are 34 children on the roll at this school, with an average attendance of 24. The Inspector states that, while Miss Hughes does fair work with the lower grades, she fails with the advanced classes. He further states as follows:

"I feel, since Miss Hughes has had this school for nearly 25 years, she could not complain if the Department, out of interest for the Indian, would bring in a new teacher and new life to both the Indian homes and school. I do feel she has gone beyond that age in which real active work could be expected for our higher grades."

Acting on Father Ryan's adverse reports, the Department considered it necessary, in the interests of the work, to make a change in teacher for the coming school year. Father Ryan has been requested to nominate the services of a teacher having first class qualifications. He has not yet done so and no successor to Miss Hughes has yet been appointed.

No doubt, certain friction has developed between Father Ryan and Miss Hughes. It has been the policy of the Department to rely on reports of inspectors and to base any action taken regarding a change in teacher on such reports.

To the
Department of Indian Education.
Ottawa, Ont,

Dear Sirs:-

I understand that the teacher of the Indian school of the Devon reserve, Miss Hughes is not teaching next term and that it will be necessary to appoint another teacher, and that Miss Constance Murphy is an applicant for that position.

Miss Murphy is a teacher with seven years experience with the mixed grades and is possessed of very pleasing appearance and character above reproach in any way, and should be a very likely person for the position. She also belongs to the parish which is in charge of the Rev, W.M. Donahoe who will have supervision of this band of Indians and incidentally also the school, and I understand that Miss Murphy is his choice, and I would very strongly favour his selection for the position made vacant by the resignation of Miss Hughes.

The Department of Indian Education

Gentlemen.

It has very recently come to my attention that the Indian School of the Devon Reservation has been vacated by the dismissal of Miss Mary T. Hughes from the position of Teacher. I have had no complaint to find with Miss Hughes whose work, so far as I know has been satisfactory.

Since this vacancy is now to be filled I wish to recommend for the position Miss Constance Murphy, a First Class Superior Teacher with Seven Years experience in teaching the public Schools in New Brunswick. I feel that as I have the Spiritual care of the Indian Children of this reservation that I should also have very special weight in recommending the appointment of their Teacher. I claim this as a just right, I therefore request the appointment of Miss Murphy, of Marysville part of the Parish of Saint Anthony's, Devon N.B. as Teacher of the Indian School on the reservation under my Spiritual direction. Miss Murphy is a young woman of excellent character, in

Reverend Sir:

Miss F. Constance Murphy, Marysville N. B., has forwarded an application for the position as teacher of the St. Mary's Indian Day School, Devon, N. B., and enclosed a communication from you to this Department, regarding her character and services.

For your information, I have to say that the matter of an appointment at this school is being referred to the Honourable the Superintendent General of Indian Affairs, who is at present absent in the West, but, upon his return, he will deal with the matter. I may add that Miss Hughes was dismissed upon the report of Rev. F. C. Ryan, Inspector of Indian Schools for New Brunswick. Father Ryan nominates the services of all teachers for the New Brunswick schools, and Miss Murphy is being requested to forward an application to him. I am directed to say that, when the appointment is being made, the application of Miss Murphy will receive consideration.

NORTH DEVON, N. B.
July 26th, 1933.

Sc...
Mr. Harold W. McGill,
Superintendent General of Indian Affairs,
O T T A W A.

Sir:

On July 4th I wrote your Department that I had received from the Reverend F. C. Ryan a notice of dismissal as teacher in the Devon Indian School, and I asked if this was authorized by the Department but I have not yet had a reply.

I was unable to understand this notice after 22 years of service, as my school had always been in good condition, and no complaint had ever been made against me so far as I know. No person had ever suggested to me that anything had been wrong with my work and on one occasion the Department had even presented me with a medal for the excellence of the work done in my school. I hope, therefore, that you will see not only how unexpected, but also how unfair and unjust the dismissal proposed by the Reverend F. C. Ryan would be. I trust that I shall receive word at once that the notice of the Inspector is cancelled.

I have just heard that the Inspector has made unfavorable reports against me as a teacher during the last two years. If so, he never made any representations to me to the effect that my work was not satisfactory, or that my methods should be changed. When I was teaching in schools which were inspected by trained inspectors I was complimented for the excellence of my work.

As I said my school has always been in good condition. I would welcome having my school inspected by any person who knows how to inspect a school; and if I am being dismissed because of the report of Inspector Ryan I would earnestly request that some one who really knows how to inspect a school be sent to do so.

As a matter of fact during two terms during the last two years four of the classes were not examined by the Inspector at all. In the inspections in the Spring of 1931 and 1932 Reverend W. Osborne came to the school with the Inspector and took Grades 1 to 1V out of the class room into a small room adjoining and purported to make an examination of them while Father Ryan examined the remaining pupils in the school room. That is all the examination that these grades received. So the inspector would know nothing about their condition except what he was told; and I know nothing about the kind of inspection which they received, because whatever was done was done behind my back.

For sometime I have felt that for some indirect purpose the present Inspector has been trying to get me in an unfavorable position with the Department and I did everything possible to avoid this. I explained this particularly to your representative Mr. Orr when he was here and he assured me that I need not worry about that; but nevertheless I made sure that the Inspector should not have any reasonable cause of complaint against me.

Kindly let me point out a few of the things that have happened during the last few years in connection with this school.

Previous to 1930 the Reverend Father Ryan had expressed himself as greatly pleased with my work because one of my pupils had succeeded in winning a medal for the best essay written in the Indian Schools, and another pupil had succeeded in successfully passing the Normal School Entrance examinations. After this pupil had passed this examination the Normal School authorities refused to accept her as a student; so she went to the Fredericton Business College and obtained a certificate there.

In 1929 the Inspector urged that pupils be prepared for the High School entrance examination. This was really a very difficult matter, as the course of study in the Indian Schools is not fitted to meet the requirements of entrance to high school, and I had to teach the work of the Provincial Schools in addition to the work required by the course in the Indian Schools. I had one pupil who was prepared in this way. I worked very hard with this pupil. I spent a great many hours with her in addition to the regular school hours in giving her instruction, with the result that I succeeded in getting her to the point where she did successfully pass the examination and she received her certificate.

The Inspector had told me that if I succeeded in having this pupil pass this examination successfully it would make a great name for me with the Department. When she did succeed I wrote the Inspector informing him of the fact, expecting he would be greatly pleased with the result; but he never even acknowledged receipt of the letter. Instead, he did this: He wrote the pupil herself that the Department wanted her to go back to my school and qualify to write the entrance examination for the Normal School. In this letter he wrote the following amazing statements:

"Please remember the standing of your teacher is at stake, as well as any further increase in salary, together with the holding of her school, should she be unable to give you the required training,- so you and your parents can rest assured that the teacher is well qualified to do so, and the very moment she is not she does not hold her school."

It is hard to understand what prompted such a letter. Certainly nothing would be more likely to undermine discipline in an Indian School than such a letter about a teacher.

Nevertheless. I was prepared to undertake the work again, but the pupil refused to co-operate. Perhaps one could not expect anything else. Her sister had prepared for and successfully passed a similar examination, which lead to nothing, because the Normal School would not accept her. However I undertook to teach her Geometry and the other necessary subjects not on the ordinary course and did get her over part of the work successfully as the Inspector found when he visited the school - but she would not go on with the work.

Again in 1932 when the Inspector was in the school I showed him some very excellent domestic science work that the pupils had done. Among this was a sweater which a boy of 12 was knitting. The Inspector looked down at the larger boys and stated in a very loud tone:

"It is the wish of the Department that all the large boys make sweaters and if they do not the teacher should resign."

Again it is hard to know what called for such a remark. No doubt he knew that the large boys would not knit sweaters. When I told one of your representatives what the Inspector had done in the presence of the pupils he

stated that in his opinion it was much better for the boys to study the academic work than spend their time in school knitting sweaters.

Then in the fall of 1932 when certain books for use in the school were forwarded to me by the Department the Inspector ordered me not to use them, but to pack them up and send them back. I refused to do that and said I would have to follow the orders of the Superintendent. The Inspector then called out in a loud voice in the presence of the pupils:

"I am the Superintendent. It is my school and if you use any books except those authorized by me, you will be put out."

Apparently from the letter of the Department to me of October 14th last he must have written the Department after this, that I wished to use the Canadian Readers instead of the books which had been sent me. If so, the statement was simply untrue, for I very much preferred those which the Department had sent me and which he ordered me to pack up and send back. I was thus left in a very difficult position and on October 24th, 1932 I had again to write to inquire from the Department whose orders I was to follow - because I then saw that the action of the Inspector was getting me in a place where I might be subject to censure by the Department.

I trust therefore that you will see that justice is done me as a teacher of long standing and that you will not allow me to be thrust aside in this manner.

Yours respectfully,

Mary T. Hughes.

I have had many applications from teachers for the North Devon School, and find that Miss Florence Constance Murphy has the best recommendations, and is a member of the North Devon Parish.

Miss Kathleen Doyle, had good paper, but - felt - she would not make a successful teacher in an Ins. School, -

There was also an application in from a Miss Blanche Arsenault; she is just out from Normal School and has no experience.

There were a number of 2nd Class Teachers who applied, but we require a First Class Superior.

I offered the school to the Rev. Sisters, who have a convent in Fredericton, I thought one of their Sisters might come over from there and teach, but the Rev. Mother thinks they cannot care for the said school at present.

In making your choice of Miss F.C. Murphy, would you, kindly make it clear in your letter, that she has been your choice; this will greatly help me, yet retain the good will of the Teachers in question, as we may require their service later.

Our Teachers Convention was more than a success, many outside teachers attended. A full report of same will reach you by the end of the month.

You can send your check of \$25.00 directly to the Rev. Mother Superior, St. Vincent's Convent, Cliff St. St. John's, N.B.

Memorandum:

MR. BUSKARD.

I wish to refer to my memorandum to you of the 27th ultimo, regarding the dismissal of Miss Mary T. Hughes, teacher of the St. Mary's Indian Day School, North Devon, N. B. and attaching thereto copies of communications received from Mr. R. B. Hanson, M. P.

Reverend Father Ryan, Inspector of Indian Schools, has forwarded three applications for the position, to succeed Miss Hughes, as follows:-

1. Miss Florence C. Murphy, Marysville, N. B.
First Class Superior License from Provincial Normal School: 2 years and 7 months experience. Her application is approved by the local Parish Priest, Father Donahoe; A. E. Coombes, Mayor of North Devon; and H. C. Titus, Provincial Inspector of Schools, Marysville, N. B.; also by Rev. Father Ryan.
2. Kathleen E. Doyle, South Nelson, N. B.
First Class Superior License: 2 years experience.
3. Blanche L. Arsenault, Newcastle, N. B.
First Class Superior License: no experience.

If it is decided that the dismissal of Miss Mary T. Hughes is to stand, I would recommend Miss Florence C. Murphy. The salary rating at this school is \$75 per teaching month, less 10%.

I would respectfully request that I be advised which of the above applicants or what other teacher should receive the appointment. The school will be re-opening about the first of September, and it is desirable that the matter of a teacher be decided at an early date. I should be pleased, therefore, to have your instructions.

This is to certify that Miss

There were in that school dis-

Memorandum:

The Honourable the Superintendent General.

With reference to memoranda of July 27th and August 10th respecting the proposed retirement of Miss Mary T. Hughes, teacher of St. Mary's Indian Day School, North Devon, N.B., I may say that in accordance with your instructions, the services of Miss Hughes are being retained for the ensuing school year.

In this connection I would respectfully point out that Miss Hughes' services are being retained in the face of repeated and emphatic adverse reports on the part of the School Inspector, Rev. F.C. Ryan. This is a situation that can scarcely result otherwise than in a prejudicial effect upon the administration of our educational branch in this agency. I may say that this case is one with which I am personally familiar. I visited this school and met Miss Hughes during my recent visit to New Brunswick, and from even a cursory inspection I gathered a very unfavourable impression of the school and the teacher. This was before I had occasion to read any of Father Ryan's reports.

I fear the effect of Miss Hughes being able to retain her position in the face of the School Inspector's disapproval will not be conducive to discipline, and any improvement in her work can scarcely be expected under the circumstances. Also, the disregard on the part of the Department of our Inspector's advice is likely to have the effect of discouraging this officer from making frank and constructive recommendations in the future. He is not unlikely to be inclined to the opinion that he has not the confidence of the Department, which is not the case.

The Dept. of Ind. Education:

I have long waited for those papers.
 They just arrived a few moments ago,
 and am rushing them on to the Dept.

- You will see by the said papers that

Mrs. Rey. McElligott, is only a 2nd Class teacher.

Again - she graduated in 1895 & 1896 - some

38 years ago, and in this respect would be little
or no improvement on Miss Hughes. She must

be now some 60, or over - Her age is

against her. Our idea is to place a

good 1st Class teacher, one of experience, and

one some 5 or 6 years out - We want some

"life" infused in this school. - This is the very
reason why we feel Miss Hughes is no longer
required.

Yours respectfully,

J. C. Ryan & Co.

Dear Father Ryan:-

Have filled in answers
to best of my ability, and trust they
will be satisfactory.

I might say that I consider that
my experience in teaching in the
West should be a great help to me
in the teaching of this school, as I
consider my three years association
with Mr. Kidner of great value
also my work in the Coaching School,
which brought me in contact with
so many different kinds of children.

As I feel sure I could handle the school
very successfully, and as I have two
children depending upon me, I trust,
Father, you will decide in my behalf.

Thanking you for your trouble in
guiding me in Application,

Yours respectfully,
Regina McEligott.

I have been informed that Mrs. Regina McElligott is an applicant for the position of teacher of the Indian School at Devon.

I have known Mrs. McElligott for several years. I have known of her great success as a teacher in the Public Schools of the Province of New Brunswick, and it is with pleasure I recommend her for the above named position.

I believe Mrs. McElligott to be competent, conscientious, painstaking, a woman who, if successful in securing this position, would fill it very satisfactorily.

Memorandum:

The Honourable the Superintendent General,-

I beg to refer to your memorandum of the 13th ultimo, mentioning the name of Mrs. Regina McElligott, 515 Brunswick Street, Fredericton, N. B., as teacher of the St. Mary's Indian Day School, North Devon, N. B., (Reserve No. 24) to succeed Miss Mary T. Hughes.

Rev. F. C. Ryan, Inspector of Indian Schools in New Brunswick, states that it would be inadvisable to appoint Mrs. McElligott. She is at least 55 years of age and holds a second class certificate. Father Ryan considers that she would be no improvement over Miss Hughes.

Our Inspector considers that a much younger teacher, holding a first class certificate and who has taught approximately 5 or 6 years, would be the most suitable appointment for this school, in order to improve its present standing.

I just received this application
for the N. Devon Ind. School. Really
I do not know anything about this
teacher - the parish priest recommends
her - I have never met the girl, so
can say nothing. This school may
be hard to fill due to politics - won't
pulling it. I wish my hands were
all - the Dept. took a stand - very
determined last year and they can
only follow it. I was working hard for
the interest - the advancement of the
said school - blind to all others. I am
beginning to feel my hand is in position which
certainly means the down fall of progress in our
Ind. Schools - (over) J.C. Ryan, P.

I have been informed that
Mrs. Regina McElligott has applied for the posi-
tion of teacher of the Indian School at Devon, N.B.
which position is, or is about to be vacant.

For several years this
lady taught with success in the Public Schools
